Graduate Attributes

The University of Adelaide

The University of Adelaide is a research-intensive university that seeks to develop graduates of international distinction by providing high quality education. The University defines the philosophy underpinning its teaching programs through the Graduate Attributes. These describe the qualities, knowledge and capabilities that students are encouraged to take responsibility for developing throughout their studies at the University. The Graduate Attributes are not a list of skills to be mastered; rather, they encapsulate for both students and the wider community the defining characteristics of a student’s university degree program(s), and describe a set of characteristics that are designed to be transferable beyond the particular disciplinary context in which they have been developed. While Graduate Attributes are fostered in the context of the curriculum, they are also developed within the total university experience as they encourage students to reflect on the broader purpose of their university education.

The University of Adelaide Graduate Attributes are:

1. Deep discipline knowledge
2. Critical thinking and problem solving
3. Teamwork and communication skills
4. Career and leadership readiness
5. Intercultural and ethical competency

The Arms of the University

The heraldic description of the Coat of Arms is as follows:

Per pale Or and Argent an Open Book proper edged Gold on a Chief Azure five Mullets, one of eight, two of seven, one of six and one of five points of the second, representing the Constellation of the Southern Cross; and the Motto associated with the Arms is

Sub Cruce Lumen

‘The light (of learning) under the (Southern) Cross’

Student Study Commitment for Coursework Students

To successfully complete courses, students will need to allocate an appropriate time commitment to their study. In addition to the formal contact—the time required for each course (e.g. lectures, tutorials, practicals)—students will need to allocate non-contact time. Non-contact time will be required for a range of activities which may include, but are not limited to, assessment tasks, reading, researching, note-taking, revision, writing, consultation with staff, and informal discussion with other students. While the relative proportion of contact and non-contact time may vary from course to course, as a guide, a full-time student would expect to spend, on average, a total of 48 hours per week on their studies during teaching periods. The workload for undergraduate and postgraduate coursework programs is 24 units per year (full-time).

Such permission may only be granted under special circumstances during provisional candidature.

13 Leave of absence

13.1 Subject to Academic Program Rule 13.2, a candidate whose work is interrupted for a period of time may be granted cumulative leave by the University of up to 12 months. If an application for leave is approved, the minimum and maximum periods specified in Academic Program Rule 6.2 will be adjusted accordingly by adding the length of the approved leave.

13.2 Except in exceptional circumstances, candidates may not take leave:

   a. during the twelve months immediately prior to their candidature expiry date
   or
   b. during an extension of candidature
   or

In such cases, the research project may no longer be current following leave and the University may not be able to secure supervision in an area where currency is compromised. Additionally, the University may not be able to accommodate an amendment to the research project. Under these circumstances, continuation of candidature may not be possible and the only options will be:

   a. withdrawal by the candidate
   or
   b. termination of candidature by the University.

   a. the reason for the suspension has been addressed as specified in the Research Student Handbook
   b. the research undertaken prior to suspension remains current and
   c. appropriate supervision and resources are available to support the re-instated candidature.

16 Termination of candidature
16.1 The University may review the progress of a candidate at any time during the program of candidature and, if the candidate's progress is unsatisfactory, may terminate the candidature.
16.2 The University may terminate the candidature following a 12 month period of suspension for any of the reasons outlined in Academic Program Rule 15 above.
16.3 Candidature may be terminated when the University at its sole discretion reserves the right to decline to appoint a supervisor where to do so would not be appropriate. Without limiting this discretion above the University may consider the following in making a determination: supervisory eligibility and capacity, the quality of the research project and compliance with the responsibilities of research candidates as detailed in the Research Student Handbook.

16.4 A terminated candidature may only be reinstated following a successful appeal.

17 Extension of candidature
Irrespective of full-time or half-time status, a candidate may be granted by the University one extension of candidature only of 6 months beyond the maximum period specified in Academic Program Rule 6.2. If the thesis has not been submitted by the end of the extended period, the candidature will lapse.

18 Completion of thesis outside the University
A candidate who has completed the equivalent of 1 year of full-time work under the control of the University, who has completed the experimental work (where appropriate) and whose progress is sufficiently well advanced to permit the satisfactory completion of the thesis outside the University, may be granted permission by the University to complete the writing-up of the thesis outside the University. If such permission is granted the candidate will be allowed either 12 months or until the end of candidature, whichever is the lesser, to submit the thesis. If the thesis has not been submitted by the end of the writing-up period the candidature will lapse.

19 Lapsed candidature
19.1 Candidature shall be deemed to have lapsed on the candidature expiry date where the candidate has not submitted for examination the thesis required under Academic Program Rule 7.1.
19.2 A candidature, which has lapsed for not more than 12 months, may be resumed if the completed thesis, which has not departed from the field of study that was being pursued before the candidature lapsed, is subsequently submitted to the Director of the Adelaide Graduate Centre. The thesis will only be accepted for examination if the School / Discipline certifies that it is satisfactory to that School / Discipline.
19.3 Approval of the University is required for the resumption of a lapsed candidature under any other conditions.

Approved thesis formats are detailed in the University's Specifications for Thesis. Candidates should consult their supervisor(s) before selecting an appropriate format.

21.3 The candidate's School must notify the Adelaide Graduate Centre at the time of thesis submission whether the thesis submitted comprises 100% or 67% of the assessable content of the degree.

21.4 The Head of School / Discipline shall certify that the thesis is worthy of examination.

21.5 Examiners of the Master of Philosophy thesis will assess whether the candidate has demonstrated:
   a. a thorough understanding of the relevant methodology as shown by a critical and detailed review of the literature
   b. competence through judicious selection and application of appropriate methods to yield meaningful results and
   c. the capacity to critically evaluate these results and present a clear and well written thesis in accordance with the stated objectives of the Master of Philosophy degree (see Academic Program Rule 2).

22 Appointment of examiners

22.1 Candidates shall have the right, prior to the commencement of the examination process, to identify people they do not wish to examine their thesis. Any such objections should be submitted to the Director of the Adelaide Graduate Centre, at the same time as the notification of intention to submit required under Academic Program Rule 20. Such objections do not serve as a veto.

22.2 Taking account of any objections raised under Academic Program Rule 22.1 and the recommendations of the Head of the relevant School / Discipline, assessment of the thesis shall in every case be by no fewer than two examiners appointed by the University of whom:
   a. at least one shall be external to the University

   2. the candidate be awarded the degree of Master of Philosophy subject to the amendments specified in the examiners’ reports or
   3. the candidate be not awarded the degree of Master of Philosophy but be permitted to re-submit the thesis for re-examination in revised form or
   4. the candidate be not awarded the degree of Master of Philosophy.

23.2 Where the University determines that the candidate be awarded the degree of Master of Philosophy, the University shall also determine an overall grade.

23.3 In the case of a thesis presented for re-examination as provided for in Academic Program Rule 23.1(3), the thesis will, as far as possible, be assessed by the original examiners.

23.4 A thesis submitted for re-examination must be presented in the same format as the thesis presented for the original examination.

23.5 A thesis presented for re-examination will not be submitted for further re-examination.

24 Thesis amendments following examination

24.1 The time limits for revision of the thesis are:
   a. 3 months where the examination result is to award the degree subject to the amendments specified in the examiners’ reports (see Academic Program Rule 23.1(2)) and
b. 12 months where the examination result is not to award the degree but to permit re-submission of the thesis in a revised form (see Academic Program Rule 23.1(3)).

24.2 Candidates who require additional time to complete revisions must apply to the Dean of Graduate Studies for permission, stating the reasons for the request. The request should be approved by the principal supervisor and the Head of School / Discipline or the Postgraduate Coordinator.

   a. did not possess the relevant qualifications,
      or
   b. had not completed the necessary requirements,

   the Vice-Chancellor and President with authority devolved to him / her by Council may revoke the award.

   Upon revocation, the person is taken never to have received the award.

30 Return of documents
If requested by the Dean of Graduate Studies, the recipient of a Master of Philosophy must deliver to the University the documents certifying or evidencing the award.

9.3 Upon successful completion of the work for the degree, the badges of both institutions may appear on the parchment awarded.

10 Absence from the University

Except for remote candidates, the University, on the recommendation of the School / Discipline concerned, may permit a candidate to pursue away from the University work connected with the research for the degree.

Such permission may only be granted under special circumstances during provisional candidature.

11 Leave of absence

11.1 Subject to Academic Program Rule 11.3, a candidate whose work is interrupted for a period of time may be granted cumulative leave by the University of up to 12 months. If an application for leave is approved, all study (both research and coursework where applicable) must be intermitted. The minimum and maximum periods specified in Academic Program Rule 5.3 will be adjusted accordingly by adding the length of the approved leave.

11.2 Except in exceptional circumstances, candidates may not take leave:
   a. during the twelve months immediately prior to their candidature expiry date or
   b. during an extension of candidature or
   c. during a candidature that has been reactivated for 12 months, following determination by the University that the candidate be not awarded the degree but be permitted to re-submit the thesis in a revised form.

11.3 In exceptional circumstances, the University may grant a candidate cumulative leave in excess of 12 months. Where a candidate is granted this exceptional leave, the University will endeavour to ensure, but cannot guarantee, that appropriate supervision and resources will be available to support the candidate on return from leave.

11.4 In some fields of study, time plays a critical role in the currency of the research. In such cases, the research project may no longer be current following leave and the University may not be able to secure supervision in an area where currency is compromised. Additionally, the University may not be able to accommodate an amendment to the research project. Under these circumstances, continuation of candidature may not be possible and the only options will be:
   a. withdrawal by the candidate or
   b. termination of candidature by the University.

11.5 The candidature of a student who takes leave from the University without approval will be suspended immediately, on notification of the Adelaide Graduate Centre.

11.6 A candidate granted leave must inform the Adelaide Graduate Centre in writing of resumption of candidature within 2 weeks of the approved date of return.
11.7 A candidate seeking to extend a period of leave must apply in writing for an extension of leave at least 1 week prior to the originally approved date of return.

12 Withdrawal from candidature
A student may withdraw from candidature at any time. Candidature may be re-instated at a future date without academic consequences, subject to the continuing currency of the research undertaken prior to withdrawal and the currency of the research skills of the candidate. The approval of the Head of School and the on-going availability of appropriate supervision and resources are also required.

13 Suspension of candidature
13.1 Candidature may be suspended for failure to comply with any formal requirement of candidature, including:
   a. failing to abide by the responsibilities of research candidates as detailed in the Research Student Handbook   b. failing to undertake a required review of progress by the due date or extended due date   c. failing to respond to any University correspondence sent to the nominated mailing address or campus email address by the requested date of response   d. failing to accept reasonable offers of supervision facilitated by the University   e. taking leave without prior approval   f. failing to return from leave on the agreed date   g. failing to notify the Adelaide Graduate Centre of return from leave within 2 weeks of return   h. non-payment of University fees and charges.
13.2 Re-instatement of a suspended candidature will only be permitted with the approval of the Head of School where:
   a. the reason for the suspension has been addressed as specified in the Research Student Handbook   b. the research undertaken prior to suspension remains current and   c. appropriate supervision and resources are available to support the re-instated candidature.

14 Termination of candidature
14.1 The University may review the progress of a candidate at any time during the program of candidature and, if the candidate's progress is unsatisfactory, may terminate the candidature.
14.2 The University may terminate the candidature following a 12 month period of suspension for any of the reasons outlined in Academic Program Rule 12 above.
14.3 Candidature may be terminated when the University at its sole discretion, reserves the right to decline to appoint a supervisor where to do so would not be appropriate. Without limiting this discretion above the University may consider the following in making a determination: supervisory eligibility and capacity, the quality of the research project and compliance with the responsibilities of research candidates as detailed in the Research Student Handbook.
14.4 A terminated candidature may only be re-instated following a successful appeal.

15 Extension of candidature
A candidate may be granted by the University one extension of candidature only of 12 months beyond the maximum period specified in Academic Program Rule 5.3. If the thesis has not been submitted by the end of the extended period the candidature will lapse.

16 Completion of thesis outside the University
A candidate who has completed the equivalent of 2 years of full-time work under the control of the University, who has completed the experimental work (where appropriate) and whose progress is sufficiently well advanced to permit the satisfactory completion of the thesis outside the University, may be granted permission by the University to complete the writing-up of the thesis outside the University. If such permission is granted the candidate will be allowed either 12 months or until the end of candidature, whichever is the lesser, to submit the thesis. If the thesis has not been submitted by the end of the writing-up period the candidature will lapse.

17 Lapsed candidature
17.1 Candidature shall be deemed to have lapsed on the candidature expiry date where the candidate has not submitted for examination the thesis required under Academic Program Rule 6.1
17.2 A candidature, which has lapsed for not more than 12 months, may be resumed if the completed thesis, which has not departed
from the field of study that was being pursued before the candidature lapsed, is subsequently submitted to the Director of the Adelaide Graduate Centre. The thesis will only be accepted for examination if the School / Discipline certifies that it is satisfactory to that School / Discipline.

17.3 Approval of the University is required for the resumption of a lapsed candidature under any other conditions.

18 Intention to submit the thesis
A candidate shall notify the Director of the Adelaide Graduate Centre, in writing, approximately 3 months before he / she expects to submit the thesis for examination. A summary of the thesis, together with the proposed thesis title and abstract, shall be submitted prior to submission of the thesis.

19 Submission and examination of thesis
19.1 On completion of the approved program of study and research, including all coursework requirements, a candidate shall submit a thesis for examination in accordance with the University’s Specifications for Thesis for the current year.

19.2 The University recognises that a thesis may be prepared in a variety of formats that are influenced by the Discipline or field of study. Approved thesis formats are detailed in the University’s Specifications for Thesis. Candidates should consult their supervisor(s) before selecting an appropriate format.

19.3 The candidate's School must notify the Adelaide Graduate Centre at the time of thesis submission whether the thesis submitted comprises 100% or 67% of the assessable content of the degree.

19.4 The Head of School / Discipline shall certify that the thesis is worthy of examination.

19.5 Examiners of a Professional Doctorate thesis will assess whether the candidate has produced a thesis that both satisfies the objectives of a professional doctorate (as per Academic Program Rule 1) and:
   a. displays original and critical thought
   b. is a significant contribution to professional knowledge and / or practice
   c. relates the professional problem or issue to be investigated to the broader framework of the Discipline within which it falls and
   d. is clearly, accurately and cogently written and suitably illustrated and documented.

20 Appointment of examiners
20.1 Candidates shall have the right, prior to the commencement of the examination process, to identify people they do not wish to examine their thesis. Any such objections should be submitted to the Director of the Adelaide Graduate Centre, at the same time as the notification of intention to submit required under Academic Program Rule 18. Such objections do not serve as a veto.

20.2 Taking account of any objections raised under Academic Program Rule 20.1 and the recommendations of the Head of the relevant School / Discipline the University shall appoint two examiners who are external to the University. At least one examiner shall be an academic member or affiliate of a tertiary institution.

20.3 The candidate’s supervisors shall not be eligible to act as examiners.

20.4 The examiners shall be requested to report in English and in such form as the University will determine and to recommend one of the alternatives listed in Academic Program Rule 21.1.

20.5 After consideration of the reports of the examiners, the University may appoint a third external examiner and / or an external arbitrator.

21 Examination results
21.1 After consideration of the reports of the examiners and such other information as it thinks fit, the University shall determine that:
   1. the candidate be awarded the degree unconditionally
   2. the candidate be awarded the degree subject to the amendments specified in the examiners’ reports
   3. the candidate be not awarded the degree but be permitted to re-submit the thesis for re-examination in a revised form
   4. the candidate be not awarded the degree.

21.2 In the case of a thesis presented for re-examination as provided for in Academic Program Rule 21.1(3), the thesis will, as far as possible, be assessed by the original examiners.

21.3 A thesis submitted for re-examination must be presented in the same format as the thesis presented for the original examination.

21.4 A thesis presented for re-examination will not be submitted for further re-examination.
22 Thesis amendments following examination

22.1 The time limits for revision of the thesis are:
   a. 3 months where the examination result is to award the degree subject to the amendments specified in the examiners’ reports (see Academic Program Rule 21.1(2))
   and
   b. 12 months where the examination result is not to award the degree but to permit re-submission of the thesis in a revised form (see Academic Program Rule 21.1(3)).

22.2 Candidates who require additional time to complete revisions must apply to the Dean of Graduate Studies for permission, stating the reasons for the request. The request should be endorsed by the principal supervisor and the Head of School / Discipline or the Postgraduate Coordinator.

23 Deposit of thesis

Such number of copies of a thesis and any other material on which the degree is awarded shall be deposited in the University Library or elsewhere as determined by the University. Unless otherwise determined by the University, the copies shall be available for loan and photocopy.

24 Loan or photocopy of thesis

A candidate who does not wish to allow the thesis to be lent or photocopied when it is deposited in the Library under Academic Program Rule 23 shall make a written application to the Director of the Adelaide Graduate Centre, at the same time as he / she notifies his or her intention to submit under Academic Program Rule 18. The withholding of such permission and the period of time involved shall be determined by the University.

25 Graduation

Subject to Chapter 89 of the Statutes, candidates who have satisfied the requirements for any award of the University shall be admitted to that award.

26 Posthumous award

If a person dies after completing, or in the opinion of the University, substantially completing the requirements of the award, the University may confer the award posthumously.

27 Revoking the award

If the University is satisfied that, when the Doctorate was conferred on a person, the person
   a. did not possess the relevant qualifications,
      or
   b. had not completed the necessary requirements,

the Vice-Chancellor and President with authority devolved to him / her by Council may revoke the award.

Upon revocation, the person is taken never to have received the award.

28 Return of documents

If requested by the Dean of Graduate Studies, the recipient of a Doctorate must deliver to the University the documents certifying or evidencing the award.

29 General

When, in the opinion of the University, special circumstances exist the University, on the recommendation of the relevant School / Discipline in each case, may vary any of the provisions in Academic Program Rules 1–28 above.

Specifications for Thesis

1 Preparation
The responsibility for the layout of the thesis and selection of the title rests with the candidate after discussion with the supervisor(s). Candidates must consult with their supervisors concerning selection of an appropriate style for the thesis. The candidate’s supervisor(s) and Head of School or Discipline must provide certification that the thesis is worthy of examination and that the technical presentation of the thesis is satisfactory. Candidates must consult the Academic Program Rules relative to the degree.

2 Language of the thesis
2.1 A thesis will normally be written in English.
2.2 Where sound academic reasons exist for submission of a thesis in a language other than English, an application for approval may be made in writing to the Dean of Graduate Studies. The application must have the support of the supervisor(s) and Postgraduate Coordinator / Head of School.
2.3 If the Dean of Graduate Studies approves the submission of a thesis in a language other than English, the submission must be accompanied by a substantial abstract written in English.

3 Thesis format and word length
3.1 The choice of format should be made in consultation with the supervisory team. Subject to the School’s approval, a research thesis may be prepared in one of the following formats:
   1. Conventional written narrative presented as typescript
   2. Publication
      A thesis by publication may include publications that have been published and/or accepted and/or submitted for publication, and/or prepared in publication format ‘text in manuscript’
   3. Combination of conventional and publication formats
   4. Major (creative, musical or visual) work (Volume 1) and exegesis (Volume 2).
3.2 Irrespective of the nature of the thesis, the word length, including footnotes but excluding appendices, tables, diagrams, bibliography and references, shall not exceed 80,000 words in the case of a Doctoral thesis or 40,000 words in the case of a Master thesis. The word length for the thesis of a candidate undertaking a research program which contains a formal coursework component should be in proportion to the duration of the research undertaken.

3.3 The thesis should incorporate in the following order:
   a. a title page giving the title of the thesis* in full, the name of the candidate as it is recorded in PeopleSoft (the University’s student record keeping system), the name of the School / Discipline(s) of the University associated with the work, and the date (month and year) when submitted for the degree. Candidates should ensure that the thesis title is written in title case and does not exceed the character limit of 300 characters (including spaces).
   *Symbols and formatting (e.g. bold and italics) MUST NOT be included in the thesis title; these are not recognised by PeopleSoft and will print incorrectly on an academic transcript and the Australian Higher Education Graduation Statement (AHEGS)
   b. a table of contents
   c. an abstract of the thesis in not more than 500 words
   d. a statement signed and dated by the candidate declaring the originality of the work, consent for the thesis to be made available to the University Library and the situation with respect to copyright where applicable. Note that an original signature is required; faxed or photocopied signatures are unacceptable.
      See Section 4 for examples of declarations to be included where:
   i. a thesis does not contain work already in the public domain
   ii. a thesis contains publications (i.e. where the work includes published papers)
   e. an acknowledgement of any help given or work carried out by any other person or organisation.
      If a candidate has sought professional editorial advice, the name of the editor and a brief description of the service rendered should be included in the acknowledgements. Should the professional editor’s current or former area of academic specialisation be similar to that of the candidate this should be noted. See Section 5 for details of the University’s policy on editing
f. the main body of work

3.4 In the case of a thesis presented in publication or combination conventional and publication formats:

a. all publications included in the thesis must derive from research undertaken within the term of the higher degree by research candidature. Publications generated outside of candidature cannot be included in the assessment of the degree

b. the main body of work will contain in addition to the relevant publications a contextual statement which normally includes the aims underpinning the publication(s); a literature review or commentary which establishes the field of knowledge and provides a link between publications; and a conclusion showing the overall significance of the work and contribution to knowledge, problems encountered and future directions of the work. The discussion should not include a detailed reworking of the discussions from individual papers within the thesis

c. each paper must be prefaced by a ‘statement of authorship’. The statement must list all authors and clearly identify the publication status of the paper (published, accepted for publication, submitted for publication, or text in manuscript)

d. where a paper has joint or multiple authorship, its statement of authorship must detail each author’s contribution (in terms of the conceptualisation of the work, its realisation and its documentation). The statement must be sufficiently detailed to describe accurately the contribution of each author. All authors are required to sign the statement and co-authors must give written permission for the paper to be included in the thesis. Original signatures are preferred but scanned signatures are acceptable.

Template statements are available on the Adelaide Graduate Centre website

e. the length and number of publications to be included in the thesis shall be determined by the School / Discipline on the advice of the supervisory team. The primary consideration is that the body of work included in the thesis satisfies the academic requirements for the degree for which it is presented.

3.5 In the case of a thesis submitted in the areas of creative, musical or visual work:

a. The major work (Volume 1) and the exegesis (Volume 2) are to be bound separately (unless permission has been received from the Adelaide Graduate Centre for an alternative form of presentation) but will be examined as an integrated whole. In the case of a thesis submitted for a candidate in music performance, a single volume may be submitted in accordance with Specification 9.2

b. The purpose of the exegesis is to describe the research process undertaken and to elaborate, elucidate and place the major work in context. The exegesis should contain a description of the form and presentation of the major work and *inter alia*, an analytical commentary and consideration of the work in the broader framework of the Discipline. It should demonstrate mastery of the conceptual and scholarly skills associated with higher degree candidature

c. The following thesis formats may be appropriate for the major work:

i. a substantial opus normally including a book length work appropriate to its genre

ii. musical compositions which require more than 75 minutes for performance (Doctor of Philosophy) or not less than 50 minutes and not more than 60 minutes for performance (Master) or

iii. recorded musical performances constituting a substantial body of work of up to 4 hours duration (Doctor of Philosophy) or two 60 minute public recitals (Master)

iv. visual arts and design, e.g. exhibition(s), film(s), drawing(s) or architectural model(s).

d. The length and format of the exegesis should be determined by the Faculty but normally should not exceed:

i. 20,000 words for the Doctor of Philosophy and 10,000 words for the Master degree in the case of a creative or visual work (Academic Program Rule 3.4 c. i.)

ii. 15,000 words for the Doctor of Philosophy and 7,500 words for the Master degree in the case of music composition (Academic Program Rule 3.4 c. ii)
iii. 15,000 words for the Doctor of Philosophy and 7,500 words for the Master degree in the case of music performance (Academic Program Rule 3.4 c. iii).

e. Where the major work is in the format of the visual arts, the examiners will attend the exhibition at which time they will be given a copy of the exegesis in temporary binding. A final copy of the exegesis will be provided to the examiners within 3 months of their viewing of the creative work.

4 Examples of thesis declarations

4.1 For a thesis that does not contain work already in the public domain.

I certify that this work contains no material which has been accepted for the award of any other degree or diploma in my name in any university or other tertiary institution and, to the best of my knowledge and belief, contains no material previously published or written by another person, except where due reference has been made in the text. In addition, I certify that no part of this work will, in the future, be used in a submission in my name for any other degree or diploma in any university or other tertiary institution without the prior approval of the University of Adelaide and, where applicable, any partner institution responsible for the joint award of this degree.

I give consent to this copy of my thesis, when deposited in the University Library, being made available for loan and photocopying, subject to the provisions of the Copyright Act 1968.

I also give permission for the digital version of my thesis to be made available on the web, via the University’s digital research repository, the Library Search and also through web search engines, unless permission has been granted by the University to restrict access for a period of time.

4.2 For a thesis that contains publications.

I certify that this work contains no material which has been accepted for the award of any other degree or diploma in my name in any university or other tertiary institution and, to the best of my knowledge and belief, contains no material previously published or written by another person, except where due reference has been made in the text. In addition, I certify that no part of this work will, in the future, be used in a submission in my name for any other degree or diploma in any university or other tertiary institution without the prior approval of the University of Adelaide and where applicable, any partner institution responsible for the joint award of this degree.

I give consent to this copy of my thesis when deposited in the University Library, being made available for loan and photocopying, subject to the provisions of the Copyright Act 1968.

The author acknowledges that copyright of published works contained within this thesis resides with the copyright holder(s) of those works.

I also give permission for the digital version of my thesis to be made available on the web, via the University’s digital research repository, the Library Search and also through web search engines, unless permission has been granted by the University to restrict access for a period of time.

5 Editing

The University has adopted the policy developed by the Deans and Directors of Graduate Studies collaboratively with the Council of Australian Societies of Editors with regard to the editing of research theses by professional editors.

The policy has been developed with close attention to the current Australian Standards for Editing Practice (ASEP) and it espouses the following principles:

A professional editor may be used by candidates in preparing their theses for submission provided that the editing assistance is restricted to ASEP Standards for ‘Language and Illustrations’ and for ‘Completeness and Consistency’. Where a professional editor provides advice on matters of ‘Substance and Structure’ exemplars only should be given.

Further information about the ASEP standards is available online at: www.adelaide.edu.au/graduatecentre/forms

Students should discuss the procedures with their principal supervisor and before editing is commenced provide the editor with a copy of this section of the Specifications for Thesis and details of the ASEP standards. Material for editing or proof reading should be submitted in hard copy.

6 Typing

6.1 A thesis, which may be produced on both sides of the paper, should normally be printed on A4 paper in a clear and legible font (e.g. Arial Narrow 12 or Times 12).

6.2 Margins for both text and figures should not be less than 35mm on the inside edge and 15mm on the other three sides to allow for binding and trimming. See Section 9 for details of Binding.
7 Copying

7.1 Archival Copy
The archival copy should be marked accordingly and will become the University’s copy following the award of the degree. The archival copy should be produced on archival quality (acid free) paper to ensure its long term preservation, preferably on 100gsm or 80gsm paper.

7.2 Additional Copies
Additional copies of the thesis should be produced on acid free bond, or similar high quality paper using a copying method which produces a good quality copy. Chemically coated paper is acceptable for the production of a thesis only if it is known to provide a high quality reproduction and proven long term stability.

7.3 Audio and audio-visual recordings
Audio and audio-visual recordings should be produced on an internationally compatible medium using a copying method which creates a high quality audio and visual reproduction with proven longevity. Candidates should consult with their supervisors regarding the technical issues involved in the submission of digital media.

8 Diagrams and figures
The following are general suggestions for normal practice, but they may be varied in special cases with the approval of the Librarian:

8.1 Diagrams and figures etc. should preferably be drawn or photographed on A4 paper and bound in the appropriate place in the text. If it is necessary to mount photographs, the mounting should be on paper somewhat heavier than that of the other pages, and great care should be taken to avoid wrinkling the paper or distorting the shape of the volume.

8.2 Figures should either be inserted at an appropriate place in the text, or form a separate page. For normal orientation with the top of the figure upwards, the legend should be at the bottom of the figure. If it is necessary to rotate the figure, it should be placed on a separate page with the top of the figure on the left hand side of the page and the legend on the right hand side of the page. This applies regardless of whether the figure forms a left hand or a right hand page, but if the thesis is produced with the text only on right hand pages, then figures should also appear only on right hand pages. If there is insufficient space for the legend, it may be placed on the page facing the figure.

8.3 Tables should be inserted in the appropriate place in the text, except that lengthy or bulky tables should appear as an appendix.

8.4 Folded diagrams, maps, tables, etc., should read as right hand pages when open.

8.5 Musical notation and similar forms of written notation should be inserted in the appropriate place in the text, except that lengthy examples should appear as an appendix.

9 Thesis Preparation
For examination purposes, candidates will submit three printed and one digital copy of their thesis to the Adelaide Graduate Centre. The printed copies may be soft bound or hard bound; soft bound is preferred.

9.1 Requirements for thesis submission for examination purposes: The printed thesis
Candidates who wish to have their theses soft bound should note that:

a. It is not possible to rebind a thesis that has been soft covered using the currently available methods, such as thermo-bind or wire-spiral, without having first to trim the left hand margin by 10-15mm. This means that the provision for the left hand margin of the thesis must be at least 45mm. This may result in an increase in the number of pages of the thesis and the consequent increase in cost of production

b. Most soft binding processes will handle up to around 30mm in thickness. Many theses are thicker than this and may have to be bound in more than one volume

c. Candidates are responsible for all costs incurred in the soft binding of their thesis as well as in the subsequent hard binding. Some scholarships provide a thesis allowance and costs may be refunded to candidates on presentation of relevant receipts

9.2 In the case of a thesis submitted in the areas of creative, musical or visual work (as per Specification 3.5 above), the major work (Volume 1) and the exegesis (Volume 2) are to be bound separately.

For candidates in music performance, a single volume may be submitted which contains the CD(s) or DVD(s) of recorded musical performances prepared in accordance with 7.3, and the exegesis. The CD(s) or DVD(s) of recorded musical performances, should be affixed to the inside cover(s) of the thesis.

9.3 Requirements for thesis submission for examination purposes: The digital thesis
a. The digital thesis copy must be provided in a single pdf file on a CD. If the thesis is too large to fit on a single
CD, additional CD(s) or DVD(s) may be provided. The Adelaide Graduate Centre is unable to accept a CD or DVD containing individual pdf files of the various chapters / appendices in the thesis.

b. In the case of a thesis submitted in the areas of creative, musical or visual work (as per Specification 3.5 above), the two volumes of the thesis (major work and exegesis) may be provided on separate CD(s) or DVD(s).

10 Requirements for final thesis lodgement

When the examination process (including the completion of any required amendment) is complete, candidates are obliged to submit one final hard bound printed copy and one digital copy of their thesis to the Adelaide Graduate Centre before a degree can be conferred.

10.1 Preparation of the final printed thesis for lodgement with the Adelaide Graduate Centre

a. The single required copy of the thesis accepted for the award of the degree must be sewn and bound with cloth on stiff covers. (A sprint-type or screw-type binder is unacceptable. Stapling and plastic or ‘perfect’ binding without sewing are also unacceptable)

b. During binding the edges should be trimmed

c. On the spine of the thesis should be printed, in gold lettering of suitable size, normally reading from the top to the bottom, the title of the thesis, shortened if necessary, followed by the candidate’s surname. Where the width of the spine allows, the lettering may be placed horizontally, with the title of the thesis near the top of the spine and candidate’s surname near the middle

d. Supplementary material such as folding maps and other large folded sheets and primary data on sheets, and data on CD or DVD, may be placed in a pocket inside the back cover of the bound thesis

e. In the case of published papers of unusual size it may be desirable to bind them in a separate volume. If they have been bound by a publisher it is desirable to keep them in a special case made and lettered to simulate a bound volume of a thesis

f. Supplementary material which cannot readily be kept in a pocket should be placed in a special case made and lettered to simulate a bound volume of the thesis

g. In some cases, it may be desirable to submit audio recordings or audio-visual materials in a separate volume made to simulate a bound volume of the thesis

h. A supplementary case or additional volume of a thesis should be distinguished by a volume number but should otherwise be uniform with the first part of the thesis in respect to colour, lettering and, as far as possible, size.

10.2 Preparation of the final digital thesis for lodgement with the Adelaide Graduate Centre

a. The digital thesis must be a direct copy of the thesis which has been approved by the University for the award of the degree

b. The digital thesis copy must be provided in a single pdf file on a CD. If the thesis is too large to fit on a single CD, additional CD(s) or DVD(s) may be provided. The Adelaide Graduate Centre is unable to accept a CD or DVD containing individual pdf files of the various chapters / appendices in the thesis

c. In the case of a thesis submitted in the areas of creative, musical or visual work (as per Specification 3.5 above), the two volumes of the thesis (major work and exegesis) may be provided on separate CDs.

In the case of a thesis for a candidate in music performance, the digital thesis will comprise a copy of the exegesis in pdf format and will be submitted together with an additional copy of the audio or audio-visual recordings on CD(s) or DVD(s).

d. Candidates should obtain permission for use of copyrighted material, such as diagrams, illustrations, maps, tables, photographs, musical notation, images and audio-visual recordings that are not the candidates own creation. The written permission must specify that it is granted for the use of the copyrighted material in the digital thesis, which will be available on the web. If written permission cannot be obtained, then such material will need to be identified so Library staff can remove it from the digital copy if necessary

e. The digital thesis will be made available on the web, via the University’s digital research repository, Adelaide Research and Scholarship and the National Library of Australia’s Trove service, unless arrangements have been made to restrict access for a period of time, e.g. where the thesis is under embargo or where commercial publication of the
thesis is being sought. The thesis will also be added to the Library Search and will be accessible through web search engines. Further assistance and instructions for digital theses are available on the Library’s website at: www.adelaide.edu.au/library/digital/theses/.
