## Graduate Attributes

### The University of Adelaide

The University of Adelaide is a research-intensive university that seeks to develop graduates of international distinction by providing high quality education. The University defines the philosophy underpinning its teaching programs through the Graduate Attributes. These describe the qualities, knowledge and capabilities that students are encouraged to take responsibility for developing throughout their studies at the University. The Graduate Attributes are not a list of skills to be mastered; rather, they encapsulate for both students and the wider community the defining characteristics of a student's university degree program(s), and describe a set of characteristics that are designed to be transferable beyond the particular disciplinary context in which they have been developed. While Graduate Attributes are fostered in the context of the curriculum, they are also developed within the total university experience as they encourage students to reflect on the broader purpose of their university education.

The University of Adelaide Graduate Attributes are:

1. Deep discipline knowledge
2. Critical thinking and problem solving
3. Teamwork and communication skills
4. Career and leadership readiness
5. Intercultural and ethical competency
6. Self-awareness and emotional intelligence.

## The Arms of the University

The heraldic description of the Coat of Arms is as follows:

Per pale Or and Argent an Open Book proper edged Gold on a Chief Azure five Mullets, one of eight, two of seven, one of six and one of five points of the second, representing the Constellation of the Southern Cross; and the Motto associated with the Arms is

### Sub Cruce Lumen

'The light (of learning) under the (Southern) Cross'

## Student Study Commitment for Coursework Students

To successfully complete courses, students will need to allocate an appropriate time commitment to their study. In addition to the formal contact—the time required for each course (e.g. lectures, tutorials, practicals)—students will need to allocate non-contact time. Non-contact time will be required for a range of activities which may include, but are not limited to, assessment tasks, reading, researching, note-taking, revision, writing, consultation with staff, and informal discussion with other students. While the relative proportion of contact and non-contact time may vary from course to course, as a guide, a full-time student would expect to spend, on average, a total of 48 hours per week on their studies during teaching periods. The workload for undergraduate and postgraduate coursework programs is 24 units per year (full-time).

#### Notes on Delegated Authority

1. Council has delegated the power to approve minor changes to the Academic Program Rules to the Executive Deans of Faculties.
2. Council has delegated the power to specify syllabuses to the Head of each school or centre concerned, such syllabuses to be subject to approval by the Faculty or by the Executive Dean on behalf of the Faculty.

# Undergraduate Program Rules

## Bachelor of Dental Surgery (BDS)

These Program Rules should be read in conjunction with the University's policies (<http://www.adelaide.edu.au/policies>).

### Overview

This program is designed to train graduates who are eligible for registration as dental practitioners. The program consists of one integrated stream, with coordination of topics within and between years. First year topics include health and disease, preventative dentistry, behavioural consequences of oral diseases, clinical examination and diagnostic procedures. The dynamic curriculum is delivered within a case based learning approach. The emphasis of contextual learning of relevant scientific information throughout the program occurs concurrently with the development of clinical skills. Places are open to school leavers, applicants with tertiary education experience, special entry and Aboriginal entry applicants.

The Bachelor of Dental Surgery is an AQF Level 7 qualification with a standard full-time duration of 5 years.

#### Condition of Enrolment

##### *Prescribed Communicable Infection*

*Clearance:* Students must comply with the Students With Prescribed Communicable Infections Policy ([www.adelaide.edu.au/policies/591](http://www.adelaide.edu.au/policies/591)).

*Tuberculosis Clearance:* Students who undertake clinical placements, internships or research projects involving children or people who are ill, elderly or vulnerable are now required to demonstrate tuberculosis (TB) clearance through obtaining a TB Screening Notification from SA Tuberculosis Services.

*First Aid Certificate:* All students must hold a current First Aid Certificate.

*Criminal History Clearance:* Students who undertake clinical placements, internships or research projects involving children or people who are ill, elderly or vulnerable are now required to demonstrate clearance by producing a criminal history check, obtained through a Department for Communities and Social Inclusion (DCSI) check. International students are required to obtain a certificate from their home country.

*Immunisation:* Students undertaking clinical placements are required to have the appropriate level of immunisation. Immunisation records are requested by clinical venues prior to placements.

##### *Student and Professional Registration:*

Students accepted into the program are required to be registered with the relevant regulatory authority.

*Uniform:* During clinical placements students are required to comply with professional dress standards.

*Interruption of program:* Students must apply for permission from the Head of School before taking a Leave of Absence. Any extension of the leave without approval will result in the loss of place in the program but an application may be made to be re-admitted to the program subject to the admission procedures in place at the time.

## 1. Academic Program Rules for Bachelor of Dental Surgery

There shall be a Bachelor of Dental Surgery.

## 2. Qualification Requirements

### 2.1 Academic Program

To qualify for the degree of Bachelor of Dental Surgery, the student must complete satisfactorily a program of study consisting of the following requirements with a combined total of not less than 120 units:

#### 2.1.1 Core Courses

- 2.1.1.1 At the First Annual Examination the student shall satisfy the examiners in the following:  
DENT 1005AHO/BHO Dental Science and Practice I Part 1 & 2 ..... 24
- 2.1.1.2 At the Second Annual Examination the student shall satisfy the examiners in the following:  
DENT 2005AHO/BHO Dental Science and Practice II Part 1 & 2 ..... 24
- 2.1.1.3 At the Third Annual Examination the student shall satisfy the examiners in the following:  
DENT 3005AHO/BHO Dental Science and Practice III Part 1 & 2 ..... 24
- 2.1.1.4 At the Fourth Annual Examination the student shall satisfy the examiners in the following:  
DENT 4004AHO/BHO Dental Science and Practice IV Part 1 & 2 ..... 24

2.1.1.5 At the Fifth Annual Examination the student shall satisfy the examiners in the following:  
DENT 5005AHO/BHO Dental Science and Practice V Part 1 & 2..... 24

**2.1.2 Repeating Courses**

A student who has failed a course twice may not enrol in that course again except by special permission of the Faculty and then only under such conditions as the Faculty may prescribe.

# Bachelor of Science in Dentistry (Honours) (BScD(Hons))

These Program Rules should be read in conjunction with the University's policies (<http://www.adelaide.edu.au/policies>).

## Overview

The Bachelor of Science in Dentistry (Honours) degree offers an opportunity for students to explore in some depth a specific aspect of dentistry, or a discipline related to dentistry, as part of their studies.

The Bachelor of Science in Dentistry (Honours) is an AQF Level 8 qualification with a standard full-time duration of 1 year.

## 1 Academic Program Rules for Bachelor of Science in Dentistry (Honours)

There shall be a Bachelor of Science in Dentistry (Honours).

## 2 Qualification Requirements

### 2.1 Academic Program

To qualify for the degree of Bachelor of Science in Dentistry (Honours), the student must complete satisfactorily a program of study consisting of the following courses to a total of not less than 24 units:

#### 2.1.1 Courses

##### Core course

DENT 4300A/B Honours Research  
Methods and Ethics Part 1 & Part 2..... 3

##### Research Project

DENT 4200A/B Honours Dental  
Science Part 1 & Part 2..... 21

In the case of a part-time enrolment the following two courses must be completed in two consecutive years:

DENT 4210A Honours Dental  
Science Two Year Continuing

and

DENT 4210B Honours Dental  
Science Two Year Final ..... 21

#### 2.1.2 Repeating Courses

A student who has failed a course twice may not enrol in that course again except by special permission of the Faculty and then only under such conditions as the Faculty may prescribe.

# Bachelor of Health Sciences (BHlthSc)

These Program Rules should be read in conjunction with the University's policies (<http://www.adelaide.edu.au/policies>).

## Overview

The Bachelor of Health Sciences provides foundation studies in the Health Sciences in two areas: Medical Sciences and Population Health.

The Bachelor of Health Sciences is an AQF Level 7 qualification with a standard full-time duration of three years.

## 1. Academic Program Rules for Bachelor of Health Sciences

There shall be a Bachelor of Health Sciences.

## 2. Qualification Requirements

### 2.1 Academic Program

To qualify for the degree of Bachelor of Health Sciences, the student must complete satisfactorily a program of study consisting of the following courses with a combined total of not less than 72 units.

At each Level students must complete at least 12 units of Health Science courses from Academic Program Rule 2.1.3. Core courses and courses taken as part of a major contribute to these 12 units. At each Level students may also take up to 12 units of Open electives from Academic Program Rule 2.1.3. At least 9 units must be broadening electives.

#### 2.1.1 Core Courses

##### Level I

ANAT SC 1102 Human Biology IA.....	3
ANAT SC 1103 Human Biology IB.....	3
PUB HLTH 1001 Public Health IA.....	3
PUB HLTH 1002 Public Health IB.....	3

##### Level II

PATHOL 2200 Biology of Disease II.....	3
PHARM 2100 Pharmacology IIA: Drugs & Health.....	3

#### 2.1.2 Majors

Majors are available in:

Anatomical Sciences  
Biochemistry  
Epidemiology  
Exercise Science  
Genetics  
Health Promotion

Human Reproductive Health

Indigenous Health

Microbiology

Neuroscience

Nutrition

Pathology

Pharmacology

Physiology

Students must complete at least one major from a Health Sciences discipline or interdisciplinary area, or a Molecular and Biomedical Sciences discipline consisting of the core courses and in addition the following courses:

#### 2.1.2.1 Anatomical Sciences Major

##### Level II

ANAT SC 2109 Cells, Tissues & Development II ..... 3  
and/or

ANAT SC 2200 Functional Human Anatomy II..... 3

or

Courses to the value of 3 units from Level II Health Sciences electives in PHYSIOL, PHARM, HLTH SC from Academic Program Rule 2.1.3.

##### Level III

Courses to the value of at least 12 units from the following:

ANAT SC 3101 Anthropological & Forensic Anatomy III..... 3

ANAT SC 3102 Comparative Reproductive Biology of Mammals III..... 3

ANAT SC 3103 Integrative & Comparative Neuroanatomy III ..... 3

ANAT SC 3104 Investigative Cell Biology III .....3

ANAT SC 3500 Ethics, Science & Society ..... 3

#### 2.1.2.2 Biochemistry Major

##### Level I

BIOLOGY 1101 Molecules, Genes & Cells..... 3

CHEM 1100 Chemistry IA..... 3

CHEM 1200 Chemistry IB..... 3

or

CHEM 1101 Foundations of Chemistry IA..... 3

CHEM 1201 Foundations of Chemistry IB..... 3

**Level II**

BIOCHEM 2500 Biochemistry II: Molecular & Cell Biology .....	3
BIOCHEM 2501 Biochemistry II: Metabolism .....	3

**Level III**

BIOCHEM 3000 Molecular and Structural Biology III .....	6
BIOCHEM 3001 Cancer, Stem Cells and Development III.....	6
PUB HLTH 3500EX Rural Public Health III.....	3

**2.1.2.3 Epidemiology Major****Level II**

PUB HLTH 2005 Essentials of Epidemiology II .....	3
PUB HLTH 2100 Investigating Health and Disease in Populations II .....	3

**Level III**

PUB HLTH 3501 Epidemiology in Action III ....	3
PUB HLTH 3506 Public Health Theory & Practice III.....	6
or	
PUB HLTH 3119 Public Health Internship III.....	6
Courses to the value of at least 3 units from the following:	
PUB HLTH 3122 International Health III .....	3
PUB HLTH 3123 Evaluation in Public Health III .....	3
PUB HLTH 3124 Health Promotion III .....	3
PUB HLTH 3125 Indigenous Health III .....	3
PUB HLTH 3500EX Rural Public Health III.....	3

**2.1.2.4 Exercise Science Major****Level II**

ANAT SC 2200 Functional Human Anatomy II.....	3
HLTH SC 2101 Fundamentals of Biomechanics & Human Movement II .....	3
PHYSIOL 2510 Human Physiology IIA: Heart, Lung & Neuromuscular Physiology .....	3
HLTH SC 2102 Principles of Exercise Science.....	3

**Level III**

HLTH SC 3100 Exercise, Nutrition & Metabolism .....	3
HLTH SC 3201 Exercise, Movement & Cognition.....	3
PHYSIOL 3200 Advanced Exercise Science .....	3
PHYSIOL 3120 Neuromotor Control of Human Movement.....	3

**2.1.2.5 Genetics Major****Level I**

BIOLOGY 1101 Molecules, Genes & Cells.....	3
--	---

**Level II**

GENETICS 2510 Genetics IIA: Foundation of Genetics.....	3
GENETICS 2520 Genetics IIB: Function & Diversity of Genomes .....	3

**Level III**

GENETICS 3111 Genes, Genomes and Molecular Evolution III .....	6
GENETICS 3211 Gene Expression and Human Developmental Genetics III .....	6

**2.1.2.6 Health Promotion Major****Level II**

PUB HLTH 2005 Essentials of Epidemiology II .....	3
PUB HLTH 2200 Social Foundations of Health II .....	3

**Level III**

PUB HLTH 3124 Health Promotion III .....	3
PUB HLTH 3506 Public Health Theory & Practice III.....	6
or	
PUB HLTH 3119 Public Health Internship III.....	6
Courses to the value of at least 3 units from the following:	
PUB HLTH 3122 International Health III .....	3
PUB HLTH 3123 Evaluation in Public Health III .....	3
PUB HLTH 3125 Indigenous Health III .....	3
PUB HLTH 3500EX Rural Public Health III.....	3
PUB HLTH 3501 Epidemiology in Action III ....	3

**2.1.2.7 Human Reproductive Health Major**

The human reproductive health major includes the core course PATHOL 2200 Biology of Disease and the following courses:

**Level II**

PHYSIOL 2520 Human Physiology IIB: Systems & Homeostasis.....	3
or	
ANAT SC 2109 Cells, Tissues & Development .....	3

**Level III**

ANAT SC 3102 Comparative Reproductive Biology of Mammals III.....	3
OB&GYNAE 3000 Human Reproductive Health III .....	6
OB&GYNAE 3100 Research Project in Reproductive Health III .....	3

**2.1.2.8 Indigenous Health Major****Level II**

PUB HLTH 2005 Essentials of Epidemiology II .....	3
---	---

PUB HLTH 2200 Social Foundations of Health II ..... 3

**Level III**

PUB HLTH 3125 Indigenous Health III ..... 3

PUB HLTH 3506 Public Health Theory & Practice III..... 6

or

PUB HLTH 3119 Public Health Internship III.....6

Courses to the value of at least 3 units from the following:

PUB HLTH 3122 International Health III ..... 3

PUB HLTH 3123 Evaluation in Public Health III ..... 3

PUB HLTH 3124 Health Promotion III ..... 3

PUB HLTH 3500EX Rural Public Health III..... 3

PUB HLTH 3501 Epidemiology in Action III .... 3

**2.1.2.9 Microbiology Major**

**Level I**

BIOLOGY 1101 Molecules, Genes & Cells..... 3

**Level II**

MICRO 2500 Microbiology II..... 3

MICRO 2501 Immunology & Virology II ..... 3

**Level III**

MICRO 3000 Infection and Immunity IIIA..... 6

MICRO 3001 Infection and Immunity IIIB..... 6

**2.1.2.10 Neuroscience Major**

**Level II**

ANAT SC 2109 Cells, Tissues & Development II ..... 3

PHYSIOL 2510 Human Physiology IIA: Heart, Lung & Neuromuscular Physiology ..... 3

**Level III**

PHYSIOL 3001 Cellular & Systems Neurobiology ..... 6

Courses to the value of at least 6 units from the following:

PSYCHIAT 3200 Fundamentals of Biological Psychiatry III ..... 3

PATHOL 3200 Neurological Diseases III ..... 3

ANAT SC 3103 Integrative & Comparative Neuroanatomy III ..... 3

**2.1.2.11 Nutrition Major**

**Level II**

HLTH SC 2100 Fundamentals of Human Nutrition II ..... 3

PHYSIOL 2520 Human Physiology IIB: Systems and Homeostasis ..... 3

**Level III**

HLTH SC 3100 Exercise, Nutrition & Metabolism III ..... 3

HLTH SC 3200 Life Span Nutrition III ..... 3

FOOD SC 3502WT Nutrition III..... 3

ANAT SC 3104 Investigative Cell Biology III ..... 3

**2.1.2.12 Pathology Major**

The pathology major includes the core course PATHOL 2200 Biology of Disease and the following courses:

**Level II**

Courses to the value of 3 units chosen from Level II electives in ANAT SC, PHYSIOL, PHARM, HLTH SC from Academic Program Rule 2.1.3.

**Level III**

PATHOL 3003 Essentials of Pathology ..... 6

PATHOL 3100 Topics in Forensic Sciences... 3

PATHOL 3200 Neurological Diseases ..... 3

**2.1.2.13 Pharmacology Major**

The pharmacology major includes the core course PHARM 2100 Pharmacology IIA: Drugs & Health and the following courses:

**Level II**

PHARM 2200 Pharmacology IIB: Drugs & Society ..... 3

or

Courses to the value of 3 units from Level II Health Sciences electives in ANAT SC, PHYSIOL, HLTH SC from Academic Program Rule 2.1.3.

**Level III**

PHARM 3010 Pharmacology: Drug Action and Discovery ..... 6

PHARM 3011 Pharmacology: Drug Development & Therapeutics ..... 6

**2.1.2.14 Physiology Major**

**Level II**

PHYSIOL 2510 Human Physiology IIA: Heart, Lung & Neuromuscular Physiology ..... 3

PHYSIOL 2520 Human Physiology IIB: Systems & Homeostasis..... 3

**Level III**

Courses to the value of at least 12 units from the following:

PHYSIOL 3000 Integrative & Applied Systems Physiology ..... 6

PHYSIOL 3001 Cellular & Systems Neurobiology ..... 6

PHYSIOL 3200 Advanced Exercise Science .....3

PHYSIOL 3120 Neuromotor Control of Human Movement..... 3

# Bachelor of Health Sciences / Bachelor of Laws (BHlthSc LLB)

These Program Rules should be read in conjunction with the University's policies (<http://www.adelaide.edu.au/policies>).

## Overview

This degree is designed to provide students with the opportunity to qualify for both the degree of Bachelor of Health Sciences and the degree of Bachelor of Laws. This will provide graduates with a broad education in health as well as broadly based liberal and academic education that will enable them to register as legal practitioners. Students in this program must meet the requirements of both the Bachelor of Health Sciences and the Bachelor of Laws. Students may present 12 units of Law courses at Level I, and 12 units of Law courses at Level II in lieu of electives of the Bachelor of Health Sciences.

The Bachelor of Health Sciences / Bachelor of Laws is an AQF Level 7 qualification with a standard full-time duration of 5 years.

## 1. Academic Program Rules for Bachelor of Health Sciences / Bachelor of Laws

There shall be a Bachelor of Health Sciences / Bachelor of Laws.

## 2. Qualification Requirements

### 2.1 Academic Program

To qualify for the degree of Bachelor of Health Sciences, the student must complete satisfactorily a program of study consisting of the following courses with a combined total of not less than 72 units. Students must complete at least one major from a Health Sciences discipline or interdisciplinary area, or a Molecular and Biomedical Sciences discipline consisting of courses from Academic Program Rules 2.1.1 and 3, with Health Science courses to the value of at least 12 units being completed at each level. Students may also take up to 12 units of Open electives from Academic Program Rule 3.15 at Level III, substituting Law courses to the value of 12 units as Open electives at each of Levels I and II.

#### 2.1.1 Core Courses

##### Level I

ANAT SC 1102 Human Biology IA.....	3
ANAT SC 1103 Human Biology IB.....	3
PUB HLTH 1001 Public Health IA.....	3
PUB HLTH 1002 Public Health IB.....	3

##### Level II

PATHOL 2200 Biology of Disease II.....	3
PHARM 2100 Pharmacology IIA: Drugs & Health.....	3

#### 2.1.2 Majors

Majors are available in:

Anatomical Sciences  
Biochemistry  
Epidemiology  
Exercise Science  
Genetics  
Health Promotion  
Human Reproductive Health  
Indigenous Health  
Microbiology  
Neuroscience  
Nutrition  
Pathology  
Pharmacology  
Physiology

Students must complete at least one major from a Health Sciences discipline or interdisciplinary area, or a Molecular and Biomedical Sciences discipline consisting of the core courses and in addition the following courses:

#### 2.1.2.1 Anatomical Sciences Major

##### Level II

ANAT SC 2109 Cells, Tissues & Development II.....	3
and / or	
ANAT SC 2200 Functional Human Anatomy II.....	3
or	

Courses to the value of 3 units from Level II Health Sciences electives in PHYSIOL, PHARM, HLTH SC from Academic Program Rule 2.1.3.

##### Level III

Courses to the value of at least 12 units from the following:	
ANAT SC 3101 Anthropological & Forensic Anatomy III.....	3
ANAT SC 3102 Comparative Reproductive Biology of Mammals III.....	3

ANAT SC 3103 Integrative & Comparative Neuroanatomy III .....	3
ANAT SC 3104 Investigative Cell Biology III .....	3
ANAT SC 3500 Ethics, Science & Society .....	3

### 2.1.2.2 **Biochemistry Major**

#### Level I

PUB HLTH 3506 Public Health Theory & Practice III.....	6
or	
PUB HLTH 3119 Public Health Internship III.....	6
Courses to the value of at least 3 units from the following:	
PUB HLTH 3122 International Health III .....	3
PUB HLTH 3123 Evaluation in Public Health III .....	3
PUB HLTH 3124 Health Promotion III .....	3
PUB HLTH 3125 Indigenous Health III .....	3
PUB HLTH 3500EX Rural Public Health III.....	3

### 2.1.2.4 **Exercise Science Major**

#### Level II

ANAT SC 2200 Functional Human Anatomy II.....	3
HLTH SC 2101 Fundamentals of Biomechanics & Human Movement II .....	3
PHYSIOL 2510 Human Physiology IIA: Heart, Lung & Neuromuscular Physiology .....	3
PHYSIOL 2530 Principles of Exercise Science.....	3

#### Level III

HLTH SC 3100 Exercise, Nutrition & Metabolism .....	3
HLTH SC 3201 Exercise, Movement & Cognition.....	3
PHYSIOL 3200 Advanced Exercise Science.....	3
PHYSIOL 3120 Neuromotor Control of Human Movement.....	3

### 2.1.2.5 **Genetics Major**

#### Level I

BIOLOGY 1101 Molecules, Genes & Cells.....	3
--	---

#### Level II

GENETICS 2510 Genetics IIA: Foundation of Genetics.....	3
GENETICS 2520 Genetics IIB: Function & Diversity of Genomes .....	3

#### Level III

GENETICS 3111 Genes, Genomes and Molecular Evolution III .....	6
GENETICS 3211 Gene Expression and Human Developmental Genetics III .....	6

### 2.1.2.6 **Health Promotion Major**

#### Level II

PUB HLTH 2005 Essentials of Epidemiology II .....	3
PUB HLTH 2200 Social Foundations of Health II .....	3

#### Level III

PUB HLTH 3124 Health Promotion III .....	3
PUB HLTH 3506 Public Health Theory & Practice III.....	6
or	
PUB HLTH 3119 Public Health Internship III.....	6
Courses to the value of at least 3 units from the following:	
PUB HLTH 3122 International Health III .....	3
PUB HLTH 3123 Evaluation in Public Health III .....	3
PUB HLTH 3125 Indigenous Health III .....	3
PUB HLTH 3500EX Rural Public Health III.....	3
PUB HLTH 3501 Epidemiology in Action III ....	3

### 2.1.2.7 **Human Reproductive Health Major**

The human reproductive health major includes the core course PATHOL 2200 Biology of Disease and the following courses:

#### Level II

PHYSIOL 2520 Human Physiology IIB: Systems & Homeostasis.....	3
or	
ANAT SC 2109 Cells, Tissues & Development .....	3

### Level III

ANAT SC 3102 Comparative Reproductive Biology of Mammals III.....	3
OB&GYNAE 3000 Human Reproductive Health III.....	6
OB&GYNAE 3100 Research Project in Reproductive Health III.....	3

#### 2.1.2.8 Indigenous Health Major

##### Level II

PUB HLTH 2005 Essentials of Epidemiology II.....	3
PUB HLTH 2200 Social Foundations of Health II.....	3

##### Level III

PUB HLTH 3125 Indigenous Health III.....	3
PUB HLTH 3506 Public Health Theory & Practice III.....	6
or	
PUB HLTH 3119 Public Health Internship III.....	6
Courses to the value of at least 3 units from the following:	
PUB HLTH 3122 International Health III.....	3
PUB HLTH 3123 Evaluation in Public Health III.....	3
PUB HLTH 3124 Health Promotion III.....	3
PUB HLTH 3500EX Rural Public Health III.....	3
PUB HLTH 3501 Epidemiology in Action III.....	3

#### 2.1.2.9 Microbiology Major

##### Level I

BIOLOGY 1101 Molecules, Genes & Cells.....	3
--	---

##### Level II

MICRO 2500 Microbiology II.....	3
MICRO 2501 Immunology & Virology II.....	3

##### Level III

MICRO 3000 Infection and Immunity IIIA.....	6
MICRO 3001 Infection and Immunity IIIB.....	6

#### 2.1.2.10 Neuroscience Major

##### Level II

ANAT SC 2109 Cells, Tissues & Development II.....	3
PHYSIOL 2510 Human Physiology IIA: Heart, Lung & Neuromuscular Physiology.....	3

##### Level III

PHYSIOL 3001 Cellular & Systems Neurobiology.....	6
Courses to the value of at least 6 units from the following:	
PSYCHIAT 3200 Fundamentals of Biological Psychiatry III.....	3
PATHOL 3200 Neurological Diseases III.....	3
ANAT SC 3103 Integrative & Comparative Neuroanatomy III.....	3

#### 2.1.2.11 Nutrition Major

##### Level II

HLTH SC 2100 Fundamentals of Human Nutrition II.....	3
PHYSIOL 2520 Human Physiology IIB: Systems and Homeostasis.....	3

##### Level III

HLTH SC 3100 Exercise, Nutrition & Metabolism III.....	3
HLTH SC 3200 Life Span Nutrition III.....	3
FOOD SC 3502WT Nutrition III.....	3
ANAT SC 3104 Investigative Cell Biology III.....	3

#### 2.1.2.12 Pathology Major

The pathology major includes the core course PATHOL 2200 Biology of Disease and the following courses:

##### Level II

Courses to the value of 3 units chosen from Level II electives in ANAT SC, PHYSIOL, PHARM, HLTH SC from Academic Program Rule 2.1.3.

##### Level III

PATHOL 3003 Essentials of Pathology.....	6
PATHOL 3100 Topics in Forensic Sciences.....	3
PATHOL 3200 Neurological Diseases.....	3

#### 2.1.2.13 Pharmacology Major

The pharmacology major includes the core course PHARM 2100 Pharmacology IIA: Drugs & Health and the following courses:

##### Level II

PHARM 2200 Pharmacology IIB: Drugs & Society.....	3
---	---

or

Courses to the value of 3 units from Level II Health Sciences electives in ANAT SC, PHYSIOL, HLTH SC from Academic Program Rule 2.1.3.

##### Level III

PHARM 3010 Pharmacology: Drug Action and Discovery.....	6
PHARM 3011 Pharmacology: Drug Development & Therapeutics.....	6

#### 2.1.2.14 Physiology Major

##### Level II

PHYSIOL 2510 Human Physiology IIA: Heart, Lung & Neuromuscular Physiology.....	3
PHYSIOL 2520 Human Physiology IIB: Systems & Homeostasis.....	3

##### Level III

Courses to the value of at least 12 units from the following:	
PHYSIOL 3000 Integrative & Applied Systems Physiology.....	6

PHYSIOL 3001 Cellular & Systems Neurobiology .....	6
PHYSIOL 3200 Advanced Exercise Science .....	3
PHYSIOL 3120 Neuromotor Control of Human Movement.....	3

### 2.1.3 Electives

#### *Health Sciences Electives*

##### **Level I**

PSYCHOL 1000 Psychology IA.....	3
PSYCHOL 1001 Psychology IB.....	3
PSYCHOL 1004 Research Methods in Psychology.....	3
PSYCHIAT 1001 Person, Culture & Medicine I .....	3

PUB HLTH 3122 International Health III .....	3
PUB HLTH 3123 Evaluation in Public Health III .....	3
PUB HLTH 3124 Health Promotion III .....	3
PUB HLTH 3125 Indigenous Health III .....	3
PUB HLTH 3500EX Rural Public Health III.....	3
PUB HLTH 3501 Epidemiology in Action III ....	3

#### **Open Electives**

Students may take electives offered by the Faculty of Arts, School of Economics, Business School, School of Mathematical and Computer Sciences or Faculty of Sciences that are available to them.

### 2.1.4 Law Requirements

In addition to the requirements for the Bachelor of Health Sciences, students must complete courses to the value of at least 72 units for the degree of Bachelor of Laws as required by the Academic Program Rules for the degree of Bachelor of Laws.

### 2.1.5 Repeating Courses

A student who has failed a course twice may not enrol in that course again except by special permission of the Faculty and then only under such conditions as the Faculty may prescribe.

# Bachelor of Health Sciences / Bachelor of Social Sciences (BHLthSc BSocSc)

These Program Rules should be read in conjunction with the University's policies (<http://www.adelaide.edu.au/policies>).

## Overview

This degree is designed to provide students with the opportunity to qualify for both the degree of Bachelor of Health Sciences and the degree of Bachelor of Social Sciences. This will provide graduates with a broad education in health as well as developing skill and knowledge in applied social research and policy analysis.

The Bachelor of Health Sciences / Bachelor of Social Sciences is an AQF Level 7 qualification with a standard full-time duration of 4 years.

## 1. Academic Program Rules for Bachelor of Health Sciences / Bachelor of Social Sciences

There shall be a Bachelor of Health Sciences / Bachelor of Social Sciences.

## 2. Qualification Requirements

### 2.1 Academic Program

To qualify for the degree of Bachelor of Health Sciences / Bachelor of Social Sciences, the student must complete satisfactorily a program of study consisting of the following courses with a combined total of not less than 96 units. At each Level students must complete at least 12 units of Health Sciences courses from Academic Program Rule 2.1.3. Core courses and courses taken as part of a major contribute to these 12 units. At Level III students must complete 24 units separately for each degree as outlined below:

#### 2.1.1 Core Courses

##### Level I

ANAT SC 1102 Human Biology IA.....	3
ANAT SC 1103 Human Biology IB.....	3
PUB HLTH 1001 Public Health IA.....	3
PUB HLTH 1002 Public Health IB.....	3
GEOG 1101 Globalisation, Justice and a Crowded Planet.....	3
GSSA 1001EX Social Sciences in Australia.....	3
POLI 1101 Introduction to Australian Politics.....	3
ARTS 1007 The Enquiring Mind: Arts of Engagement.....	3

##### Level II

PHARM 2100 Pharmacology IIA: Drugs & Health.....	3
PATHOL 2200 Biology of Disease II.....	3
GEOG 2132 Social Science Techniques.....	3
GSSA 2020 Social Theory in Action.....	3
GSSA 2103 Politics, Policy and Citizenship.....	3
GSSA 2110 Social Research: Working Skills for Social Sciences.....	3

##### Level III

GSSA 3017 Social Research Advanced: Real World Practice.....	3
--	---

Advanced level courses to the value of 6 units from the Social Sciences closed electives list.

### 2.1.2 Majors

Majors are available in:

Anatomical Sciences
Biochemistry
Epidemiology
Exercise Science
Genetics
Health Promotion
Human Reproductive Health
Indigenous Health
Microbiology
Neuroscience
Nutrition
Pathology
Pharmacology
Physiology

Students must complete at least one major from a Health Sciences discipline or interdisciplinary area, or a Molecular and Biomedical Sciences discipline consisting of the core courses and in addition the following courses:

#### 2.1.2.1 Anatomical Sciences Major

##### Level II

ANAT SC 2109 Cells, Tissues & Development II.....	3
and / or	
ANAT SC 2200 Functional Human Anatomy II.....	3
or	

Courses to the value of 3 units from Level II Health Sciences electives in PHYSIOL, PHARM, HLTH SC from Academic Program Rule 2.1.3.

**Level III**

Courses to the value of at least 12 units from the following:

ANAT SC 3101 Anthropological & Forensic Anatomy III ..... 3  
 ANAT SC 3102 Comparative Reproductive Biology of Mammals III..... 3  
 ANAT SC 3103 Integrative & Comparative Neuroanatomy III ..... 3  
 ANAT SC 3104 Investigative Cell Biology III.... 3  
 ANAT SC 3500 Ethics, Science & Society ..... 3

**2.1.2.2 Biochemistry Major**

**Level I**

BIOLOGY 1101 Molecules, Genes & Cells..... 3  
 CHEM 1100 Chemistry IA..... 3  
 CHEM 1200 Chemistry IB..... 3  
 or  
 CHEM 1101 Foundations of Chemistry IA..... 3  
 CHEM 1201 Foundations of Chemistry IB..... 3

**Level II**

BIOCHEM 2500 Biochemistry II: Molecular & Cell Biology ..... 3  
 BIOCHEM 2501 Biochemistry II: Metabolism..... 3

**Level III**

BIOCHEM 3000 Molecular and Structural Biology III ..... 6  
 BIOCHEM 3001 Cancer, Stem Cells and Development III..... 6

**2.1.2.3 Epidemiology Major**

**Level II**

PUB HLTH 2005 Essentials of Epidemiology II ..... 3  
 PUB HLTH 2100 Investigating Health and Disease in Populations II ..... 3

**Level III**

PUB HLTH 3501 Epidemiology in Action III .... 3  
 PUB HLTH 3506 Public Health Theory & Practice III..... 6  
 or  
 PUB HLTH 3119 Public Health Internship III.....6  
 Courses to the value of at least 3 units from the following:  
 PUB HLTH 3122 International Health III ..... 3  
 PUB HLTH 3123 Evaluation in Public Health III ..... 3  
 PUB HLTH 3124 Health Promotion III ..... 3  
 PUB HLTH 3125 Indigenous Health III ..... 3  
 PUB HLTH 3500EX Rural Public Health III..... 3

**2.1.2.4 Exercise Science Major**

**Level II**

ANAT SC 2200 Functional Human Anatomy II..... 3  
 HLTH SC 2101 Fundamentals of Biomechanics & Human Movement II ..... 3  
 PHYSIOL 2510 Human Physiology IIA: Heart, Lung & Neuromuscular Physiology ..... 3  
 PHYSIOL 2530 Principles of Exercise Science..... 3

**Level III**

HLTH SC 3100 Exercise, Nutrition & Metabolism ..... 3  
 HLTH SC 3201 Exercise, Movement & Cognition..... 3  
 PHYSIOL 3200 Advanced Exercise Science .....3  
 PHYSIOL 3120 Neuromotor Control of Human Movement..... 3

**2.1.2.5 Genetics Major**

**Level I**

BIOLOGY 1101 Molecules, Genes & Cells..... 3

**Level II**

GENETICS 2510 Genetics IIA: Foundation of Genetics ..... 3  
 GENETICS 2520 Genetics IIB: Function & Diversity of Genomes ..... 3

**Level III**

GENETICS 3111 Genes, Genomes and Molecular Evolution III ..... 6  
 GENETICS 3211 Gene Expression and Human Developmental Genetics III ..... 6

**2.1.2.6 Health Promotion Major**

**Level II**

PUB HLTH 2005 Essentials of Epidemiology II ..... 3  
 PUB HLTH 2200 Social Foundations of Health II ..... 3

**Level III**

PUB HLTH 3124 Health Promotion III ..... 3  
 PUB HLTH 3506 Public Health Theory & Practice III..... 6  
 or  
 PUB HLTH 3119 Public Health Internship III.....6  
 Courses to the value of at least 3 units from the following:  
 PUB HLTH 3122 International Health III ..... 3  
 PUB HLTH 3123 Evaluation in Public Health III ..... 3  
 PUB HLTH 3125 Indigenous Health III ..... 3  
 PUB HLTH 3500EX Rural Public Health III..... 3  
 PUB HLTH 3501 Epidemiology in Action III .... 3

### 2.1.2.7 Human Reproductive Health Major

The human reproductive health major includes the core course PATHOL 2200 Biology of Disease and the following courses:

#### Level II

PHYSIOL 2520 Human Physiology IIB: Systems & Homeostasis..... 3  
or

ANAT SC 2109 Cells, Tissues & Development ..... 3

#### Level III

ANAT SC 3102 Comparative Reproductive Biology of Mammals III..... 3  
OB&GYNAE 3000 Human Reproductive Health III ..... 6  
OB&GYNAE 3100 Research Project in Reproductive Health III ..... 3

### 2.1.2.8 Indigenous Health Major

#### Level II

PUB HLTH 2005 Essentials of Epidemiology II ..... 3  
PUB HLTH 2200 Social Foundations of Health II ..... 3

#### Level III

PUB HLTH 3125 Indigenous Health III ..... 3  
PUB HLTH 3506 Public Health Theory & Practice III..... 6  
or

PUB HLTH 3119 Public Health Internship III.....6  
Courses to the value of at least 3 units from the following:

PUB HLTH 3122 International Health III ..... 3  
PUB HLTH 3123 Evaluation in Public Health III ..... 3  
PUB HLTH 3124 Health Promotion III ..... 3  
PUB HLTH 3500EX Rural Public Health III..... 3  
PUB HLTH 3501 Epidemiology in Action III .... 3

### 2.1.2.9 Microbiology Major

#### Level I

BIOLOGY 1101 Molecules, Genes & Cells..... 3

#### Level II

MICRO 2500 Microbiology II..... 3  
MICRO 2501 Immunology & Virology II ..... 3

#### Level III

MICRO 3000 Infection and Immunity IIIA..... 6  
MICRO 3001 Infection and Immunity IIIB..... 6

### 2.1.2.10 Neuroscience Major

#### Level II

ANAT SC 2109 Cells, Tissues & Development II ..... 3  
PHYSIOL 2510 Human Physiology IIA: Heart, Lung & Neuromuscular Physiology ..... 3

#### Level III

PHYSIOL 3001 Cellular & Systems Neurobiology ..... 6  
Courses to the value of at least 6 units from the following:  
PSYCHIAT 3200 Fundamentals of Biological Psychiatry III ..... 3  
PATHOL 3200 Neurological Diseases III ..... 3  
ANAT SC 3103 Integrative & Comparative Neuroanatomy III ..... 3

### 2.1.2.11 Nutrition Major

#### Level II

HLTH SC 2100 Fundamentals of Human Nutrition II ..... 3  
PHYSIOL 2520 Human Physiology IIB: Systems and Homeostasis ..... 3

#### Level III

HLTH SC 3100 Exercise, Nutrition & Metabolism III ..... 3  
HLTH SC 3200 Life Span Nutrition III ..... 3  
FOOD SC 3502WT Nutrition III..... 3  
ANAT SC 3104 Investigative Cell Biology III.... 3

### 2.1.2.12 Pathology Major

The pathology major includes the core course PATHOL 2200 Biology of Disease and the following courses:

#### Level II

Courses to the value of 3 units from Level II electives in ANAT SC, PHYSIOL, PHARM, HLTH SC from Academic Program Rule 2.1.3.

#### Level III

PATHOL 3003 Essentials of Pathology ..... 6  
PATHOL 3100 Topics in Forensic Sciences... 3  
PATHOL 3200 Neurological Diseases ..... 3

### 2.1.2.13 Pharmacology Major

The pharmacology major includes the core course PHARM 2100 Pharmacology IIA: Drugs & Health and the following courses:

#### Level II

PHARM 2200 Pharmacology IIB: Drugs & Society ..... 3  
or

Courses to the value of 3 units from Level II Health Sciences electives in ANAT SC, PHYSIOL, HLTH SC from Academic Program Rule 2.1.3.

#### Level III

PHARM 3010 Pharmacology: Drug Action and Discovery ..... 6  
PHARM 3011 Pharmacology: Drug Development & Therapeutics ..... 6

### 2.1.2.14 Physiology Major

#### Level II

PHYSIOL 2510 Human Physiology IIA: Heart, Lung & Neuromuscular Physiology .....	3
PHYSIOL 2520 Human Physiology IIB: Systems & Homeostasis.....	3

#### Level III

Courses to the value of at least 12 units from the following:

PHYSIOL 3000 Integrative & Applied Systems Physiology .....	6
PHYSIOL 3001 Cellular & Systems Neurobiology .....	6
PHYSIOL 3200 Advanced Exercise Science.....	3
PHYSIOL 3120 Neuromotor Control of Human Movement.....	3

### 2.1.3 Electives

#### Health Sciences Electives

##### Level I

PSYCHOL 1000 Psychology IA.....	3
PSYCHOL 1001 Psychology IB.....	3
PSYCHOL 1004 Research Methods in Psychology.....	3
PSYCHIAT 1001 Person, Culture & Medicine I .....	3
PUB HLTH 1003 Communication for Health Sciences.....	3

##### Level II

ANAT SC 2109 Cells, Tissues & Development II .....	3
ANAT SC 2200 Functional Human Anatomy II.....	3
HLTH SC 2100 Fundamentals of Human Nutrition .....	3
HLTH SC 2101 Fundamentals of Biomechanics & Human Movement II .....	3

PUB HLTH 3500EX Rural Public Health III.....	3
PUB HLTH 3501 Epidemiology in Action III ...	3

##### Social Sciences Closed Electives

ARTS 2001 Arts Internship .....	6
or	
GEOG 2154 Applied Population Analysis.....	3
plus	

Courses to the value of 3 units from the following:

ANTH 2040 Ethnography: Engaged Social Research .....	3
ANTH 2052 Australia: Communities, Connection, Contestation.....	3
ARTS 2100 Community Engagement Learning Project.....	3
DEVT 2002 Rights and Development .....	3
DEVT 2101 Community, Gender and Critical Development .....	3
GEOG 2129 Introductory Geographic Information Systems .....	3
GEOG 2140 Environmental Change.....	3
GEOG 2153 Housing Policy and Practice in Australia .....	3
GSSA 2018/EX Gender and Sexuality: Contemporary Perspectives .....	3
GSSA 2019/EX Encountering Human Rights: Global Citizenship .....	3
GSSA 2021/EX Media Images and Representation .....	3
GSSA 2100/EX Consumption, Work and the Self .....	3
GSSA 2102 Gender, Bodies and Health.....	3
GSSA 2105/EX Gender and Race in a Postcolonial World.....	3
GSSA 2107/EX Media and Social Change .....	3
GSSA 2108/EX Life on Screen: Social Issues through Film.....	3
GSSA 2109/EX Public Scandals & Moral Panics.....	3
GSSA 3102 Gender and Popular Culture .....	3

**Open Electives**

For each award at Level III students may also take courses to the value of no more than 12 units from courses offered by the Faculty of Arts, School of Economics, Business School, School of Mathematical and Computer Sciences or Faculty of Sciences that are available to them.

**2.1.4 Repeating Courses**

A student who has failed a course twice may not enrol in that course again except by special permission of the Faculty and then only under such conditions as the Faculty may prescribe.

# Bachelor of Health Sciences / Bachelor of Mathematical and Computer Sciences (BHlthSc BMaCompSc)

These Program Rules should be read in conjunction with the University's policies (<http://www.adelaide.edu.au/policies>).

## Overview

This degree is designed to provide students with the opportunity to qualify for both the degree of Bachelor of Health Sciences and the degree of Bachelor of Mathematical and Computer Sciences. This will provide graduates with a broad education in health as well as developing skill and knowledge in mathematics and computer science.

This program has two pathways dependent on whether or not the student has completed SACE Stage 2 Mathematical Studies and Specialist Maths.

The Bachelor of Health Sciences / Bachelor of Mathematical and Computer Sciences is an AQF Level 7 qualification with a standard full-time duration of 4 years.

## 1. Academic Program Rules for Bachelor of Health Sciences / Bachelor of Mathematical and Computer Sciences

There shall be a Bachelor of Health Sciences / Bachelor of Mathematical and Computer Sciences.

## 2. Qualification Requirements

### 2.1 Academic Program

To qualify for the degree of Bachelor of Health Sciences / Bachelor of Mathematical and Computer Sciences the student must complete satisfactorily a program of study consisting of the following courses with a combined total of not less than 96 units. At each Level students must complete at least 12 units of Health Sciences courses from Academic Program Rule 2.1.3. Core courses and courses taken as part of a major contribute to these 12 units. At Level III students must complete 24 units separately for each degree as outlined below:

#### 2.1.1 Core Courses

##### Level I

##### **Mathematics IA pathway**

ANAT SC 1102 Human Biology IA.....	3
ANAT SC 1103 Human Biology IB.....	3

STATS 2107 Statistical Modelling & Inference.....	3

##### Level III

APP MATHS 3001 Applied Probability III.....	3
MATHS 2102 Differential Equations.....	3
MATHS 3015 Communication Skills III.....	3
STATS 3001 Statistical Modelling III.....	3
STATS 3006 Mathematical Statistics III.....	3
STATS 3008 Biostatistics III.....	3

#### 2.1.2 Majors

Majors are available in:

Anatomical Sciences  
 Biochemistry  
 Epidemiology  
 Exercise Science  
 Genetics  
 Health Promotion  
 Human Reproductive Health  
 Indigenous Health  
 Microbiology

Neuroscience  
 Nutrition  
 Pathology  
 Pharmacology  
 Physiology

Students must complete at least one major from a Health Sciences discipline or interdisciplinary area, or a Molecular and Biomedical Sciences discipline consisting of the core courses and in addition the following courses:

### 2.1.2.1 Anatomical Sciences Major

#### Level II

ANAT SC 2109 Cells, Tissues & Development II ..... 3  
 and/or  
 ANAT SC 2200 Functional Human Anatomy II ..... 3  
 or

Courses to the value of 3 units from Level II Health Sciences electives in PHYSIOL, PHARM, HLTH SC from Academic Program Rule 2.1.3.

#### Level III

Courses to the value of at least 12 units from the following:  
 ANAT SC 3101 Anthropological & Forensic Anatomy III ..... 3  
 ANAT SC 3102 Comparative Reproductive Biology of Mammals III ..... 3  
 ANAT SC 3103 Integrative & Comparative Neuroanatomy III ..... 3  
 ANAT SC 3104 Investigative Cell Biology III ..... 3  
 ANAT SC 3500 Ethics, Science & Society ..... 3

### 2.1.2.2 Biochemistry Major

#### Level I

BIOLOGY 1101 Molecules, Genes & Cells ..... 3  
 CHEM 1100 Chemistry IA ..... 3  
 CHEM 1200 Chemistry IB ..... 3  
 or  
 CHEM 1101 Foundations of Chemistry IA ..... 3  
 CHEM 1201 Foundations of Chemistry IB ..... 3

#### Level II

BIOCHEM 2500 Biochemistry II: Molecular & Cell Biology ..... 3  
 BIOCHEM 2501 Biochemistry II: Metabolism ..... 3

#### Level III

BIOCHEM 3000 Molecular and Structural Biology III ..... 6  
 BIOCHEM 3001 Cancer, Stem Cells and Development III ..... 6

### 2.1.2.3 Epidemiology Major

#### Level II

PUB HLTH 2005 Essentials of Epidemiology II ..... 3  
 PUB HLTH 2100 Investigating Health and Disease in Populations II ..... 3

#### Level III

PUB HLTH 3501 Epidemiology in Action III .... 3  
 PUB HLTH 3506 Public Health Theory & Practice III ..... 6  
 or  
 PUB HLTH 3119 Public Health Internship III ... 6  
 Courses to the value of at least 3 units from the following:

PUB HLTH 3122 International Health III ..... 3  
 PUB HLTH 3123 Evaluation in Public Health III ..... 3  
 PUB HLTH 3124 Health Promotion III ..... 3  
 PUB HLTH 3125 Indigenous Health III ..... 3  
 PUB HLTH 3500EX Rural Public Health III ..... 3

### 2.1.2.4 Exercise Science Major

#### Level II

ANAT SC 2200 Functional Human Anatomy II ..... 3  
 HLTH SC 2101 Fundamentals of Biomechanics & Human Movement II ..... 3  
 PHYSIOL 2510 Human Physiology II: Heart, Lung & Neuromuscular Physiology ..... 3  
 PHYSIOL 2530 Principles of Exercise Science ..... 3

#### Level III

HLTH SC 3100 Exercise, Nutrition & Metabolism ..... 3  
 HLTH SC 3201 Exercise, Movement & Cognition ..... 3  
 PHYSIOL 3200 Advanced Exercise Science ..... 3  
 PHYSIOL 3120 Neuromotor Control of Human Movement ..... 3

### 2.1.2.5 Genetics Major

#### Level I

BIOLOGY 1101 Molecules, Genes & Cells ..... 3

#### Level II

GENETICS 2510 Genetics IIA: Foundation of Genetics ..... 3  
 GENETICS 2520 Genetics IIB: Function & Diversity of Genomes ..... 3

#### Level III

GENETICS 3111 Genes, Genomes and Molecular Evolution III ..... 6  
 GENETICS 3211 Gene Expression and Human Developmental Genetics III ..... 6

### 2.1.2.6 Health Promotion Major

#### Level II

PUB HLTH 2005 Essentials of Epidemiology II .....	3
PUB HLTH 2200 Social Foundations of Health II .....	3

#### Level III

PUB HLTH 3124 Health Promotion III .....	3
PUB HLTH 3506 Public Health Theory & Practice III.....	6
or	
PUB HLTH 3119 Public Health Internship III.....	6
Courses to the value of at least 3 units from the following:	
PUB HLTH 3122 International Health III .....	3
PUB HLTH 3123 Evaluation in Public Health III .....	3
PUB HLTH 3125 Indigenous Health III .....	3
PUB HLTH 3500EX Rural Public Health III.....	3
PUB HLTH 3501 Epidemiology in Action III ....	3

### 2.1.2.7 Human Reproductive Health Major

The human reproductive health major includes the core course PATHOL 2200 Biology of Disease and the following courses:

#### Level II

PHYSIOL 2520 Human Physiology IIB: Systems & Homeostasis.....	3
or	
ANAT SC 2109 Cells, Tissues & Development .....	3

#### Level III

ANAT SC 3102 Comparative Reproductive Biology of Mammals III.....	3
OB&GYNAE 3000 Human Reproductive Health III .....	6
OB&GYNAE 3100 Research Project in Reproductive Health III .....	3

### 2.1.2.8 Indigenous Health Major

#### Level II

PUB HLTH 2005 Essentials of Epidemiology II .....	3
PUB HLTH 2200 Social Foundations of Health II .....	3

#### Level III

PUB HLTH 3125 Indigenous Health III .....	3
PUB HLTH 3506 Public Health Theory & Practice III.....	6
or	
PUB HLTH 3119 Public Health Internship III.....	6
Courses to the value of at least 3 units from the following:	
PUB HLTH 3122 International Health III .....	3

PUB HLTH 3123 Evaluation in Public Health III .....	3
PUB HLTH 3124 Health Promotion III .....	3
PUB HLTH 3500EX Rural Public Health III.....	3
PUB HLTH 3501 Epidemiology in Action III ....	3

### 2.1.2.9 Microbiology Major

#### Level I

BIOLOGY 1101 Molecules, Genes & Cells .....	3
---	---

#### Level II

MICRO 2500 Microbiology II .....	3
MICRO 2501 Immunology & Virology II .....	3

#### Level III

MICRO 3000 Infection and Immunity IIIA.....	6
MICRO 3001 Infection and Immunity IIIB .....	6

### 2.1.2.10 Neuroscience Major

#### Level II

ANAT SC 2109 Cells, Tissues & Development II .....	3
PHYSIOL 2510 Human Physiology IIA: Heart, Lung & Neuromuscular Physiology .....	3

#### Level III

PHYSIOL 3001 Cellular & Systems Neurobiology .....	6
Courses to the value of at least 6 units from the following:	
PSYCHIAT 3200 Fundamentals of Biological Psychiatry III .....	3
PATHOL 3200 Neurological Diseases III .....	3
ANAT SC 3103 Integrative & Comparative Neuroanatomy III .....	3

### 2.1.2.11 Nutrition Major

#### Level II

HLTH SC 2100 Fundamentals of Human Nutrition II .....	3
PHYSIOL 2520 Human Physiology IIB: Systems and Homeostasis .....	3

#### Level III

HLTH SC 3100 Exercise, Nutrition & Metabolism III .....	3
HLTH SC 3200 Life Span Nutrition III .....	3
FOOD SC 3502WT Nutrition III.....	3
ANAT SC 3104 Investigative Cell Biology III....	3

### 2.1.2.12 Pathology Major

The pathology major includes the core course PATHOL 2200 Biology of Disease and the following courses:

#### Level II

Courses to the value of 3 units from Level II electives in ANAT SC, PHYSIOL, PHARM, HLTH SC from Academic Program Rule 2.1.3.

**Level III**

PATHOL 3003 Essentials of Pathology .....	6
PATHOL 3100 Topics in Forensic Sciences...	3
PATHOL 3200 Neurological Diseases .....	3

**2.1.2.13 Pharmacology Major**

The pharmacology major includes the core course PHARM 2100 Pharmacology IIA: Drugs & Health and the following courses:

**Level II**

PHARM 2200 Pharmacology IIB: Drugs & Society .....	3
--	---

or

Courses to the value of 3 units from Level II Health Sciences electives in ANAT SC, PATHOL, PHYSIOL, HLTH SC from Academic Program Rule 2.1.3.

**Level III**

PHARM 3010 Pharmacology: Drug Action and Discovery .....	6
PHARM 3011 Pharmacology: Drug Development & Therapeutics .....	6

**2.1.2.14 Physiology Major****Level II**

PHYSIOL 2510 Human Physiology IIA: Heart, Lung & Neuromuscular Physiology .....	3
PHYSIOL 2520 Human Physiology IIB: Systems & Homeostasis.....	3

**Level III**

Courses to the value of at least 12 units from the following:

PHYSIOL 3000 Integrative & Applied Systems Physiology .....	6
PHYSIOL 3001 Cellular & Systems Neurobiology .....	6
PHYSIOL 3200 Advanced Exercise Science .....	3
PHYSIOL 3120 Neuromotor Control of Human Movement.....	3

**2.1.3 Electives****Health Sciences Electives****Level I**

PSYCHOL 1000 Psychology IA.....	3
PSYCHOL 1001 Psychology IB.....	3
PSYCHOL 1004 Research Methods in Psychology.....	3
PSYCHIAT 1001 Person, Culture & Medicine I .....	3
PUB HLTH 1003 Communication for Health Sciences.....	3

**Level II**

ANAT SC 2109 Cells, Tissues & Development II .....	3
ANAT SC 2200 Functional Human Anatomy II.....	3

HLTH SC 2100 Fundamentals of Human Nutrition .....	3
HLTH SC 2101 Fundamentals of Biomechanics & Human Movement II .....	3
PHARM 2200 Pharmacology IIB: Drugs & Society .....	3
PHYSIOL 2510 Human Physiology IIA: Heart, Lung & Neuromuscular Physiology .....	3
PHYSIOL 2520 Human Physiology IIB: Systems & Homeostasis.....	3
HLTH SC 2102 Principles of Exercise Science.....	3
PSYCHOL 2004 Doing Research in Psychology.....	3
PSYCHOL 2005 Foundations of Health & Lifespan Development .....	3
PSYCHOL 2006 Foundations of Perception & Cognition.....	3
PSYCHOL 2007 Psychology in Society .....	3
PSYCHIAT 2200 Emotion, Culture & Medicine II .....	3
PUB HLTH 2100 Investigating Health and Disease in Populations II .....	3
PUB HLTH 2200 Social Foundations of Health II .....	3
PUB HLTH 2500 Essentials of Epidemiology II .....	3

**Level III**

ANAT SC 3101 Anthropological & Forensic Anatomy III.....	3
ANAT SC 3102 Comparative Reproductive Biology of Mammals III.....	3
ANAT SC 3103 Integrative & Comparative Neuroanatomy III .....	3
ANAT SC 3104 Investigative Cell Biology III .....	3
ANAT SC 3500 Ethics, Science & Society .....	3
HLTH SC 3100 Exercise, Nutrition & Metabolism .....	3
HLTH SC 3200 Life Span Nutrition .....	3
HLTH SC 3201 Exercise, Movement & Cognition.....	3
HLTH SC 3500 Evolution & Human Health.....	3
OB&GYNAE 3000 Human Reproductive Health III .....	6
OB&GYNAE 3100 Research Project in Reproductive Health III .....	3
PATHOL 3003 Essentials of Pathology .....	6
PATHOL 3100 Topics in Forensic Sciences.....	3
PATHOL 3200 Neurological Diseases .....	3
PHARM 3010 Pharmacology: Drug Action and Discovery .....	6
PHARM 3011 Pharmacology: Drug Development & Therapeutics .....	6
PHYSIOL 3000 Integrative & Applied Systems Physiology .....	6

PHYSIOL 3001 Cellular & Systems Neurobiology .....	6
PHYSIOL 3200 Advanced Exercise Science .....	3
PHYSIOL 3120 Neuromotor Control of Human Movement III.....	3
PSYCHIAT 3200 Fundamentals of Biological Psychiatry III .....	3
PUB HLTH 3122 International Health III .....	3
PUB HLTH 3123 Evaluation in Public Health III .....	3
PUB HLTH 3124 Health Promotion III .....	3
PUB HLTH 3125 Indigenous Health III .....	3
PUB HLTH 3500EX Rural Public Health III.....	3
PUB HLTH 3501 Epidemiology in Action III ....	3

**Mathematical and Computer Sciences Electives**

At Level III students must complete 6 units of Mathematical and Computer Science courses from the following:

COMP SCI 2000 Computer Systems .....	3
COMP SCI 2002 Database & Information Systems .....	3
COMP SCI 2005 Systems Programming C and C++ .....	3
COMP SCI 2006 Introduction to Software Engineering .....	3
COMP SCI 2201 Algorithm & Data Structure Analysis .....	3
MATHS 2104 Numerical Methods .....	3
MATHS 2100 Real Analysis .....	3
PURE MTH 2106 Algebra .....	3
APP MTH 3000 Computational Mathematics III .....	3
APP MTH 3002 Fluid Mechanics III.....	3
APP MTH 3004 Mathematical Biology III.....	3
APP MTH 3010 Variational Methods & Optimal Control III.....	3
APP MTH 3012 Financial Modelling: Tools & Techniques III .....	3
APP MTH 3013 Differential Equations III .....	3
APP MTH 3014 Optimisation III .....	3
APP MTH 3016 Random Processes III.....	3
APP MTH 3017 Waves III .....	3
APP MTH 3019 Mathematical Modeling in Nanotechnology III.....	3
APP MTH 3020 Stochastic Decision Theory III .....	3
COMP SCI 3001 Computer Networks and Applications .....	3
COMP SCI 3002 Programming Techniques....	3
COMP SCI 3004 Operating Systems .....	3
COMP SCI 3005 Computer Architecture .....	3
COMP SCI 3006 Software Engineering & Project .....	3

COMP SCI 3007 Artificial Intelligence.....	3
COMP SCI 3009 Advanced Programming Paradigms .....	3
COMP SCI 3012 Distributed Systems .....	3
COMP SCI 3013 Event Driven Computing.....	3
COMP SCI 3014 Computer Graphics.....	3
PURE MTH 3002 Topology & Analysis III .....	3
PURE MTH 3003 Number Theory III .....	3
PURE MTH 3007 Groups & Rings III .....	3
PURE MTH 3009 Integrations & Analysis III....	3
PURE MTH 3018 Coding & Cryptology III .....	3
PURE MTH 3019 Complex Analysis III.....	3
PURE MTH 3021 Logic & Computability III .....	3
PURE MTH 3022 Geometry of Surfaces III.....	3
PURE MTH 3023 Fields & Modules III.....	3
PURE MTH 3024 Finite Geometry III.....	3
STATS 3003 Sampling Theory & Practice III ....	3
STATS 3005 Time Series III.....	3

**Open Electives**

At Level III for the Bachelor of Health Sciences students may also take courses to the value of no more than 12 units from courses offered by the Faculty of Arts, School of Economics, Business School, School of Mathematical and Computer Sciences or Faculty of Sciences that are available to them.

**2.1.4 Repeating Courses**

A student who has failed a course twice may not enrol in that course again except by special permission of the Faculty and then only under such conditions as the Faculty may prescribe.

# Bachelor of Health Sciences (Advanced) (BHlthSc(Adv))

These Program Rules should be read in conjunction with the University's policies (<http://www.adelaide.edu.au/policies>).

## Overview

The Bachelor of Health Sciences (Advanced) is designed for high-achieving students who wish to develop their knowledge and understanding of health science, with a strong emphasis on research skill development of knowledge translation. Students can elect to study a single major or two majors and will participate in a specially designed cohort experience including academic and career mentoring, journal club and attendance at specialist seminars and workshops focused on their area of specialisation.

The Bachelor of Health Sciences (Advanced) is an AQF Level 7 qualification with a standard full-time duration of three years.

### Condition of Enrolment

Students enrolled in this program must maintain a GPA of 5.0 or will be required to transfer to the Bachelor of Health Sciences.

## 1. Academic Program Rules for Bachelor of Health Sciences (Advanced)

There shall be a Bachelor of Health Sciences (Advanced).

## 2. Qualification requirements

### 2.1 Academic Program

To qualify for the degree of Bachelor of Health Sciences (Advanced), the student must complete satisfactorily a program of study consisting of the following courses with a combined total of not less than 72 units. At each Level students must complete at least 12 units of Health Sciences courses from Academic Program Rule 2.1.3. Core courses and courses taken as part of a major contribute to these 12 units. At each Level students may also take up to 12 units of Open electives from Academic Program Rule 2.1.3. At least 9 units must be Broadening electives.

#### 2.1.1 Core courses

##### Level I

ANAT SC 1102 Human Biology IA.....	3
ANAT SC 1103 Human Biology IB.....	3
PUB HLTH 1001 Public Health IA.....	3
PUB HLTH 1002 Public Health IB.....	3

##### Level II

PATHOL 2200 Biology of Disease II.....	3
HEALTH 2000 Experimental Research in Health Sciences (Adv) II.....	3

##### Level III

HEALTH 3000 Advanced Research Project III.....	6
--	---

### 2.1.2 Majors

Students must complete two majors. The first major must be taken from the advanced degree majors:

Epidemiology  
Human Reproductive Health  
Nutrition

The second major may be taken either from the advanced degree majors or from the following:

Anatomical Sciences  
Biochemistry  
Exercise Science  
Genetics  
Health Promotion  
Indigenous Health  
Microbiology  
Neuroscience  
Pathology  
Pharmacology  
Physiology

### Advanced Degree Majors

#### 2.1.2.1 Epidemiology major

##### Level II

PUB HLTH 2005 Essentials of Epidemiology II.....	3
PUB HLTH 2100 Investigating Health and Disease in Populations II.....	3

##### Level III

PUB HLTH 3501 Epidemiology in Action III.....	3
Courses to the value of 3 units from the following:	
PUB HLTH 3122 International Health III.....	3
PUB HLTH 3123 Evaluation in Public Health III.....	3
PUB HLTH 3124 Health Promotion III.....	3
PUB HLTH 3125 Indigenous Health III.....	3
PUB HLTH 3500EX Rural Public Health III.....	3

### 2.1.2.2 Human Reproductive Health major

#### Level II

PHYSIOL 2520 Human Physiology IIB:  
Systems & Homeostasis..... 3

or

ANAT SC 2109 Cells, Tissues &  
Development ..... 3

#### Level III

OB&GYN 3000 Human Reproductive  
Health III ..... 6

### 2.1.2.3 Nutrition major

#### Level II

HLTH SC 2100 Fundamentals of Human  
Nutrition II ..... 3

PHYSIOL 2520 Human Physiology IIB:  
Systems and Homeostasis ..... 3

#### Level III

Courses to the value of at least 6 units from  
the following:

HLTH SC 3100 Exercise, Nutrition &  
Metabolism III ..... 3

HLTH SC 3200 Life Span Nutrition III ..... 3

FOOD SC 3502WT Nutrition III ..... 3

#### Other Majors

Students may complete a second major  
from either Academic Program Rules  
2.1.2.1-2.1.2.3 or from Academic Program  
Rules 2.1.2.4-2.1.2.14 consisting of the  
core courses and in addition the following  
courses.

### 2.1.2.4 Anatomical Sciences Major

#### Level II

ANAT SC 2109 Cells, Tissues &  
Development II ..... 3

and/or

ANAT SC 2200 Functional Human  
Anatomy II ..... 3

or

Courses to the value of 3 units from Level  
II Health Sciences electives in PHYSIOL,  
PHARM, HLTH SC from Academic Program  
Rule 2.1.3.

#### Level III

Courses to the value of at least 12 units from  
the following:

ANAT SC 3101 Anthropological & Forensic  
Anatomy III ..... 3

ANAT SC 3102 Comparative Reproductive  
Biology of Mammals III ..... 3

ANAT SC 3103 Integrative & Comparative  
Neuroanatomy III ..... 3

ANAT SC 3104 Investigative Cell Biology III ..... 3

ANAT SC 3500 Ethics, Science & Society ..... 3

### 2.1.2.5 Biochemistry Major

#### Level I

BIOLOGY 1101 Molecules, Genes & Cells ..... 3

CHEM 1100 Chemistry IA ..... 3

CHEM 1200 Chemistry IB ..... 3

or

CHEM 1101 Foundations of Chemistry IA ..... 3

CHEM 1201 Foundations of Chemistry IB ..... 3

#### Level II

BIOCHEM 2500 Biochemistry II: Molecular  
& Cell Biology ..... 3

BIOCHEM 2501 Biochemistry II:  
Metabolism ..... 3

#### Level III

BIOCHEM 3000 Molecular and Structural  
Biology III ..... 6

BIOCHEM 3001 Cancer, Stem Cells and  
Development III ..... 6

PUB HLTH 3500EX Rural Public Health III ..... 3

### 2.1.2.6 Exercise Science Major

#### Level II

ANAT SC 2200 Functional Human  
Anatomy II ..... 3

HLTH SC 2101 Fundamentals of  
Biomechanics & Human Movement II ..... 3

PHYSIOL 2510 Human Physiology IIA:  
Heart, Lung & Neuromuscular Physiology ..... 3

HLTH SC 2102 Principles of Exercise  
Science ..... 3

#### Level III

HLTH SC 3100 Exercise, Nutrition &  
Metabolism ..... 3

HLTH SC 3201 Exercise, Movement &  
Cognition ..... 3

PHYSIOL 3200 Advanced Exercise Science ..... 3

PHYSIOL 3120 Neuromotor Control of  
Human Movement ..... 3

### 2.1.2.7 Genetics Major

#### Level I

BIOLOGY 1101 Molecules, Genes & Cells ..... 3

#### Level II

GENETICS 2510 Genetics IIA: Foundation  
of Genetics ..... 3

GENETICS 2520 Genetics IIB: Function &  
Diversity of Genomes ..... 3

#### Level III

GENETICS 3111 Genes, Genomes and  
Molecular Evolution III ..... 6

GENETICS 3211 Gene Expression and  
Human Developmental Genetics III ..... 6

### 2.1.2.8 Health Promotion Major

#### Level II

PUB HLTH 2005 Essentials of Epidemiology II .....	3
PUB HLTH 2200 Social Foundations of Health II .....	3

#### Level III

PUB HLTH 3124 Health Promotion III .....	3
PUB HLTH 3506 Public Health Theory & Practice III.....	6
or	
PUB HLTH 3119 Public Health Internship III.....	6
Courses to the value of at least 3 units from the following:	
PUB HLTH 3122 International Health III .....	3
PUB HLTH 3123 Evaluation in Public Health III .....	3
PUB HLTH 3125 Indigenous Health III .....	3
PUB HLTH 3500EX Rural Public Health III.....	3
PUB HLTH 3501 Epidemiology in Action III ....	3

### 2.1.2.9 Indigenous Health Major

#### Level II

PUB HLTH 2005 Essentials of Epidemiology II .....	3
PUB HLTH 2200 Social Foundations of Health II .....	3

#### Level III

PUB HLTH 3125 Indigenous Health III .....	3
PUB HLTH 3506 Public Health Theory & Practice III.....	6
or	
PUB HLTH 3119 Public Health Internship III.....	6
Courses to the value of at least 3 units from the following:	
PUB HLTH 3122 International Health III .....	3
PUB HLTH 3123 Evaluation in Public Health III .....	3
PUB HLTH 3124 Health Promotion III .....	3
PUB HLTH 3500EX Rural Public Health III.....	3
PUB HLTH 3501 Epidemiology in Action III ....	3

### 2.1.2.10 Microbiology Major

#### Level I

BIOLOGY 1101 Molecules, Genes & Cells.....	3
--	---

#### Level II

MICRO 2500 Microbiology II.....	3
MICRO 2501 Immunology & Virology II .....	3

#### Level III

MICRO 3000 Infection and Immunity IIIA.....	6
MICRO 3001 Infection and Immunity IIIB.....	6

### 2.1.2.11 Neuroscience Major

#### Level II

ANAT SC 2109 Cells, Tissues & Development II .....	3
PHYSIOL 2510 Human Physiology IIA: Heart, Lung & Neuromuscular Physiology .....	3

#### Level III

PHYSIOL 3001 Cellular & Systems Neurobiology .....	6
Courses to the value of at least 6 units from the following:	
PSYCHIAT 3200 Fundamentals of Biological Psychiatry III .....	3
PATHOL 3200 Neurological Diseases III .....	3
ANAT SC 3103 Integrative & Comparative Neuroanatomy III .....	3

### 2.1.2.12 Pathology Major

The pathology major includes the core course PATHOL 2200 Biology of Disease and the following courses:

#### Level II

Courses to the value of 3 units chosen from Level II electives in ANAT SC, PHYSIOL, PHARM, HLTH SC from Academic Program Rule 2.1.3.

#### Level III

PATHOL 3003 Essentials of Pathology .....	6
PATHOL 3100 Topics in Forensic Sciences... ..	3
PATHOL 3200 Neurological Diseases .....	3

### 2.1.2.13 Pharmacology Major

The pharmacology major includes the core course PHARM 2100 Pharmacology IIA: Drugs & Health and the following courses:

#### Level II

PHARM 2200 Pharmacology IIB: Drugs & Society .....	3
--	---

or

Courses to the value of 3 units from Level II Health Sciences electives in ANAT SC, PHYSIOL, HLTH SC from Academic Program Rule 2.1.3.

#### Level III

PHARM 3010 Pharmacology: Drug Action and Discovery .....	6
PHARM 3011 Pharmacology: Drug Development & Therapeutics .....	6

### 2.1.2.14 Physiology Major

#### Level II

PHYSIOL 2510 Human Physiology IIA: Heart, Lung & Neuromuscular Physiology .....	3
PHYSIOL 2520 Human Physiology IIB: Systems & Homeostasis.....	3

### Level III

Courses to the value of at least 12 units from the following:

PHYSIOL 3000 Integrative & Applied Systems Physiology .....	6
PHYSIOL 3001 Cellular & Systems Neurobiology .....	6
PHYSIOL 3200 Advanced Exercise Science .....	3
PHYSIOL 3120 Neuromotor Control of Human Movement.....	3

### 2.1.3 Electives

#### **Health Sciences Electives**

##### **Level I**

PSYCHOL 1000 Psychology IA.....	3
PSYCHOL 1001 Psychology IB.....	3
PSYCHOL 1004 Research Methods in Psychology.....	3
PUB HLTH 1003 Communication for Health Sciences.....	3

##### **Level II**

ANAT SC 2109 Cells, Tissues & Development II .....	3
ANAT SC 2200 Functional Human Anatomy II.....	3
HLTH SC 2100 Fundamentals of Human Nutrition .....	3
HLTH SC 2101 Fundamentals of Biomechanics & Human Movement II .....	3
PHARM 2200 Pharmacology IIB: Drugs & Society .....	3
PHYSIOL 2510 Human Physiology IIA: Heart, Lung & Neuromuscular Physiology .....	3
PHYSIOL 2520 Human Physiology IIB: Systems & Homeostasis.....	3
HLTH SC 2102 Principles of Exercise Science.....	3

PUB HLTH 3124 Health Promotion III .....	3
PUB HLTH 3125 Indigenous Health III .....	3
PUB HLTH 3500EX Rural Public Health III.....	3
PUB HLTH 3501 Epidemiology in Action III .....	3

#### **Open Electives**

Students may take electives offered by the Faculty of Arts, School of Economics, Business School, School of Mathematical and Computer Sciences or Faculty of Sciences that are available to them.

#### **Broadening Electives**

Students must complete 9 units of Broadening electives. Broadening electives cannot be chosen from the Subject Areas listed below and they must be chosen from outside of the major area of study.

ANAT SC, BIOMED, BIOTECH, DENT, DESST, ENG, GEN PRAC, HLTH SC, LAW, MEDIC ST, NURSING, OB&GYNAE, ORALHLTH, PATHOL, PERF, PHARM, PHYSIOL, PSYCHIAT, PSYCHOL, PUB HLTH, SCIENCE, VET SC.

#### **2.1.4 Repeating Courses**

A student who has failed a course twice may not enrol in that course again except by special permission of the Faculty and then only under such conditions as the Faculty may prescribe.

# Bachelor of Health Sciences (Honours) (BHlthSc(Hons))

These Program Rules should be read in conjunction with the University's policies (<http://www.adelaide.edu.au/policies>).

Note: There will be no intake into the General Practice or Rural Health specialisations in 2015.

## Overview

The Bachelor of Health Sciences (Honours) is open to suitably qualified students who wish to undertake further studies in their specialisation.

The Bachelor of Health Sciences (Honours) is an AQF Level 8 qualification with a standard full-time duration of 1 year.

## 1 Academic Program Rules for Bachelor of Health Sciences (Honours)

There shall be a Bachelor of Health Sciences (Honours).

## 2 Qualification Requirements

### 2.1 Academic Program

To qualify for the degree of Bachelor of Health Sciences (Honours), a student must complete satisfactorily a program of study from one of the following specialisations with a combined total of not less than 24 units:

Acute Care Medicine  
Anatomical Sciences  
Biochemistry  
Dentistry  
General Practice  
Genetics  
Medicine  
Microbiology  
Neuroscience  
Obstetrics & Gynaecology  
Ophthalmology & Visual Sciences  
Orthopaedics & Trauma  
Paediatrics  
Pathology  
Pharmacology  
Physiology  
Psychiatry  
Public Health  
Rural Health  
Surgery

### 2.1.1 Acute Care Medicine

To qualify for Honours in Acute Care Medicine a student shall satisfactorily complete the core course and thesis:

#### Core Course

MEDICINE 4110 Honours Medicine Research Skills..... 3

#### Research Project

ACUCARE 4200A/B Honours Acute Care Medicine Research Project ..... 21

In the case of a part-time enrolment the following two courses must be completed in two consecutive years:

ACUCARE 4210A Honours Acute Care Medicine Research Project (Part-time) Continuing

ACUCARE 4210B Honours Acute Care Medicine Research Project (Part-time) Final..... 21

### 2.1.2 Anatomical Sciences

To qualify for Honours in Anatomical Sciences a student shall satisfactorily complete the core course and thesis:

#### Core Course

HLTH SC 4300 Honours Medical Sciences Research Skills..... 3

#### Research Project

ANAT SC 4200A/B Honours Anatomical Sciences Research Project..... 21

In the case of a part-time enrolment the following two courses must be completed in two consecutive years:

ANAT SC 4210A Honours Anatomical Sciences Research Project (Part-time) Continuing

ANAT SC 4210B Honours Anatomical Sciences Research Project (Part-time) Final..... 21

### 2.1.3 Biochemistry

To qualify for Honours in Biochemistry a student shall satisfactorily complete the core course and thesis:

#### Core Course

BIOCHEM 4010A/B Advanced Biochemistry (Hons)..... 6

## Research Project

Students must complete a research project:  
BIOCHEM 4020A/B Honours Biochemistry  
Project ..... 18

In the case of a part-time enrolment the  
following two courses must be completed in  
two consecutive years:

BIOCHEM 4030A Honours Biochemistry  
Project (Part-time) Continuing  
and  
BIOCHEM 4030B Honours Biochemistry  
Project (Part-time) Final ..... 18

### 2.1.4 Dentistry

To qualify for Honours in Dentistry a student  
shall satisfactorily complete the core course  
and thesis:

#### Core course

DENT 4300A/B Honours Research Methods  
and Ethics Pt 1&2..... 3

#### Research Project

DENT 4200A/B Honours Dental  
Science Part 1 and Part 2..... 21

In the case of a part-time enrolment the  
following two courses must be completed in  
two consecutive years:

DENT 4210A Honours Dental  
Science Two Year Continuing  
and  
DENT 4210B Honours Dental  
Science Two Year Final ..... 21

### 2.1.5 General Practice

Note: There will be no intake into the General  
Practice specialisation in 2015.

To qualify for Honours in General Practice a  
student shall satisfactorily complete the core  
course and thesis:

#### Core course

PUB HLTH 4300OL Developing a Research  
Proposal ..... 3

#### Research Project

GEN PRAC 4XXX Honours General Practice  
Research Project..... 21

In the case of a part-time enrolment the  
following two courses must be completed in  
two consecutive years:

GEN PRAC 4XXX Honours General Practice  
Research Project (Part-time) Continuing  
and  
GEN PRAC 4XXX Honours General Practice  
Research Project (Part-time) Final..... 21

### 2.1.6 Genetics

To qualify for Honours in Genetics a student  
shall satisfactorily complete the core course  
and thesis:

## Core Course

GENETICS 4010A/B Advanced Genetics  
(Hons)..... 6

## Research Project

GENETICS 4020A/B Honours Genetics Project.  
18

In the case of a part-time enrolment the  
following two courses must be completed in  
two consecutive years:

GENETICS 4030A Honours Genetics  
Project (Part-time) Continuing  
and  
GENETICS 4030B Honours Genetics  
Project (Part-time) Final..... 18

### 2.1.7 Medicine

To qualify for Honours in Medicine a student  
shall satisfactorily complete the core course  
and thesis:

#### Core course

MEDICINE 4300 Honours Medicine  
Research Skills..... 3

#### Research Project

MEDICINE 4200A/B Honours Medicine  
Research Project..... 21

In the case of a part-time enrolment the  
following two courses must be completed in  
two consecutive years:

MEDICINE 4210A Honours Medicine  
Research Project (Part-time) Continuing  
and  
MEDICINE 4210B Honours Medicine  
Research Project (Part-time) Final..... 21

### 2.1.8 Microbiology and Immunology

To qualify for Honours in Microbiology and  
Immunology a student shall satisfactorily  
complete the core course and thesis:

#### Core Course

MICRO 4010A/B Advanced Microbiology  
and Immunology (Hons) ..... 6

#### Research Project

MICRO 4020A/B Honours Microbiology  
and Immunology Project ..... 18

In the case of a part-time enrolment the  
following two courses must be completed in  
two consecutive years:

MICRO 4030A Honours Microbiology and  
Immunology Project (Part-time) Continuing  
and  
MICRO 4030B Honours Microbiology and  
Immunology Project (Part-time) Final ..... 18

### 2.1.9 Neuroscience

To qualify for Honours in Neuroscience a  
student shall satisfactorily complete the core  
course and thesis:

### **Core course**

HLTH SC 4300 Honours Medical Sciences Research Skills..... 3

### **Research Project**

NEUROSC 4200A/B Honours Neuroscience Research Project..... 21

In the case of a part-time enrolment the following two courses must be completed in two consecutive years:

NEUROSC 4210A Honours Neuroscience Research Project (Part-time) Continuing and

NEUROSC 4210B Honours Neuroscience Research Project (Part-time) Final..... 21

### **2.1.10 Obstetrics & Gynaecology**

To qualify for Honours in Obstetrics & Gynaecology a student shall satisfactorily complete the core course and thesis:

#### **Core course**

OB&GYNAE 4300 Research Skills in Obstetrics & Gynaecology (Honours)..... 3

#### **Research Project**

OB&GYNAE 4200A/B Obstetrics & Gynaecology Research Project (Honours) .... 21

In the case of a part-time enrolment the following two courses must be completed in two consecutive years:

OB&GYNAE 4210A Honours Obstetrics & Gynaecology Research Project (Part-time) Continuing and

OB&GYNAE 4210B Honours Obstetrics & Gynaecology Research Project (Part-time) Final ..... 21

### **2.1.11 Ophthalmology & Visual Sciences**

To qualify for Honours in Ophthalmology & Visual Sciences a student shall satisfactorily complete the core course and thesis:

#### **Core course**

MEDICINE 4300 Honours Medicine Research Skills..... 3

#### **Research Project**

OPHTHAL 4200A/B Honours Ophthalmology Research Project..... 21

In the case of a part-time enrolment the following two courses must be completed in two consecutive years:

OPHTHAL 4210A Honours Ophthalmology Research Project (Part-time) Continuing and

OPHTHAL 4210B Honours Ophthalmology Research Project (Part-time) Final..... 21

### **2.1.12 Orthopaedics & Trauma**

To qualify for Honours in Orthopaedics & Trauma a student shall satisfactorily complete the core course and thesis:

#### **Core course**

MEDICINE 4300 Honours Medicine Research Skills..... 3

#### **Research Project**

ORT&TRAU 4200A/B Honours Orthopaedics & Trauma Research Project..... 21

In the case of a part-time enrolment the following two courses must be completed in two consecutive years:

ORT&TRAU 4210A Honours Orthopaedics & Trauma Research Project (Part-time) Continuing and

ORT&TRAU 4210B Honours Orthopaedics & Trauma Research Project (Part-time) Final ..... 21

### **2.1.13 Paediatrics**

To qualify for Honours in Paediatrics a student shall satisfactorily complete the core course and thesis:

#### **Core course**

PAEDIAT 4300 Research Skills in Paediatrics (Honours)..... 3

#### **Research Project**

PAEDIAT 4200A/B Paediatrics Research Project (Honours)..... 21

In the case of a part-time enrolment the following two courses must be completed in two consecutive years:

PAEDIAT 4210A Honours Paediatrics Research Project (Part-time) Continuing and

PAEDIAT 4210B Honours Paediatrics Research Project (Part-time) Final..... 21

### **2.1.14 Pathology**

To qualify for Honours in Pathology a student shall satisfactorily complete the core course and thesis:

#### **Core course**

MEDICINE 4300 Honours Medicine Research Skills..... 3

#### **Research Project**

PATHOL 4200A/B Honours Pathology Research Project..... 21

In the case of a part-time enrolment the following two courses must be completed in two consecutive years:

PATHOL 4210A Honours Pathology Research Project (Part-time) Continuing and

PATHOL 4210B Honours Pathology Research Project (Part-time) Final.....	21
---	----

### 2.1.15 Pharmacology

To qualify for Honours in Pharmacology a student shall satisfactorily complete the core course and thesis:

#### Core course

MEDICINE 4300 Honours Medicine Research Skills.....	3
--	---

#### Research Project

PHARM 4200A/B Honours Pharmacology Research Project.....	21
---	----

In the case of a part-time enrolment the following two courses must be completed in two consecutive years:

PHARM 4210A Honours Pharmacology Research Project (Part-time) Continuing and PHARM 4210B Honours Pharmacology Research Project (Part-time) Final.....	21
---	----

### 2.1.16 Physiology

To qualify for Honours in Physiology a student shall satisfactorily complete the core course and thesis:

#### Core course

MEDICINE 4300 Honours Medicine Research Skills.....	3
--	---

#### Research Project

PHYSIOL 4200A/B Honours Physiology Research Project.....	21
---	----

In the case of a part-time enrolment the following two courses must be completed in two consecutive years:

PHYSIOL 4210A Honours Physiology Research Project (Part-time) Continuing and PHYSIOL 4210B Honours Physiology Research Project (Part-time) Final.....	21
---	----

### 2.1.17 Psychiatry

To qualify for Honours in Psychiatry a student shall satisfactorily complete the core course and thesis:

#### Core course

MEDICINE 4300 Honours Medicine Research Skills.....	3
--	---

#### Research Project

PSYCHIAT 4200A/B Honours Psychiatry Care Research Project.....	21
---	----

In the case of a part-time enrolment the following two courses must be completed in two consecutive years:

PSYCHIAT 4210A Honours Psychiatry Research Project (Part-time) Continuing and	
---	--

PSYCHIAT 4210B Honours Psychiatry Research Project (Part-time) Final.....	21
--	----

### 2.1.18 Public Health

To qualify for Honours in Public Health a student shall satisfactorily complete the core course, elective courses and thesis:

#### Core course

PUB HLTH 4300OL Developing a Research Proposal .....	3
---	---

#### Elective courses

Courses to the value of 9 units from the following:

PUB HLTH 4073 Indigenous Health .....	3
PUB HLTH 4074 Introduction to Biostatistics.....	3
PUB HLTH 4075 Introduction to Epidemiology .....	3
PUB HLTH 4076 Health Policy and Public Health Interventions .....	3
PUB HLTH 4078 Qualitative Research Methods in Health .....	3
PUB HLTH 4081 Health Economics .....	3
PUB HLTH 4108HO Public Health Ethics.....	3
PUB HLTH 4113 Environmental and Occupational Health .....	3
PUB HLTH 4147 Health Technology Assessment.....	3

#### Research Project

PUB HLTH 4200A Honours Thesis Part 1 .....	6
PUB HLTH 4200B Honours Thesis Part 2 .....	6

In the case of a part-time enrolment the following courses must be completed in two consecutive years:

PUB HLTH 4210A Honours Thesis Part 1 Two Year Continuing and PUB HLTH 4210B Honours Thesis Part 2 Two Year Final .....	12
--	----

### 2.1.19 Rural Health

Note: There will be no intake into the Rural Health specialisation in 2015.

To qualify for Honours in Rural Health a student shall satisfactorily complete the core course and thesis:

#### Core course

PUB HLTH 4300OL Developing a Research Proposal .....	3
---	---

#### Research Project

RUR HLTH 4XXX Honours Rural Health Care Research Project.....	21
--	----

In the case of a part-time enrolment the following two courses must be completed in two consecutive years:

RUR HLTH 4XXX Honours Rural Health Research Project (Part-time) Continuing and RUR HLTH 4XXX Honours Rural Health Research Project (Part-time) Final.....	21
---	----

**2.1.20 Surgery**

To qualify for Honours in Surgery a student shall satisfactorily complete the core course and thesis:

**Core course**

MEDICINE 4300 Honours Medicine Research Skills.....	3
--	---

**Research Project**

SURGERY 4200A/B Honours Surgery Research Project .....	21
---	----

In the case of a part-time enrolment the following two courses must be completed in two consecutive years:

SURGERY 4210A Honours Surgery Research Project (Part-time) Continuing and SURGERY 4210B Honours Surgery Research Project (Part-time) Final.....	21
---	----

**2.1.2 Repeating Courses**

A student who has failed a course twice may not enrol in that course again except by special permission of the Faculty and then only under such conditions as the Faculty may prescribe.

# Bachelor of Medicine and Bachelor of Surgery (MBBS)

These Program Rules should be read in conjunction with the University's policies (<http://www.adelaide.edu.au/policies>).

## Overview

This program is designed to train graduates who may be eligible for registration as medical practitioners upon completion of an internship. The three major 'streams' of the course are the core elements of medical practice: The Scientific Basis of Medicine, Clinical Skills, and Medical Professional and Personal Development. These three streams form the basis of an integrated case based program in Years 1–3. Throughout Years 4–6, students will expand their knowledge, experience and skills within these three streams as they undertake placements within the teaching hospitals and in the broader medical community.

The Bachelor of Medicine and Bachelor of Surgery is an AQF Level 7 qualification with a standard full-time duration of 6 years.

### Condition of Enrolment

#### *Prescribed Communicable Infection*

*Clearance:* Students must comply with the Students With Prescribed Communicable Infections Policy ([www.adelaide.edu.au/policies/591](http://www.adelaide.edu.au/policies/591)).

*Tuberculosis Clearance:* Students who undertake clinical placements, internships or research projects involving children or people who are ill, elderly or vulnerable are now required to demonstrate tuberculosis (TB) clearance through obtaining a TB Screening Notification from SA Tuberculosis Services.

*First Aid Certificate:* All students must hold a current First Aid Certificate.

*Criminal History Clearance:* Students who undertake clinical placements, internships or research projects involving children or people who are ill, elderly or vulnerable are now required to demonstrate clearance by producing a criminal history check, obtained through a Department for Communities and Social Inclusion (DCSI) check. International students are required to obtain a certificate from their home country.

*Immunisation:* Students undertaking clinical placements are required to have the appropriate level of immunisation. Immunisation records are requested by clinical venues prior to placements.

*Student and Professional Registration:* Students accepted into the program are required to be registered with the relevant regulatory authority.

*Uniform:* During clinical placements students are required to comply with professional dress standards.

*Rural Placements:* Enrolment in the University of Adelaide's Bachelor of Medicine and Bachelor of Surgery requires students to undertake rural clinical placements. Commonwealth supported students (in both bonded and unbonded places) need to complete four weeks of rural placements before graduation, with 25% of students required to complete one year of clinical training in a rural site. If these places are not filled by students voluntarily, all students in Commonwealth supported places will be included in a random ballot to be allocated to one of these year-long rural placements.

*English Language Proficiency assessment:* A student entering the First Year of the program shall be required to undertake an English Language Proficiency assessment.

*Interruption of program:* Students must apply for permission from the Dean of Medicine before taking a Leave of Absence. Any extension of the leave without approval will result in the loss of place in the program but an application may be made to be re-admitted to the program subject to the admission procedures in place at the time.

*Inherent requirements:* Students are required to acknowledge their understanding of the University of Adelaide medical programs inherent requirements (see <http://health.adelaide.edu.au/admissions/medicine/inherent-requirements>).

## 1. Academic Program Rules for Bachelor of Medicine and Bachelor of Surgery

There shall be a Bachelor of Medicine and a Bachelor of Surgery.

## 2. Qualification Requirements

### 2.1 Academic Program

To qualify for the degrees of Bachelor of Medicine and Bachelor of Surgery, the student must complete satisfactorily a program of study consisting of the following requirements with a combined total of not less than 144 units:

### 2.1.1 Core Courses

#### Level I

##### MEDIC ST 1000A/B First Year Examination

MEDIC ST 1101A/B Scientific Basis of Medicine I .....	6
MEDIC ST 1102A/B Clinical Skills I.....	6
MEDIC ST 1103A/B Medical Professional & Personal Development I .....	6
BIOLOGY 1301 Fundamentals of Biomedical Science A .....	3
BIOLOGY 1302 Fundamentals of Biomedical Science B .....	3

#### Level II

##### MEDIC ST 2000A/B Second Year Examination

MEDIC ST 2101A/B Scientific Basis of Medicine II .....	6
MEDIC ST 2102AHO/BHO Clinical Skills II.....	6
MEDIC ST 2103A/B Medical Professional & Personal Development II .....	6
MICRO 2506 Medical Microbiology and Immunology II.....	3

#### Level III

##### MEDIC ST 3000A/B Third Year Examination

MEDIC ST 3101A/B Scientific Basis of Medicine III .....	6
MEDIC ST 3102A/B Clinical Skills III.....	6
MEDIC ST3103A/B Medical Professional & Personal Development III .....	6
MEDIC ST 3104A/B Research and Clinical Reasoning .....	6

#### Level IV

##### MEDIC ST 4000A/B Fourth Year Examination

MEDIC ST 4013AHO/BHO Medical & Scientific Attachment I .....	2
MEDIC ST 4014AHO/BHO Medical & Scientific Attachment II .....	2
MEDIC ST 4015AHO/BHO Medical Home Unit.....	6
MEDIC ST 4016AHO/BHO Surgical Home Unit.....	6
MEDIC ST 4017AHO/BHO Psychiatry.....	4
MEDIC ST 4018AHO/BHO Musculoskeletal Medicine .....	4

#### Level V

##### MEDIC ST 5000A/B Fifth Year Examination

MEDIC ST 5005AHO/BHO Medical & Scientific Attachment III .....	2
MEDIC ST 5006AHO/BHO Medical & Scientific Attachment IV .....	2
MEDIC ST 5007AHO/BHO Medical & Scientific Attachment V.....	2
MEDIC ST 5009AHO/BHO Geriatrics and General Practice.....	4
MEDIC ST 5014AHO/BHO Anaesthesia, Pain Medicine & Intensive Care V.....	2

MEDIC ST 5015AHO/BHO Paediatrics and Child Health.....	6
MEDIC ST 5016AHO/BHO Human Reproductive Health .....	6

#### Level VI

##### MEDIC ST 6000 Final Sixth Year Assessment

MEDIC ST 6015AHO/BHO Medicine Internship and Year 6 Teaching Series VI .....	3
MEDIC ST 6016AHO/BHO Surgery Internship VI.....	3
MEDIC ST 6017AHO/BHO Emergency Department Internship VI .....	3
MEDIC ST 6018AHO/BHO Medicine SCAP VI .....	3
MEDIC ST 6019AHO/BHO Primary Care SCAP VI .....	3
MEDIC ST 6020AHO/BHO Psychiatry SCAP VI .....	3
MEDIC ST 6021AHO/BHO Surgery SCAP VI .....	3
MEDIC ST 6022AHO/BHO Core Skills Program VI .....	3

### 2.1.2 Electives

#### Level II

Students must undertake elective courses to the value of 3 units. Students will be advised of approved courses at the time of enrolment, but the list of courses may include the following:

ANAT SC 3105 Limb Dissection.....	3
ANAT SC 3108 Applied Anatomy of Cranial Nerves by Dissection.....	3
ANAT SC 3109 Applied Anatomy of the Thorax and Abdomen .....	3
HLTH SC 3500 Evolution and Human Health.....	3
OB&GYN&E 3100 Research Project in Reproductive Health .....	3
PSYCHIAT 3200 Fundamentals of Biological Psychiatry.....	3
PUB HLTH 3122 International Health III .....	3
PUB HLTH 3500EX Rural Public Health III.....	3

### 2.1.3 Work Based Training / Extra Mural Studies

Before the end of Level VI of the MBBS program, a student is required to complete a four week extra mural activity in the form of an external elective approved by the Dean of Medicine.

### 2.1.4 Repeating Courses

A student who has failed a course twice may not enrol in that course again except by special permission of the Faculty and then only under such conditions as the Faculty may prescribe.

# Bachelor of Medical Science (Honours) (BMSc(Hons))

These Program Rules should be read in conjunction with the University's policies (<http://www.adelaide.edu.au/policies>).

Note: There will be no intake into the General Practice or Rural Health specialisations in 2015.

## Overview

The Bachelor of Medical Science (Honours) program is only available to students who have passed the Third Year Examination of the Bachelor of Medicine and Bachelor of Surgery. The Bachelor of Medical Science (Honours) program is a research based degree. The main component of the program is a research project, leading to the production of a research report or thesis.

Students who pursue the Bachelor of Medical Sciences (Honours) program, should develop an insight into the research culture, practice in scientific thinking, understanding of scientific methods and skills in verbal and written scientific communication.

The Bachelor of Medical Science (Honours) is an AQF Level 8 qualification with a standard full-time duration of 1 year.

## 1 Academic Program Rules for Bachelor of Medical Science (Honours)

There shall be a Bachelor of Medical Science (Honours).

## 2 Qualification Requirements

### 2.1 Academic Program

To qualify for the degree of Bachelor of Medical Science (Honours), a student must complete satisfactorily a program of study from one of the following specialisations with a combined total of not less than 24 units:

Acute Care Medicine  
Anatomical Sciences  
Biochemistry  
Dentistry  
General Practice  
Genetics  
Medicine  
Microbiology  
Neuroscience  
Obstetrics & Gynaecology  
Ophthalmology & Visual Sciences  
Orthopaedics & Trauma  
Paediatrics  
Pathology

Pharmacology  
Physiology  
Psychiatry  
Public Health  
Rural Health  
Surgery

### 2.1.1 Acute Care Medicine

To qualify for Honours in Acute Care Medicine a student shall satisfactorily complete the core course and thesis:

#### Core Course

MEDICINE 4300 Honours Medicine  
Research Skills..... 3

#### Research Project

ACUCARE 4200A/B Honours Acute Care  
Medicine Research Project ..... 21

In the case of a part-time enrolment the following two courses must be completed in two consecutive years:

ACUCARE 4210A Honours Acute Care  
Medicine Research Project (Part-time)  
Continuing  
ACUCARE 4210B Honours Acute Care  
Medicine Research Project (Part-time)  
Final ..... 21

### 2.1.2 Anatomical Sciences

To qualify for Honours in Anatomical Sciences a student shall satisfactorily complete the core course and thesis:

#### Core Course

HLTH SC 4300 Honours Medical Sciences  
Research Skills..... 3

#### Research Project

ANAT SC 4200A/B Honours Anatomical  
Sciences Research Project..... 21

In the case of a part-time enrolment the following two courses must be completed in two consecutive years:

ANAT SC 4210A Honours Anatomical Sciences  
Research Project (Part-time) Continuing  
ANAT SC 4210B Honours Anatomical  
Sciences Research Project (Part-time)  
Final ..... 21

### 2.1.3 Biochemistry

To qualify for Honours in Biochemistry a student shall satisfactorily complete the core course and thesis:

### **Core Course**

BIOCHEM 4010A/B Advanced Biochemistry (Hons)..... 6

### **Research Project**

Students must complete a research project:

BIOCHEM 4020A/B Honours Biochemistry Project ..... 18

In the case of a part-time enrolment the following two courses must be completed in two consecutive years:

BIOCHEM 4030A Honours Biochemistry Project (Part-time) Continuing  
and  
BIOCHEM 4030B Honours Biochemistry Project (Part-time) Final ..... 18

### **2.1.4 Dentistry**

To qualify for Honours in Dentistry a student shall satisfactorily complete the core course and thesis:

#### **Core course**

DENT 4300A/B Honours Research Methods and Ethics Pt 1&2..... 3

#### **Research Project**

DENT 4200A/B Honours Dental Science Part 1 and Part 2..... 21

In the case of a part-time enrolment the following two courses must be completed in two consecutive years:

DENT 4210A Honours Dental Science Two Year Continuing  
and  
DENT 4210B Honours Dental Science Two Year Final ..... 21

### **2.1.5 General Practice**

Note: There will be no intake into the General Practice specialisation in 2015.

To qualify for Honours in General Practice a student shall satisfactorily complete the core course and thesis:

#### **Core course**

PUB HLTH 4300OL Developing a Research Proposal ..... 3

#### **Research Project**

GEN PRAC 4XXX Honours General Practice Research Project..... 21

In the case of a part-time enrolment the following two courses must be completed in two consecutive years:

GEN PRAC 4XXX Honours General Practice Research Project (Part-time) Continuing  
and  
GEN PRAC 4XXX Honours General Practice Research Project (Part-time) Final..... 21

### **2.1.6 Genetics**

To qualify for Honours in Genetics a student shall satisfactorily complete the core course and thesis:

#### **Core Course**

GENETICS 4010A/B Advanced Genetics (Hons)..... 6

#### **Research Project**

GENETICS 4020A/B Honours Genetics Project ..... 18

In the case of a part-time enrolment the following two courses must be completed in two consecutive years:

GENETICS 4030A Honours Genetics Project (Part-time) Continuing  
and  
GENETICS 4030B Honours Genetics Project (Part-time) Final ..... 18

### **2.1.7 Medicine**

To qualify for Honours in Medicine a student shall satisfactorily complete the core course and thesis:

#### **Core course**

MEDICINE 4300 Honours Medicine Research Skills..... 3

#### **Research Project**

MEDICINE 4200A/B Honours Medicine Research Project..... 21

In the case of a part-time enrolment the following two courses must be completed in two consecutive years:

MEDICINE 4210A Honours Medicine Research Project (Part-time) Continuing  
and  
MEDICINE 4210B Honours Medicine Research Project (Part-time) Final..... 21

### **2.1.8 Microbiology and Immunology**

To qualify for Honours in Microbiology and Immunology a student shall satisfactorily complete the core course and thesis:

#### **Core Course**

MICRO 4010A/B Advanced Microbiology and Immunology (Hons) ..... 6

#### **Research Project**

MICRO 4020A/B Honours Microbiology and Immunology Project ..... 18

In the case of a part-time enrolment the following two courses must be completed in two consecutive years:

MICRO 4030A Honours Microbiology and Immunology Project (Part-time) Continuing  
and  
MICRO 4030B Honours Microbiology and Immunology Project (Part-time) Final ..... 18

### 2.1.9 Neuroscience

To qualify for Honours in Neuroscience a student shall satisfactorily complete the core course and thesis:

#### Core course

HLTH SC 4300 Honours Medical Sciences Research Skills..... 3

#### Research Project

NEUROSC 4200A/B Honours Neuroscience Research Project..... 21

In the case of a part-time enrolment the following two courses must be completed in two consecutive years:

NEUROSC 4210A Honours Neuroscience Research Project (Part-time) Continuing and

NEUROSC 4210B Honours Neuroscience Research Project (Part-time) Final..... 21

### 2.1.10 Obstetrics & Gynaecology

To qualify for Honours in Obstetrics & Gynaecology a student shall satisfactorily complete the core course and thesis:

#### Core course

OB&GYNAE 4300 Research Skills in Obstetrics & Gynaecology (Honours)..... 3

#### Research Project

OB&GYNAE 4200A/B Obstetrics & Gynaecology Research Project (Honours)..... 21

In the case of a part-time enrolment the following two courses must be completed in two consecutive years:

OB&GYNAE 4210A Honours Obstetrics & Gynaecology Research Project (Part-time) Continuing and

OB&GYNAE 4210B Honours Obstetrics & Gynaecology Research Project (Part-time) Final..... 21

### 2.1.11 Ophthalmology & Visual Sciences

To qualify for Honours in Ophthalmology & Visual Sciences a student shall satisfactorily complete the core course and thesis:

#### Core course

MEDICINE 4300 Honours Medicine Research Skills..... 3

#### Research Project

OPHTHAL 4200A/B Honours Ophthalmology Research Project..... 21

In the case of a part-time enrolment the following two courses must be completed in two consecutive years:

OPHTHAL 4210A Honours Ophthalmology Research Project (Part-time) Continuing and

OPHTHAL 4210B Honours Ophthalmology Research Project (Part-time) Final..... 21

### 2.1.12 Orthopaedics & Trauma

To qualify for Honours in Orthopaedics & Trauma a student shall satisfactorily complete the core course and thesis:

#### Core course

MEDICINE 4300 Honours Medicine Research Skills..... 3

#### Research Project

ORT&TRAU 4200A/B Honours Orthopaedics & Trauma Research Project..... 21

In the case of a part-time enrolment the following two courses must be completed in two consecutive years:

ORT&TRAU 4210A Honours Orthopaedics & Trauma Research Project (Part-time) Continuing and

ORT&TRAU 4210B Honours Orthopaedics & Trauma Research Project (Part-time) Final.....21

### 2.1.13 Paediatrics

To qualify for Honours in Paediatrics a student shall satisfactorily complete the core course and thesis:

#### Core course

PAEDIAT 4300 Research Skills in Paediatrics (Honours) ..... 3

#### Research Project

PAEDIAT 4200A/B Paediatrics Research Project (Honours) ..... 21

In the case of a part-time enrolment the following two courses must be completed in two consecutive years:

PAEDIAT 4210A Honours Paediatrics Research Project (Part-time) Continuing and

PAEDIAT 4210B Honours Paediatrics Research Project (Part-time) Final..... 21

### 2.1.14 Pathology

To qualify for Honours in Pathology a student shall satisfactorily complete the core course and thesis:

#### Core course

HLTH SC 4300 Honours Medical Sciences Research Skills..... 3

#### Research Project

PATHOL 4200A/B Honours Pathology Research Project..... 21

In the case of a part-time enrolment the following two courses must be completed in two consecutive years:

PATHOL 4210A Honours Pathology Research Project (Part-time) Continuing

and	
PATHOL 4210B Honours Pathology Research Project (Part-time) Final.....	21

### 2.1.15 Pharmacology

To qualify for Honours in Pharmacology a student shall satisfactorily complete the core course and thesis:

#### Core course

PHARM 4XXX Honours Pharmacology Research Skills.....	3
---	---

#### Research Project

PHARM 4200A/B Honours Pharmacology Research Project.....	21
---	----

In the case of a part-time enrolment the following two courses must be completed in two consecutive years:

PHARM 4210A Honours Pharmacology Research Project (Part-time) Continuing and PHARM 4210B Honours Pharmacology Research Project (Part-time) Final.....	21
---	----

### 2.1.16 Physiology

To qualify for Honours in Physiology a student shall satisfactorily complete the core course and thesis:

#### Core course

HLTH SC 4300 Honours Medical Sciences Research Skills.....	3
---	---

#### Research Project

PHYSIOL 4200A/B Honours Physiology Research Project.....	21
---	----

In the case of a part-time enrolment the following two courses must be completed in two consecutive years:

PHYSIOL 4210A Honours Physiology Research Project (Part-time) Continuing and PHYSIOL 4210B Honours Physiology Research Project (Part-time) Final.....	21
---	----

### 2.1.17 Psychiatry

To qualify for Honours in Psychiatry a student shall satisfactorily complete the core course and thesis:

#### Core course

MEDICINE 4300 Honours Medicine Research Skills.....	3
--	---

#### Research Project

PSYCHIAT 4200A/B Honours Psychiatry Care Research Project .....	21
--	----

In the case of a part-time enrolment the following two courses must be completed in two consecutive years:

PSYCHIAT 4210A Honours Psychiatry Research Project (Part-time) Continuing	
--	--

and	
PSYCHIAT 4210B Honours Psychiatry Research Project (Part-time) Final.....	21

### 2.1.18 Public Health

To qualify for Honours in Public Health a student shall satisfactorily complete the core course, elective courses and thesis:

#### Core course

PUB HLTH 4300OL Developing a Research Proposal .....	3
---	---

#### Elective courses

Courses to the value of 9 units from the following:

PUB HLTH 4073 Indigenous Health .....	3
PUB HLTH 4074 Introduction to Biostatistics.....	3
PUB HLTH 4075 Introduction to Epidemiology .....	3
PUB HLTH 4076 Health Policy and Public Health Interventions .....	3
PUB HLTH 4078 Qualitative Research Methods in Health .....	3
PUB HLTH 4081 Health Economics .....	3
PUB HLTH 4108HO Public Health Ethics.....	3
PUB HLTH 4113 Environmental and Occupational Health .....	3
PUB HLTH 4147 Health Technology Assessment.....	3

#### Research Project

PUB HLTH 4200A Honours Thesis Part 1 .....	6
PUB HLTH 4200B Honours Thesis Part 2 .....	6

In the case of a part-time enrolment the following courses must be completed in two consecutive years:

PUB HLTH 4210A Honours Thesis Part 1 Two Year Continuing and PUB HLTH 4210B Honours Thesis Part 2 Two Year Final .....	12
--	----

### 2.1.19 Rural Health

Note: There will be no intake into the Rural Health specialisation in 2015.

To qualify for Honours in Rural Health a student shall satisfactorily complete the core course and thesis:

#### Core course

PUB HLTH 4300OL Developing a Research Proposal .....	3
---	---

#### Research Project

RUR HLTH 4XXX Honours Rural Health Care Research Project.....	21
--	----

In the case of a part-time enrolment the following two courses must be completed in two consecutive years:

RUR HLTH 4XXX Honours Rural Health Research Project (Part-time) Continuing and RUR HLTH 4XXX Honours Rural Health Research Project (Part-time) Final.....	21
---	----

**2.1.20 Surgery**

To qualify for Honours in Surgery a student shall satisfactorily complete the core course and thesis:

**Core course**

MEDICINE 4300 Honours Medicine Research Skills.....	3
--	---

**Research Project**

SURGERY 4200A/B Honours Surgery Research Project.....	21
--	----

In the case of a part-time enrolment the following two courses must be completed in two consecutive years:

SURGERY 4210A Honours Surgery Research Project (Part-time) Continuing and SURGERY 4210B Honours Surgery Research Project (Part-time) Final.....	21
---	----

**2.1.2 Repeating Courses**

A student who has failed a course twice may not enrol in that course again except by special permission of the Faculty and then only under such conditions as the Faculty may prescribe.

# Bachelor of Nursing (BNurs)

These Program Rules should be read in conjunction with the University's policies (<http://www.adelaide.edu.au/policies>).

## Overview

The Bachelor of Nursing program prepares graduates for employment as registered nurses, eligible for registration through AHPRA to the Nursing and Midwifery Board of Australia. Graduates acquire contemporary nursing skills and knowledge to enable beginning level practice in a wide variety of health care settings. The program blends extensive and varied clinical placement opportunities with a high degree of academic rigour. Clinical placements facilitating this experience may not be restricted to the University teaching semesters.

The program is designed to provide professional knowledge, skills and attitudes that underpin the role of the Registered Nurse and develop competencies for practice as determined by the Nursing and Midwifery Board of Australia.

Graduates of the Bachelor of Nursing program will need to satisfy the Australian Nursing and Midwifery Accreditation Council requirement for English language proficiency (IELTS 7 or equivalent) prior to application for registration.

The Bachelor of Nursing is an AQF Level 7 qualification with a standard full-time duration of 3 years.

### Condition of Admission

*Physical fitness:* There is an extensive clinical component that requires students to work as members of the health care team. To satisfactorily undertake this clinical component, students need to be physically fit. Students must satisfy the individual Occupational Health and Safety requirements of the institution in which they are undertaking the clinical component of the program.

*Prescribed Communicable Infection Clearance:* Students must comply with the Students With Prescribed Communicable Infections Policy ([www.adelaide.edu.au/policies/591](http://www.adelaide.edu.au/policies/591)).

*Tuberculosis Clearance:* Students who undertake clinical placements, internships or research projects involving children or people who are ill, elderly or vulnerable are now required to demonstrate tuberculosis (TB) clearance through obtaining a TB Screening Notification from SA Tuberculosis Services.

*Criminal History Clearance:* Students who undertake clinical placements, internships or research projects involving children or people who are ill, elderly or vulnerable are now required to demonstrate clearance by producing a criminal history check, obtained through a Department for Communities and Social Inclusion (DCSI) check. International students may be required to obtain a certificate from their home country.

*Immunisation:* Prior to clinical placement, students will need to provide evidence of immunisation status.

*Student and Professional Registration:* Students accepted into the program are required to be registered with the relevant regulatory authority.

*Uniform:* During clinical placements students are required to comply with professional dress standards.

## 1 Academic Program Rules for Bachelor of Nursing

There shall be a Bachelor of Nursing.

## 2 Qualification Requirements

### 2.1 Academic Program

To qualify for the degree of Bachelor of Nursing, the student must complete satisfactorily a program of study consisting of the following requirements with a combined total of not less than 72 units:

#### 2.1.1 Core Courses

##### Level I

NURSING 1004 Communication and Professional Nursing I.....	3
NURSING 1005 Biology for Nursing Practice .....	3
NURSING 1006 Microbiology and Infection control .....	3
NURSING 1007 Health Assessment and Clinical Nursing I.....	3
NURSING 1008 Communication and Professional Nursing II.....	3
NURSING 1009 Pharmacology for Nursing I.....	3
NURSING 1010OL Research Methods & Evidence Based Practice.....	3
NURSING 1011 Health Assessment and Clinical Nursing II.....	3

**Level II**

NURSING 2004 Nursing Older People .....	3
NURSING 2005 Biology of Human Diseases I.....	3
NURSING 2006OL Chronic Disease and Disability.....	3
NURSING 2007 Health Assessment and Clinical Nursing III .....	3
NURSING 2008 Biology of Human Disease II.....	3
NURSING 2009OL Community and Primary Health Care .....	3
NURSING 2010 Pharmacology for Nursing II.....	3
NURSING 2011 Health Assessment and Clinical Nursing IV.....	3

**Level III**

NURSING 3005 Nursing in Complex Settings I .....	3
NURSING 3004 Mental Health Nursing .....	3
NURSING 3006 Nursing in Complex Settings II .....	3
NURSING 3007OL Nursing in an International Context .....	3
NURSING 3010 Nursing in Complex Settings III .....	3
NURSING 3009 Leadership and Transition to Practice .....	3
NURSING 3008EX ATSI Health.....	3
NURSING 3011OL Palliative Nursing Care.....	3

**2.1.2 Repeating Courses**

A student who has failed a course twice may not enrol in that course again except by special permission of the Faculty and then only under such conditions as the Faculty may prescribe.

# Bachelor of Nursing (Honours) (BN(Hons))

These Program Rules should be read in conjunction with the University's policies (<http://www.adelaide.edu.au/policies>).

## Overview

The Bachelor of Nursing (Honours) is an undergraduate degree option open to graduates in nursing. It is designed to introduce students to the knowledge and skills to begin to conduct research in their field of practices.

Graduates are provided with preliminary research training which will encourage continued high quality research, allowing them to continue their studies in a higher degree by research option if they gain a I or IIA Honours.

This program is designed to enable students to understand, describe and analyse varying approaches to research in nursing, to understand and critique research reports, to develop an awareness of current issues in nursing research, to conduct a research study and report on the research in a dissertation.

The Bachelor of Nursing (Honours) is an AQF Level 8 qualification with a standard full-time duration of 1 year.

Condition of Enrolment

*Student and Professional Registration:*

Students accepted into the program are required to be registered with the relevant regulatory authority.

## 1 Academic Program Rules for Bachelor of Nursing (Honours)

There shall be a Bachelor of Nursing (Honours).

## 2 Qualification Requirements

### 2.1 Academic Program

To qualify for the degree of Bachelor of Nursing (Honours) the student must complete satisfactorily a program of study consisting of the following courses to a total of not less than 24 units:

#### 2.1.1 Core Courses

NURSING 4102 Research Literacy..... 3

#### Research Project

NURSING 4200A/B Research Project ..... 21

In the case of a part-time enrolment the following courses must be completed in two consecutive years:

NURSING 4210A Research Project  
Part-Time Continuing

and

NURSING 4210B Research Project  
Part-Time Final..... 21

### 2.1.2 Repeating Courses

A student who has failed a course twice may not enrol in that course again except by special permission of the Faculty and then only under such conditions as the Faculty may prescribe.

# Bachelor of Nursing (Post Registration) (BN(PostReg))

These Program Rules should be read in conjunction with the University's policies (<http://www.adelaide.edu.au/policies>).

## Overview

The Bachelor of Nursing (Post Registration) is restricted to students who hold a Diploma of Nursing and are currently practising as a registered nurse in Singapore. It is not available to Australian Citizens or permanent residents.

The Bachelor of Nursing (Post Registration) is an AQF Level 7 qualification with a part-time duration of 2 years.

## 1. Academic Program Rules for Bachelor of Nursing (Post Registration)

There shall be a Bachelor of Nursing (Post Registration).

## 2. Qualification Requirements

### 2.1 Academic Program

To qualify for the degree of Bachelor of Nursing (Post Registration), the student must complete satisfactorily a program of study consisting of the following requirements with a combined total of not less than 24 units:

#### 2.1.1 Core Courses

##### Level I

NURSING 1101NA Foundations of Nursing Practice I.....	3
NURSING 1110NA Health Assessment and Complex Care I .....	3
NURSING 1103NA Foundations of Nursing Practice II.....	3
NURSING 1111NA Health Assessment and Complex Care II .....	3

##### Level II

NURSING 1105NA Knowledge Translation in Nursing I.....	3
NURSING 1106NA Knowledge Translation in Nursing II.....	3
NURSING 1107NA Nursing in a Global Community .....	3
NURSING 1112NA Teaching in Nursing Practice .....	3

#### 2.1.2 Repeating Courses

A student who has failed a course twice may not enrol in that course again except by special permission of the Faculty and then only under such conditions as the Faculty may prescribe.

# Bachelor of Oral Health (BOraHlth)

These Program Rules should be read in conjunction with the University's policies (<http://www.adelaide.edu.au/policies>).

## Overview

Bachelor of Oral Health graduates will have the necessary education to work as oral health therapists, dental therapists or dental hygienists. There are four major areas of study in each year: oral and dental anatomy, radiographic anatomy, the diagnosis, treatment and prevention of common dental diseases, developmental psychology, behavioural science, dental public health, health promotion, nutrition and sociology and health. Students will also cover areas of human biology including body chemistry, cell structure and function, anatomy and oral anatomy.

The Bachelor of Oral Health is an AQF Level 7 qualification with a standard full-time duration of 3 years.

### Condition of Enrolment

#### *Prescribed Communicable Infection*

*Clearance:* Students must comply with the Students With Prescribed Communicable Infections Policy ([www.adelaide.edu.au/policies/591](http://www.adelaide.edu.au/policies/591)).

*Tuberculosis Clearance:* Students who undertake clinical placements, internships or research projects involving children or people who are ill, elderly or vulnerable are now required to demonstrate tuberculosis (TB) clearance through obtaining a TB Screening Notification from SA Tuberculosis Services.

*Criminal History Clearance:* Students who undertake clinical placements, internships or research projects involving children or people who are ill, elderly or vulnerable are now required to demonstrate clearance by producing a criminal history check, obtained through a Department for Communities and Social Inclusion (DCSI) check. International students may be required to obtain a certificate from their home country.

*Immunisation:* Students undertaking clinical placements are required to have the appropriate level of immunisation. Immunisation records are requested by clinical venues prior to placements.

*Student and Professional Registration:* Students accepted into the program are required to be registered with the relevant regulatory authority.

*Uniform:* During clinical placements students are required to comply with professional dress standards.

*Interruption of program:* Students must apply for permission from the Head of School before taking a Leave of Absence. Any extension of the leave without approval will result in the loss of place in the program but an application may be made to be re-admitted to the program subject to the admission procedures in place at the time.

## 1. Academic Program Rules for Bachelor of Oral Health

There shall be a Bachelor of Oral Health.

## 2. Qualification Requirements

### 2.1 Academic Program

To qualify for the degree of Bachelor of Oral Health, the student must complete satisfactorily a program of study consisting of the following requirements with a combined total of not less than 72 units:

#### 2.1.1 Core Courses

##### Level I

##### **ORALHLTH 1200HO**

##### **First Annual Oral Health Examination**

ORALHLTH 1201AHO/BHO Dental and Health Science IOH Part 1 & 2.....	6
ORALHLTH 1202AHO/BHO Clinical Practice IOH Part 1 & 2.....	8
ORALHLTH 1203AHO/BHO Human Biology IOH Part 1 & 2.....	6
ORALHLTH 1204AHO/BHO Professional Studies IOH Part 1 & 2 .....	4

##### Level II

##### **ORALHLTH 2200HO**

##### **Second Annual Oral Health Examination**

ORALHLTH 2201AHO/BHO Dental and Health Science II OH Part 1 & 2.....	4
ORALHLTH 2202AHO/BHO Clinical Practice IIOH Part 1 & 2.....	12
ORALHLTH 2203AHO/BHO Human Biology IIOH Part 1 & 2.....	4
ORALHLTH 2204AHO/BHO Professional Studies IIOH Part 1 & 2 .....	4

##### Level III

##### **ORALHLTH 3200HO**

##### **Third Annual Oral Health Examination**

ORALHLTH 3201AHO/BHO Dental and Health Science IIIOH Part 1 & 2.....	8
ORALHLTH 3202AHO/BHO Clinical Practice IIIOH Part 1 & 2.....	12

ORALHLTH 3204AHO/BHO Oral Health  
Elective IIIOH Part 1 & 2..... 4

**2.1.2 Repeating Courses**

A student who has failed a course twice may not enrol in that course again except by special permission of the Faculty and then only under such conditions as the Faculty may prescribe.

# Bachelor of Psychological Science (BPsychSc)

These Program Rules should be read in conjunction with the University's policies (<http://www.adelaide.edu.au/policies>).

## Overview

The Bachelor of Psychological Science is designed for students who seek to undertake a comprehensive program of study in psychology and related areas of learning. The early part of the program seeks to provide an overview of psychology as a discipline and as a profession. The psychology courses undertaken in later years enable students to study the biological bases of behaviour; sensory perception; cognition and language; learning and memory; motivation and emotion; social psychology; developmental psychology; personality and individual differences; and mental health.

In order to gain provisional registration with the Psychology Board of Australia, students must undertake the fourth year Honours program.

The Bachelor of Psychological Science is an AQF Level 7 qualification with a standard full-time duration of 3 years.

### Condition of Enrolment

*Interruption of program:* Students must apply for permission from the Head of School before taking a Leave of Absence. Any extension of the leave without approval will result in the loss of place in the program but an application may be made to be re-admitted to the program subject to the admission procedures in place at the time.

## 1. Academic Program Rules for Bachelor of Psychological Science

There shall be a Bachelor of Psychological Science.

## 2. Qualification Requirements

### 2.1 Academic Program

To qualify for the degree of Bachelor of Psychological Science, the student must complete satisfactorily a program of study consisting of a Psychology major to the value of 33 units, a second major as specified in Academic Program Rule 2.1.2 and electives to the value of 15 units, with a combined total of not less than 72 units:

### 2.1.1 Core Courses

#### Level I

PSYCHOL 1000 Psychology IA.....	3
PSYCHOL 1001 Psychology IB.....	3
PSYCHOL 1004 Research Methods in Psychology.....	3
For students in the graduate entry stream:	
PSYCHOL 1100 Introductory Psychology.....	3

#### Level II

PSYCHOL 2004 Doing Research in Psychology.....	3
PSYCHOL 2005 Foundations of Health & Lifespan Development.....	3
PSYCHOL 2006 Foundations of Perception & Cognition.....	3
PSYCHOL 2007 Psychology in Society.....	3

#### Level III

PSYCHOL 3020 Doing Research in Psychology: Advanced.....	3
Courses to the value of 9 units from the following:	
PSYCHOL 3021 Health & Lifespan Developmental Psychology.....	3
PSYCHOL 3022 Individual Differences, Personality & Assessment.....	3
PSYCHOL 3023 Perception & Cognition.....	3
PSYCHOL 3026 Learning & Behaviour.....	3
PSYCHOL 3027 Psychology, Science & Society.....	3

### 2.1.2 Majors

A major to the value of 24 units as specified by one of the following:

Academic Program Rule 2.1.2 for the degree of Bachelor of Health Sciences

Academic Program Rule 2.1 of the degree of Bachelor of Arts

Academic Program Rules 2.1e and 2.1.2 for the degree of Bachelor of Science.

### 2.1.3 Electives

Undergraduate courses to the value of up to 6 units from any of the following:

- Bachelor of Commerce
- Bachelor of Health Sciences
- Bachelor of Arts
- Bachelor of Science

plus

***Broadening Electives***

Students must complete Broadening electives to the value of 9 units taken outside of the following subject areas:

PSYCHOL.

Broadening electives can be taken at any level.

**2.1.4 Repeating Courses**

A student who has failed a course twice may not enrol in that course again except by special permission of the Faculty and then only under such conditions as the Faculty may prescribe.

# Bachelor of Psychological Science (Honours) (BPsychSc(Hons))

These Program Rules should be read in conjunction with the University's policies (<http://www.adelaide.edu.au/policies>).

## Overview

This is a one year full-time honours program that a graduate of the Bachelor of Psychological Science or equivalent accredited program may apply for. This program is highly competitive and has a limited intake each year.

The Bachelor of Psychological Science (Honours) program is an AQF Level 8 qualification with a standard full-time duration of 1 year.

Condition of Enrolment

*Research dissertation:* A student enrolled part-time must complete all of the coursework in the first year before commencing the research dissertation.

## 1. Academic Program Rules for Bachelor of Psychological Science (Honours)

There shall be a Bachelor of Psychological Science (Honours).

## 2. Qualification Requirements

### 2.1 Academic Program

To qualify for the degree of Bachelor of Psychological Science (Honours), the student must complete satisfactorily a program of study consisting of the following requirements with a combined total of not less than 24 units:

#### 2.1.1 Core Courses

PSYCHOL 4201 Research Methodology & Statistics.....	3
PSYCHOL 4202 Current Issues in Contemporary Psychology .....	3

#### 2.1.2 Electives

Courses to the value of 6 units from the following:

PSYCHOL 4203 Advanced Developmental Psychology.....	3
PSYCHOL 4204 Advanced Psychology in Society .....	3
PSYCHOL 4205 Organisational Psychology.....	3
PSYCHOL 4206 Advanced Health Psychology.....	3
PSYCHOL 4207 Psychological Assessment & Individual Differences .....	3

PSYCHOL 4208 Advanced Neuro-cognitive Psychology.....	3
---	---

#### 2.1.3 Research Dissertation

Students must complete a thesis:

PSYCHOL 4200A Honours Thesis in Psychology Part 1 .....	6
PSYCHOL 4200B Honours Thesis in Psychology Part 2 .....	6

#### 2.1.4 Repeating Courses

A student who has failed a course twice may not enrol in that course again except by special permission of the Faculty and then only under such conditions as the Faculty may prescribe.

# Postgraduate Program Rules

## Graduate Diploma in Addiction and Mental Health (GDipAddictMentHlth)

These Program Rules should be read in conjunction with the University's policies (<http://www.adelaide.edu.au/policies>).

### Overview

This program will provide students with a broad educational experience covering the scientific basis of addiction, mental health and related comorbidities, comparative epidemiology, evidence based interventions, research methodology and national addictions and mental health policy.

The Graduate Diploma in Addiction and Mental Health is an AQF Level 8 qualification with a standard full-time duration of 1 year.

### 1. Academic Program Rules for Graduate Diploma in Addiction and Mental Health

There shall be a Graduate Diploma in Addiction and Mental Health.

### 2. Qualification Requirements

#### 2.1 Academic Program

To qualify for the Graduate Diploma in Addiction and Mental Health, the student must complete satisfactorily a program of study consisting of the following requirements with a combined total of not less than 24 units:

##### 2.1.1 Core Courses

PHARM 7011EX Drug Effects and Biology of Addiction.....	6
PHARM 7012EX Pharmacotherapy and other responses to drug problems .....	6
NURSING 6205HO Mental Health .....	6
NURSING 6204HO Coexisting Addiction and Mental Health Disorders .....	6

##### 2.1.2 Repeating Courses

A student who has failed a course twice may not enrol in that course again except by special permission of the Faculty and then only under such conditions as the Faculty may prescribe.

# Graduate Certificate in Alcohol and Drug Studies (GCertAlcDrugSt)

These Program Rules should be read in conjunction with the University's policies (<http://www.adelaide.edu.au/policies>).

Note: This program is only offered in external mode.

## Overview

The Graduate Certificate in Alcohol and Drug Studies is designed to assist a range of professionals to attain an advanced level of understanding of the nature of addiction and current principles of management of alcohol and drug problems. This program is only offered on a part-time basis via distance education with no requirement to attend classes or examinations at the University of Adelaide.

The Graduate Certificate in Alcohol and Drug Studies is an AQF Level 8 qualification and is only offered part-time.

## 1. Academic Program Rules for Graduate Certificate in Alcohol and Drug Studies

There shall be a Graduate Certificate in Alcohol and Drug Studies.

## 2. Qualification Requirements

### 2.1 Academic Program

To qualify for the Graduate Certificate in Alcohol and Drug Studies, the student must complete satisfactorily a program of study consisting of the following requirements with a combined total of not less than 12 units:

#### 2.1.1 Core Courses

PHARM 7011EX Drug Effects and Biology of Addiction.....	6
PHARM 7012EX Pharmacotherapy and other responses to drug problems .....	6

#### 2.1.2 Repeating Courses

A student who has failed a course twice may not enrol in that course again except by special permission of the Faculty and then only under such conditions as the Faculty may prescribe.

# Graduate Diploma in Alcohol and Drug Studies (GDipAlcDrugSt)

These Program Rules should be read in conjunction with the University's policies (<http://www.adelaide.edu.au/policies>).

Note: This program will not be offered in 2015.

## Overview

The Graduate Diploma in Alcohol and Drug Studies is designed to assist a range of professionals to attain an advanced level of understanding of the nature of addiction and current principles of management of alcohol and drug problems. This program is only offered on a part-time basis via distance education with no requirement to attend classes or examinations at the University of Adelaide.

The Graduate Diploma in Alcohol and Drug Studies is an AQF Level 8 qualification and is only offered part-time.

## 1. Academic Program Rules for Graduate Diploma in Alcohol and Drug Studies

There shall be a Graduate Diploma in Alcohol and Drug Studies.

## 2. Qualification Requirements

### 2.1 Academic Program

To qualify for the Graduate Diploma in Alcohol and Drug Studies, the student must complete satisfactorily a program of study consisting of the following requirements with a combined total of not less than 24 units:

#### 2.1.1 Core Courses

PHARM 7011EX Drug Effects and Biology of Addiction.....	6
PHARM 7012EX Pharmacotherapy and other responses to drug problems .....	6
PHARM 7013 Issues in Drug Policy & Management .....	6
PHARM 7014 Contemporary Research in Alcohol and Other Drugs.....	6

#### 2.1.2 Repeating Courses

A student who has failed a course twice may not enrol in that course again except by special permission of the Faculty and then only under such conditions as the Faculty may prescribe.

# Graduate Certificate in Biostatistics (GCertBiostat)

These Program Rules should be read in conjunction with the University's policies (<http://www.adelaide.edu.au/policies>).

## Overview

This program is offered in conjunction with the Biostatistics Collaboration of Australia (BCA). The program is delivered largely through distance mode. Although students will enrol at the University of Adelaide some courses will be delivered by partner Universities within the BCA.

Applicants are required to meet an acceptable standard in Maths Proficiency. The selection process also considers qualifications / experience in a relevant field and includes an interview with the Program Coordinator.

The Graduate Certificate in Biostatistics is an AQF Level 8 qualification with a standard full-time duration of 0.5 years.

## 1. Academic Program Rules for Graduate Certificate in Biostatistics

There shall be a Graduate Certificate in Biostatistics.

## 2. Qualification Requirements

### 2.1 Academic Program

To qualify for the Graduate Certificate in Biostatistics, the student must complete satisfactorily a program of study consisting of the following requirements with a combined total of not less than 12 units:

#### 2.1.1 Core Courses

BIOSTATS 6000 Epidemiology ..... 3

#### 2.1.2 Electives

Courses to the value of 9 units from the following:

BIOSTATS 6001 Mathematical Background for Biostatistics ..... 3

BIOSTATS 6002 Data Management and Statistical Computing ..... 3

BIOSTATS 6003 Probability and Distribution Theory ..... 3

BIOSTATS 6004EX Design of Randomised Controlled Trials ..... 3

BIOSTATS 6005 Principles of Statistical Inference ..... 3

BIOSTATS 6006 Linear Models ..... 3

BIOSTATS 6007 Categorical Data and Generalised Linear Models ..... 3

BIOSTATS 6008 Survival Analysis..... 3

BIOSTATS 6011 Bioinformatics..... 3

BIOSTATS 6012 Longitudinal and Correlated Data..... 3

BIOSTATS 6014 Bayesian Statistical Methods..... 3

BIOSTATS 6015 Health Indicators and Health Surveys..... 3

BIOSTATS 6016 Clinical Biostatistics ..... 3

### 2.1.3 Repeating Courses

A student who has failed a course twice may not enrol in that course again except by special permission of the Faculty and then only under such conditions as the Faculty may prescribe.

# Graduate Diploma in Biostatistics (GDipBiostat)

These Program Rules should be read in conjunction with the University's policies (<http://www.adelaide.edu.au/policies>).

## Overview

This program is offered in conjunction with the Biostatistics Collaboration of Australia (BCA). The program is delivered largely through distance mode. Although students will enrol at the University of Adelaide some courses will be delivered by partner Universities within the BCA.

Applicants are required to meet an acceptable standard in Maths Proficiency. The selection process also considers qualifications / experience in a relevant field and includes an interview with the Program Coordinator.

The Graduate Diploma in Biostatistics is an AQF Level 8 qualification with a standard full-time duration of 1 year.

## 1. Academic Program Rules for Graduate Diploma in Biostatistics

There shall be a Graduate Diploma in Biostatistics.

## 2. Qualification Requirements

### 2.1 Academic Program

To qualify for the Graduate Diploma in Biostatistics, the student must complete satisfactorily a program of study consisting of the following requirements with a combined total of not less than 24 units:

#### 2.1.1 Core Courses

BIOSTATS 6000 Epidemiology .....	3
BIOSTATS 6001 Mathematical Background for Biostatistics .....	3
BIOSTATS 6002 Data Management & Statistical Computing .....	3
BIOSTATS 6003 Probability & Distribution Theory .....	3
BIOSTATS 6004EX Design of Randomised Controlled Trials .....	3
BIOSTATS 6005 Principles of Statistical Inference .....	3
BIOSTATS 6006 Linear Models .....	3
BIOSTATS 6007 Categorical Data & Generalised Linear Models .....	3

### 2.1.2 Repeating Courses

A student who has failed a course twice may not enrol in that course again except by special permission of the Faculty and then only under such conditions as the Faculty may prescribe.

# Master of Biostatistics (MBiostat)

These Program Rules should be read in conjunction with the University's policies (<http://www.adelaide.edu.au/policies>).

## Overview

This program is offered in conjunction with the Biostatistics Collaboration of Australia (BCA). The program is delivered largely through distance mode. Although students will enrol at the University of Adelaide some courses will be delivered by partner Universities within the BCA.

Applicants are required to meet an acceptable standard in Maths Proficiency. The selection process also considers qualifications / experience in a relevant field and includes an interview with the Program Coordinator.

The Master of Biostatistics is an AQF Level 9 qualification with a standard full-time duration of 1.5 years.

## 1. Academic Program Rules for Master of Biostatistics

There shall be a Master of Biostatistics.

## 2. Qualification Requirements

### 2.1 Academic Program

To qualify for the degree of Master of Biostatistics, the student must complete satisfactorily a program of study consisting of the following requirements with a combined total of not less than 36 units:

#### 2.1.1 Core Courses

BIOSTATS 6000 Epidemiology .....	3
BIOSTATS 6001 Mathematical Background for Biostatistics .....	3
BIOSTATS 6002 Data Management & Statistical Computing .....	3
BIOSTATS 6003 Probability and Distribution Theory .....	3
BIOSTATS 6004EX Design of Randomised Controlled Trials .....	3
BIOSTATS 6005 Principles of Statistical Inference .....	3
BIOSTATS 6006 Linear Models .....	3
BIOSTATS 6007 Categorical Data and Generalised Linear Models .....	3

#### 2.1.2 Electives

Courses to the value of 3 units from the following:

BIOSTATS 6011 Bioinformatics .....	3
------------------------------------	---

BIOSTATS 6012 Longitudinal and Correlated Data .....	3
BIOSTATS 6014 Bayesian Statistical Methods .....	3
BIOSTATS 6015 Health Indicators and Health Surveys .....	3
BIOSTATS 6016 Clinical Biostatistics .....	3

### 2.1.3 Research Project

Students must complete the following:

BIOSTATS 6008 Survival Analysis .....	3
BIOSTATS 6009 Biostatistics Research Project A .....	3
BIOSTATS 6010 Biostatistics Research Project B .....	3

### 2.1.4 Repeating Courses

A student who has failed a course twice may not enrol in that course again except by special permission of the Faculty and then only under such conditions as the Faculty may prescribe.

# Doctor of Clinical Dentistry (DClinDent)

These Program Rules should be read in conjunction with the University's policies (<http://www.adelaide.edu.au/policies>).

## Overview

The Doctor of Clinical Dentistry is a postgraduate coursework (Masters Extended) program available to both local and international students. The program prepares qualified dentists for specialist dental practice in the disciplines of:

- Endodontics
- Oral Pathology
- Orthodontics
- Paediatric Dentistry
- Periodontics
- Prosthodontics
- Special Needs Dentistry.

The Doctor of Clinical Dentistry is an AQF Level 9 (Masters Extended) qualification with a standard full-time duration of 3 years.

## 1 Academic Program Rules for Doctor of Clinical Dentistry

There shall be a Doctor of Clinical Dentistry.

## 2 Qualification Requirements

### 2.1 Academic Program

To qualify for the degree of Doctor of Clinical Dentistry the student must complete satisfactorily a program of study consisting of the following requirements with a combined total of not less than 72 units:

#### 2.1.1 Core Courses

- DENT 7200 Research Methods, Experimental Design & Ethics..... 3
- DENT 7280 Doctor of Clinical Dentistry Research A..... 3

Students must also complete courses in their major area of study listed in 2.1.1.1–2.1.1.7 below to the value of 66 units:

#### 2.1.1.1 Endodontics

- DENT 7212A Specialist Clinical Endodontics I Part 1..... 9
- DENT 7212B Specialist Clinical Endodontics I Part 2..... 9
- DENT 7213A Specialist Clinical Endodontics II Part 1..... 12
- DENT 7213B Specialist Clinical Endodontics II Part 2..... 12
- DENT 7214A Specialist Clinical Endodontics III Part 1..... 12

- DENT 7241B Specialist Clinical Endodontics III Part 2..... 12

#### 2.1.1.2 Oral Pathology

- DENT 7222A Specialist Clinical Oral Pathology I Part 1..... 9
- DENT 7222B Specialist Clinical Oral Pathology I Part 2..... 9
- DENT 7223A Specialist Clinical Oral Pathology II Part 1..... 12
- DENT 7223B Specialist Clinical Oral Pathology II Part 2..... 12
- DENT 7224A Specialist Clinical Oral Pathology III Part 1..... 12
- DENT 7224B Specialist Clinical Oral Pathology III Part 2..... 12

#### 2.1.1.3 Orthodontics

- DENT 7232A Specialist Clinical Orthodontics I Part 1..... 9
- DENT 7232B Specialist Clinical Orthodontics I Part 2..... 9
- DENT 7233A Specialist Clinical Orthodontics II Part 1..... 12
- DENT 7233B Specialist Clinical Orthodontics II Part 2..... 12
- DENT 7234A Specialist Clinical Orthodontics III Part 1..... 12
- DENT 7234B Specialist Clinical Orthodontics III Part 2..... 12

#### 2.1.1.4 Paediatric Dentistry

- DENT 7242A Specialist Paediatric Dentistry I Part 1..... 9
- DENT 7242B Specialist Paediatric Dentistry I Part 2..... 9
- DENT 7243A Specialist Paediatric Dentistry II Part 1..... 12
- DENT 7243B Specialist Paediatric Dentistry II Part 2..... 12
- DENT 7244A Specialist Paediatric Dentistry III Part 1..... 12
- DENT 7244B Specialist Paediatric Dentistry III Part 2..... 12

#### 2.1.1.5 Periodontics

- DENT 7252A Specialist Clinical Periodontics I Part 1..... 9
- DENT 7252B Specialist Clinical Periodontics I Part 2..... 9
- DENT 7253A Specialist Clinical Periodontics II Part 1..... 12

DENT 7253B Specialist Clinical Periodontics II Part 2.....	12
DENT 7254A Specialist Clinical Periodontics III Part 1.....	12
DENT 7254B Specialist Clinical Periodontics III Part 2.....	12

#### **2.1.1.6 Prosthodontics**

DENT 7262A Specialist Clinical Prosthodontics I Part 1.....	9
DENT 7262B Specialist Clinical Prosthodontics I Part 2.....	9
DENT 7263A Specialist Clinical Prosthodontics II Part 1.....	12
DENT 7263B Specialist Clinical Prosthodontics II Part 2.....	12
DENT 7264A Specialist Clinical Prosthodontics III Part 1.....	12
DENT 7264B Specialist Clinical Prosthodontics III Part 2.....	12

#### **2.1.1.7 Special Needs Dentistry**

DENT 7272A Specialist Clinical Special Needs Dentistry I Part 1.....	9
DENT 7272B Specialist Clinical Special Needs Dentistry I Part 2.....	9
DENT 7273A Specialist Clinical Special Needs Dentistry II Part 1.....	12
DENT 7273B Specialist Clinical Special Needs Dentistry II Part 2.....	12
DENT 7274A Specialist Clinical Special Needs Dentistry III Part 1.....	12
DENT 7274B Specialist Clinical Special Needs Dentistry III Part 2.....	12

#### **2.1.2 Research Dissertation**

Students must complete a research dissertation of not longer than 40,000 words:

The time to undertake the research and prepare the dissertation is allocated accordingly in the following:

##### **Year 1**

DENT 7200 Research Methods, Experimental Design & Ethics.....	3
DENT 7280 Doctor of Clinical Dentistry Research A.....	3

##### **Years 2 and 3**

Equivalent of 3 units embedded in each of the Specialist Clinical Courses.

#### **2.1.3 Repeating Courses**

A student who has failed a course twice may not enrol in that course again except by special permission of the Faculty and then only under such conditions as the Faculty may prescribe.

# Graduate Certificate in Counselling and Psychotherapy (GCertCounsPsych)

These Program Rules should be read in conjunction with the University's policies (<http://www.adelaide.edu.au/policies>).

## Overview

The Graduate Certificate in Counselling and Psychotherapy consists of elective coursework to introduce students to the broad theoretical foundation and skills of counselling / psychotherapy. It will provide an introductory pathway to training in a specific counselling / psychotherapy modality or provide training in a range of specific counselling / psychotherapy modalities to experienced counsellors.

Usually the completion of a Bachelor degree is the minimum qualification for entry to the program but other equivalent qualifications will be considered.

The Graduate Certificate in Counselling and Psychotherapy is an AQF Level 8 qualification with a standard full-time duration of 0.5 years.

## 1. Academic Program Rules for Graduate Certificate in Counselling and Psychotherapy

There shall be a Graduate Certificate in Counselling and Psychotherapy.

## 2. Qualification Requirements

### 2.1 Academic Program

To qualify for the Graduate Certificate in Counselling and Psychotherapy, the student must complete satisfactorily a program of study consisting of the following requirements with a combined total of not less than 12 units:

#### 2.1.1 Electives

Courses to the value of 12 units from the following:

GEN PRAC 5005 Counselling Skills I.....	3
GEN PRAC 5006 Ethics in the Workplace.....	3
GEN PRAC 5007 Attachment across the Lifespan.....	3
GEN PRAC 5008 Counselling and Psychotherapy Theories .....	3
GEN PRAC 6018 Counselling Skills II.....	3
GEN PRAC 6019 Overview of Mental Health.....	3
GEN PRAC 6021 Nature of Grief .....	3

GEN PRAC 7003 Cognitive Behavioural Therapy and Trauma .....	3
GEN PRAC 7004 Interpersonal Therapy: Theories and Techniques.....	3
GEN PRAC 7005 Narrative Approaches to Counselling and Community Work .....	3
GEN PRAC 7006 Counselling Applications.....	3
GEN PRAC 7009 Hypnosis Theories and Techniques .....	3
GEN PRAC 7013 Family & Relationships Counselling .....	3
GEN PRAC 7014 Counselling of Children and Adolescents .....	3
GEN PRAC 7019 Expressive Therapies .....	3
PUB HLTH 7078 Qualitative Research Methods in Health .....	3

### 2.1.2 Repeating Courses

A student who has failed a course twice may not enrol in that course again except by special permission of the Faculty and then only under such conditions as the Faculty may prescribe.

# Graduate Diploma in Counselling and Psychotherapy (GDipCounsPsych)

These Program Rules should be read in conjunction with the University's policies (<http://www.adelaide.edu.au/policies>).

## Overview

The Graduate Diploma in Counselling and Psychotherapy consists of core and elective coursework to introduce students to the broad theoretical foundations and skills of counselling / psychotherapy. It will provide an introductory pathway to training in a specific counselling / psychotherapy modality or provide training in a range of specific counselling / psychotherapy modalities to experienced counsellors.

The Graduate Diploma in Counselling and Psychotherapy is an AQF Level 8 qualification with a standard full-time duration of 1 year.

## 1. Academic Program Rules for Graduate Diploma in Counselling and Psychotherapy

There shall be a Graduate Diploma in Counselling and Psychotherapy.

## 2. Qualification Requirements

### 2.1 Academic Program

To qualify for the Graduate Diploma in Counselling and Psychotherapy, the student must complete satisfactorily a program of study consisting of the following requirements with a combined total of not less than 24 units:

#### 2.1.1 Core Courses

GEN PRAC 5005 Counselling Skills I.....	3
GEN PRAC 5006 Ethics in the Workplace.....	3

GEN PRAC 7006 Counselling Applications.....	3
GEN PRAC 7009 Hypnosis Theories and Techniques.....	3
GEN PRAC 7013 Family & Relationships Counselling .....	3
GEN PRAC 7014 Counselling of Children and Adolescents .....	3
GEN PRAC 7019 Expressive Therapies .....	3
PUB HLTH 7073 Indigenous Health.....	3
PUB HLTH 7076 Health Policy and Public Health Interventions .....	3
PUB HLTH 7078 Qualitative Research Methods in Health .....	3

or

other postgraduate coursework courses offered by the University or another university which the Faculty approves in lieu of elective courses.

### 2.1.3 Repeating Courses

A student who has failed a course twice may not enrol in that course again except by special permission of the Faculty and then only under such conditions as the Faculty may prescribe.

# Master of Counselling and Psychotherapy (MCounsPsych)

These Program Rules should be read in conjunction with the University's policies (<http://www.adelaide.edu.au/policies>).

## Overview

This program prepares students for a career in counselling by introducing them to the theoretical foundation and practical skills required. The program consists of core and elective coursework and combines theoretical knowledge and practical skills in counselling and psychotherapy. The clinical skills pathway has been designed to meet the training requirements for practitioners as outlined by the Psychotherapy and Counselling Federation of Australia. In the second full-time year of the program (or equivalent) students must allow up to two and a half days each week for Counselling Placement. The research pathway provides a suitable background for students considering PhD candidacy.

Progression to the second year of the program is subject to a satisfactory review by program staff.

The Master of Counselling and Psychotherapy is an AQF Level 9 qualification with a standard full-time duration of 2 years.

### Condition of Enrolment

*Criminal History Clearance:* Students who undertake clinical placements, internships or research projects involving children or people who are ill, elderly or vulnerable are now required to demonstrate clearance by producing a criminal history check, obtained through a Department for Communities and Social Inclusion (DCSI) check. International students may be required to obtain a certificate from their home country.

## 1. Academic Program Rules for Master of Counselling and Psychotherapy

There shall be a Master of Counselling and Psychotherapy.

## 2. Qualification Requirements

### 2.1 Academic Program

To qualify for the degree of Master of Counselling and Psychotherapy, the student must complete satisfactorily a program of study in either the Clinical Practice pathway or the Research pathway with a combined total of not less than 48 units.

### 2.1.1 Clinical Practice Pathway

#### Core Courses

GEN PRAC 5005 Counselling Skills I.....	3
GEN PRAC 5007 Attachment across the Lifespan.....	3
GEN PRAC 5006 Ethics in the Workplace.....	3
GEN PRAC 5008 Counselling and Psychotherapy Theories .....	3
GEN PRAC 6018 Counselling Skills II.....	3
GEN PRAC 6019 Overview of Mental Health.....	3
GEN PRAC 6021 Nature of Grief .....	3
GEN PRAC 7003 Cognitive Behavioural Therapy and Trauma .....	3
GEN PRAC 7005 Narrative Approaches to Counselling and Community Work .....	3
GEN PRAC 7006 Counselling Applications.....	3
GEN PRAC 7020A Counselling Placement IA...3	
GEN PRAC 7020B Counselling Placement IB...3	
PUB HLTH 7078 Qualitative Research Methods in Health .....	3

#### Electives

Courses to the value of 9 units from the following:

GEN PRAC 7004 Interpersonal Therapy: Theories and Techniques.....	3
GEN PRAC 7009 Hypnosis Theories and Techniques .....	3
GEN PRAC 7013 Family & Relationships Counselling .....	3
GEN PRAC 7014 Counselling of Children and Adolescents.....	3
GEN PRAC 7018 Theory and Practice of Counselling Placement.....	3
GEN PRAC 7019 Expressive Therapies .....	3
PUB HLTH 7073 Indigenous Health .....	3
PUB HLTH 7076 Health Policy and Public Health Interventions .....	3

or

other postgraduate coursework courses offered by the University or another university which the Faculty approves in lieu of elective courses.

### 2.1.2 Research Pathway

#### Core Courses

GEN PRAC 5005 Counselling Skills I.....	3
GEN PRAC 5007 Attachment across the Lifespan.....	3

GEN PRAC 5006 Ethics in the Workplace.....	3
GEN PRAC 5008 Counselling and Psychotherapy Theories .....	3
GEN PRAC 6018 Counselling Skills II.....	3
GEN PRAC 6019 Overview of Mental Health.....	3
GEN PRAC 6021 Nature of Grief.....	3
PUB HLTH 7078 Qualitative Research Methods in Health .....	3

### **Electives**

Courses to the value of 12 units from the following:

GEN PRAC 7003 Cognitive Behavioural Therapy and Trauma .....	3
GEN PRAC 7004 Interpersonal Therapy: Theories and Techniques.....	3
GEN PRAC 7005 Narrative Approaches to Counselling and Community Work .....	3
GEN PRAC 7006 Counselling Applications.....	3
GEN PRAC 7009 Hypnosis Theories and Techniques .....	3
GEN PRAC 7013 Family & Relationships Counselling .....	3
GEN PRAC 7014 Counselling of Children and Adolescents .....	3
GEN PRAC 7019 Expressive Therapies .....	3
PUB HLTH 7073 Indigenous Health .....	3
PUB HLTH 7076 Health Policy and Public Health Interventions .....	3

or

other postgraduate coursework courses offered by the University or another university which the Faculty approves in lieu of elective courses.

### **Research Thesis**

Students must complete a research thesis:

GEN PRAC 7011 Research Thesis in Counselling and Psychotherapy.....	12
--	----

#### **2.1.3 Repeating Courses**

A student who has failed a course twice may not enrol in that course again except by special permission of the Faculty and then only under such conditions as the Faculty may prescribe.

# Graduate Diploma in Dental Sleep Medicine (GDipDSleepM)

These Program Rules should be read in conjunction with the University's policies (<http://www.adelaide.edu.au/policies>).

Note: This program will not be offered in 2015.

## Overview

This program is designed to train qualified dentists in the area of Dental Sleep Medicine. It is expected that students entering the program will hold a Bachelor of Dental Surgery from the University or an equivalent qualification plus two years of general dental practice work experience. The program is jointly offered between the University of Adelaide and the University of Western Australia. Students following a normal pattern of study will undertake the first half of the courses within the program at the University of Adelaide and the second half at the University of Western Australia.

The Graduate Diploma in Dental Sleep Medicine is an AQF Level 8 qualification with a standard full-time duration of 1 year.

## 1. Academic Program Rules for Graduate Diploma in Dental Sleep Medicine

There shall be a Graduate Diploma in Dental Sleep Medicine.

## 2. Qualification Requirements

### 2.1 Academic Program

To qualify for the Graduate Diploma in Dental Sleep Medicine, the student must complete satisfactorily a program of study consisting of the following requirements with a combined total of not less than 24 units:

#### 2.1.1 Core Courses

ANHB 5432 Fundamentals of Sleep Biology .....	3
DENT 6100 Fundamentals of Dental Sleep Medicine .....	3
ANHB 5431 Fundamentals of Sleep Technology.....	3
DENT 6101 Oral Appliance Therapy for Sleep Disordered Breathing .....	3
ANHB 5530 Advanced Sleep Disorders & Anatomy of Sleep .....	3
DENT 6102 Dental Sleep Medicine in Practice I.....	3
ANHB 5531 Biostatistics in Dental Sleep Medicine .....	3
DENT 6103 Dental Sleep Medicine in Practice II.....	3

### 2.1.2 Repeating Courses

A student who has failed a course twice may not enrol in that course again except by special permission of the Faculty and then only under such conditions as the Faculty may prescribe.

# Graduate Diploma in Forensic Odontology (GDipForOdont)

These Program Rules should be read in conjunction with the University's policies (<http://www.adelaide.edu.au/policies>).

## Overview

This program is intended for practicing dentists who wish to gain experience in the professional field of forensic odontology. The program has been designed with an emphasis on the practical aspects of forensic odontology. Graduates should have an in-depth understanding of the correct professional handling, examination, interpretation and presentation of dental and oral evidence which may come before the legal authorities. The nature of the concepts and casework required are often confronting and may be distressing to some people. Prospective students should consider this aspect before applying.

The Graduate Diploma in Forensic Odontology is an AQF Level 8 qualification with a standard full-time duration of 1 year.

Condition of Admission

*Prescribed Communicable Infection Clearance:* Students must comply with the Students With Prescribed Communicable Infections Policy ([www.adelaide.edu.au/policies/591](http://www.adelaide.edu.au/policies/591)).

## 1. Academic Program Rules for Graduate Diploma in Forensic Odontology

There shall be a Graduate Diploma in Forensic Odontology.

## 2. Qualification Requirements

### 2.1 Academic Program

To qualify for the Graduate Diploma in Forensic Odontology, the student must complete satisfactorily a program of study consisting of the following requirements with a combined total of not less than 24 units:

#### 2.1.1 Core Courses

ODONT 6017 Research Methods and Ethics .....	3
ODONT 6008AHO/BHO Casework in Forensic Odontology .....	6
ODONT 6012HO Principles and Methods of Forensic Odontology .....	6
ODONT 6016A/B Forensic Odontology Research .....	6
ODONT 6018 Integrated Forensic Science .....	3

### 2.1.2 Repeating Courses

A student who has failed a course twice may not enrol in that course again except by special permission of the Faculty and then only under such conditions as the Faculty may prescribe.

# Graduate Certificate in Health Economics (GCertHlthEc)

These Program Rules should be read in conjunction with the University's policies (<http://www.adelaide.edu.au/policies>).

## Overview

This program is designed to provide specialisation in the related fields of health economics, health policy and health care management with a particular focus on international health systems. Graduates will develop the capacity to design health reform programs, analyse policy effectiveness, perform economic evaluations of health care interventions, and identify challenges for policy implementation and governance issues by combining management skills with a sound knowledge of economics and public health policies. The flexible structure of the program allows students to tailor their studies according to their educational background or career aspirations, focusing on the economic, health policy or management aspects of health care delivery and planning in countries at different stages of development. A knowledge of Stage 2 Mathematical Studies or equivalent is assumed.

The Graduate Certificate in Health Economics is an AQF Level 8 qualification with a standard full-time duration of 0.5 years.

## 1. Academic Program Rules for Graduate Certificate in Health Economics

There shall be a Graduate Certificate in Health Economics.

## 2. Qualification Requirements

### 2.1 Academic Program

To qualify for the Graduate Certificate in Health Economics, the student must complete satisfactorily a program of study consisting of the following requirements with a combined total of not less than 12 units:

#### 2.1.1 Electives

Courses to the value of 6 units from the following:

ECON 7001 Econometrics PG.....	3
ECON 7011 Intermediate Microeconomics A IID.....	3
ECON 7016 Resource & Environmental Economics PG .....	3
ECON 7032 Public Economics PG .....	3
ECON 7036 International Trade and Investment Policy IID .....	3

ECON 7044 International Finance PG .....	3
ECON 7051 Intermediate Econometrics IID .....	3
ECON 7052 East Asian Economies IID.....	3
ECON 7058 Development Economics PG.....	3
ECON 7062 Game Theory PG .....	3
ECON 7071 Intermediate Macroeconomics IID .....	3
ECON 7072 International Trade PG.....	3
ECON 7075 Intermediate Mathematical Economics IID.....	3
ECON 7114 Money, Banking and Financial Markets PG .....	3
ECON 7205 Public Finance IIID .....	3
ECON 7216 Economic Statistical Theory IID.....	3

# Master of Health Economics and Policy (MHlthEcPol)

These Program Rules should be read in conjunction with the University's policies (<http://www.adelaide.edu.au/policies>).

## Overview

This program is designed to provide specialisation in the related fields of health economics, health policy and health care management. Graduates will develop the capacity to design health reform programs, analyse policy effectiveness, perform economic evaluations of health care interventions, and identify challenges for policy implementation and governance issues by combining management skills with a sound knowledge of economics and public health policies. The flexible structure of the program allows students to tailor their studies according to their educational background or career aspirations, focusing on the economic, health policy or management aspects of health care delivery and planning in countries at different stages of development.

An applicant for admission to the academic program for the Master of Health Economics and Policy shall have either qualified for:

- a. an undergraduate degree of the University or a degree of another institution accepted for the purpose as equivalent to a degree of the University, that contains a major in Economics  
or
- b. a Graduate Certificate in Economics  
or
- c. a Graduate Diploma in Health Economics

The Master of Health Economics and Policy is an AQF Level 9 qualification with a standard full-time duration of 1.5 years.

Condition of Continuing Enrolment

*Research dissertation:* A student must complete the core courses of the degree with a minimum GPA of 6.0, in order to proceed to the research dissertation.

## 1. Academic Program Rules for Master of Health Economics and Policy

There shall be a Master of Health Economics and Policy.

## 2. Qualification Requirements

### 2.1 Academic Program

To qualify for the degree of Master of Health Economics and Policy, the student must complete satisfactorily a program of study consisting of the following requirements with a combined total of not less than 36 units:

#### 2.1.1 Core Courses

PUB HLTH 7081 Health Economics .....	3
PUB HLTH 7082 Health Economic Evaluation & Decision Making .....	3
ECON 7001 Econometrics PG.....	3
ECON 7220 Challenges Facing Economic Policy Makers.....	3
PUB HLTH 7085 Applied Health Economic Evaluation Research Project.....	6

#### 2.1.2 Electives

Courses to the value of 18 units from the following:

##### **Economics**

Economics courses to a minimum value of 6 units from the following:

ECON 7228 Thinking Strategically .....	3
ECON 7032 Public Economics PG .....	3
ECON 7016 Resource & Environmental Economics PG .....	3
ECON 7044 International Finance PG .....	3
ECON 7058 Development Economics PG.....	3
ECON 7062 Game Theory PG .....	3
ECON 7067 Economic Development.....	3
ECON 7072 International Trade PG .....	3
ECON 7100 International Finance IV.....	3
ECON 7102 International Trade IV.....	3
ECON 7110 Advanced Mathematical Economics IV .....	3
ECON 7114 Money, Banking and Financial Markets PG .....	3
ECON 7115 Public Economics IV .....	3
ECON 7121 Microeconomic Theory IV .....	3
ECON 7122 Macroeconomics IV .....	3
ECON 7204 Econometrics IV .....	3
ECON 7205 Public Finance IIID .....	3
ECON 7219 Macroeconomics IIID .....	3
ECON 7229 Behavioural Game Theory and Experiments IV.....	3

### **Public Health**

Public Health courses to a minimum value of 6 units from the following:

PUB HLTH 7100HO Foundations of Public Health .....	3
PUB HLTH 7074 Introduction to Biostatistics.....	3
PUB HLTH 7075 Introduction to Epidemiology .....	3
PUB HLTH 7104 Biostatistics .....	3
PUB HLTH 7106HO Epidemiological Research Methods .....	3
PUB HLTH 7078 Social Science Research Methods for Public Health.....	3
PUB HLTH 7147HO Health Technology Assessment .....	3
PUB HLTH 7076 Health Policy and Public Health Interventions .....	3
PUB HLTH 7073 Indigenous Health .....	3

### **Management**

COMMGMT 7008 Management Practice (M) .....	3
ACCTING 7019 Accounting Concepts and Methods (M) .....	3
COMMGMT 7006 Organisational Behaviour .....	3
COMMGMT 7007 Strategic Management .....	3
COMMGMT 7014 Strategic Compensation Management (M).....	3
COMMERCE 7036 Knowledge Management & Measurement (M).....	3
COMMGMT 7013 Strategic Evaluation & Control (M).....	3

#### **2.1.3 Research Dissertation**

Students may complete a research dissertation to the value of 12 units, in lieu of the PUB HLTH 7085 Applied Health Economic Evaluation Research Project and Elective courses to the value of 6 units from Academic Program Rule 2.1.2:

PUB HLTH 7119HO Dissertation in Health Economics and Policy (full time) .....	12
---	----

or

PUB HLTH 7120HO Dissertation in Health Economics and Policy (part time).....	12
--	----

#### **2.1.4 Repeating Courses**

A student who has failed a course twice may not enrol in that course again except by special permission of the Faculty and then only under such conditions as the Faculty may prescribe.

# Graduate Certificate in International Addiction Studies (GCertIntAddictSt)

These Program Rules should be read in conjunction with the University's policies (<http://www.adelaide.edu.au/policies>).

## Overview

The Graduate Certificate in International Addiction Studies is an online program of graduate study for students interested in gaining a broad overview of the addiction field, while acquiring in-depth knowledge and insight in international issues. The Graduate Certificate will offer courses on Public Health Issues and Approaches to Addiction; Biological Basis of Addiction and Psychosocial Treatment of Addiction.

The program is jointly taught by the academic staff of three of the world's leading universities in the field of addiction science: the University of Adelaide (Australia), King's College London (UK) and Virginia Commonwealth University (USA). Lecturers have been selected from among the world's leading authorities in each of these subject areas. Its aim is to develop professionals who are fully prepared to assume leadership roles in the addiction field throughout the world.

The Graduate Certificate in International Addiction Studies is an AQF Level 8 qualification with a standard full-time duration of 0.5 year.

## 1 Academic Program Rules for Graduate Certificate in International Addiction Studies

There shall be a Graduate Certificate in International Addiction Studies.

## 2 Qualification Requirements

### 2.1 Academic Program

To qualify for the Graduate Certificate in International Addiction Studies, the student must complete satisfactorily a program of study consisting of the following courses with a combined total of not less than 12 units:

#### 2.1.1 Core Courses

PHARM 7018EX Treatment of Addiction:  
Psychosocial Interventions..... 4  
PHARM 7016EX Public Health Issues and  
Approaches to Addiction..... 4

PHARM 7015EX Biological Basis of  
Addiction..... 4

### 2.1.2 Repeating Courses

A student who has failed a course twice may not enrol in that course again except by special permission of the Faculty and then only under such conditions as the Faculty may prescribe.

# Graduate Diploma in International Addiction Studies (GDipIntAddictSt)

These Program Rules should be read in conjunction with the University's policies (<http://www.adelaide.edu.au/policies>).

## Overview

The Graduate Diploma in International Addiction Studies is an online program of graduate study for students interested in gaining a broad overview of the addiction field, while acquiring in-depth knowledge and insight in international issues. The Graduate Diploma in International Addiction Studies will provide students with an advanced educational experience covering the biological basis of addiction, public health issues, evidence based interventions (including pharmacological, psychosocial and public health approaches) and addictions policy.

The program is jointly taught by the academic staff of three of the world's leading universities in the field of addiction science: the University of Adelaide (Australia), King's College London (UK) and Virginia Commonwealth University (USA). Lecturers have been selected from among the world's leading authorities in each of these subject areas. The Graduate Diploma in International Addiction Studies is an AQF Level 8 qualification with a standard full-time duration of 1 year.

## 1 Academic Program Rules for Graduate Diploma in International Addiction Studies

There shall be a Graduate Diploma in International Addiction Studies.

## 2 Qualification Requirements

### 2.1 Academic Program

To qualify for the Graduate Diploma in International Addiction Studies, the student must complete satisfactorily a program of study consisting of the following courses with a combined total of not less than 24 units:

#### 2.1.1 Core Courses

PHARM 7020EX Addiction Policies.....	4
PHARM 7018EX Treatment of Addiction: Psychosocial Interventions.....	4

PHARM 7016EX Public Health Issues and Approaches to Addiction.....	4
PHARM 7019EX Treatment of Addiction: Critical Issues.....	4
PHARM 7015EX Biological Basis of Addiction.....	4
PHARM 7017EX Treatment of Addiction: Pharmacotherapies.....	4

#### 2.1.2 Repeating Courses

A student who has failed a course twice may not enrol in that course again except by special permission of the Faculty and then only under such conditions as the Faculty may prescribe.

# Master of Science in Addiction Studies (MScAddictSt)

These Program Rules should be read in conjunction with the University's policies (<http://www.adelaide.edu.au/policies>).

## Overview

The Master of Science in Addiction Studies is jointly offered by the academic staff of the University of Adelaide (Australia), King's College London (UK) and Virginia Commonwealth University (USA) and delivered entirely online; no campus attendance is required. The program is available to students from all countries, but online lectures, assignments and correspondence are in English only. The program does not provide training in clinical or counselling skills. The program provides students with an advanced educational experience covering the scientific basis of addiction, comparative epidemiology, evidence based interventions (including pharmacological, psychosocial and public health approaches), research methodology and addictions policy.

The Master of Science in Addiction Studies is an AQF Level 9 qualification with a standard full-time duration of 1.5 years.

## 1. Academic Program Rules for Master of Science in Addiction Studies

There shall be a Master of Science in Addiction Studies.

## 2. Qualification Requirements

### 2.1 Academic Program

To qualify for the degree of Master of Science in Addiction Studies, the student must complete satisfactorily a program of study consisting of the following requirements with a combined total of not less than 36 units:

#### 2.1.1 Core Courses

PHARM 7015EX Biological Basis of Addiction .....	4
PHARM 7016EX Public Health Issues and Approaches to Addiction.....	4
PHARM 7017EX Treatment of Addiction: Pharmacotherapies.....	4
PHARM 7018EX Treatment of Addiction: Psychosocial Interventions.....	4
PHARM 7019EX Treatment of Addiction: Critical Issues.....	4
PHARM 7020EX Addiction Policies.....	4
PHARM 7021EX Research Methodology in Addictions .....	6

### 2.1.2 Research Dissertation

Students must complete a research dissertation:

PHARM 7022EX Research Project in Addictions .....	6
---	---

### 2.1.3 Repeating Courses

A student who has failed a course twice may not enrol in that course again except by special permission of the Faculty and then only under such conditions as the Faculty may prescribe.

# Graduate Certificate in Nursing Science (GCertNSc)

These Program Rules should be read in conjunction with the University's policies (<http://www.adelaide.edu.au/policies>).

Note: There will be no intake into the Apheresis Nursing, Evidenced Based Practice and Hyperbaric Nursing specialisations in 2015.

## Overview

This program is designed to provide opportunities for nurses to develop advanced skills in clinical inquiry, practice and leadership in professional nursing. It provides students with knowledge and understanding of research methods, critical analysis, clinical management and leadership and theoretical perspectives that inform nursing.

The Graduate Certificate in Nursing Science is an AQF Level 8 qualification with a standard full-time duration of 0.5 years.

### Condition of Admission

#### *Student and Professional Registration:*

Students accepted into the program are required to be registered with the relevant regulatory authority and working as a registered nurse a minimum of 0.64 FTE in the speciality area.

### Condition of Enrolment

*Interruption of program:* Students must apply for permission from the Program Coordinator before taking a Leave of Absence. Any extension of the leave without approval will result in the loss of place in the program but an application may be made to be re-admitted to the program subject to the admission procedures in place at the time.

## 1. Academic Program Rules for Graduate Certificate in Nursing Science

There shall be a Graduate Certificate in Nursing Science.

## 2. Qualification Requirements

### 2.1 Academic Program

To qualify for the Graduate Certificate in Nursing Science, the student must complete satisfactorily a program of study from one of the following specialisations with a combined total of not less than 12 units:

#### 2.1.1 Core Courses

##### ***Apheresis Nursing***

Note: There will be no intake into the Apheresis Nursing specialisation in 2015.

NURSING 5101HO Apheresis Nursing I ..... 6

NURSING 5102HO Apheresis Nursing II ..... 6

##### ***Evidence Based Practice***

Note: There will be no intake into the Evidence Based Practice specialisation in 2015.

NURSING 5109HO An Introduction to Evidence Based Health Care..... 6

NURSING 5110HO Change Management and Evaluation ..... 6

##### ***Hyperbaric Nursing***

Note: There will be no intake into the Hyperbaric Nursing specialisation in 2015.

NURSING 5103HO Hyperbaric Nursing II ..... 6

NURSING 6116HO Hyperbaric Nursing I ..... 6

##### ***Infection Control***

NURSING 5104HO Microbiology and Epidemiology ..... 6

NURSING 6117HO Infection Control Nursing ..... 6

### 2.1.2 Additional Specialisation

If a student who qualifies for the Graduate Certificate subsequently undertakes another specialisation, the student will receive a new testamur listing the specialisation completed.

### 2.1.3 Repeating Courses

A student who has failed a course twice may not enrol in that course again except by special permission of the Faculty and then only under such conditions as the Faculty may prescribe.

# Graduate Diploma in Nursing Science (GDipNSc)

These Program Rules should be read in conjunction with the University's policies (<http://www.adelaide.edu.au/policies>).

Note: There will be no intake into the Community Health and Primary Care Nursing, Gerontological Nursing, and Infection Control Nursing specialisations in 2015.

## Overview

This program is designed to provide opportunities for nurses to develop advanced skills in clinical inquiry, practice and leadership in professional nursing. It provides students with knowledge and understanding of research methods, critical analysis, leadership and theoretical perspectives that inform nursing.

Students are able to specialise in: Acute Care Nursing; Anaesthetic and Recovery Nursing; Burns Nursing; Cardiac Nursing; Community Health and Primary Care Nursing; Emergency Nursing; Evidence Based Practice, Gerontological Nursing; Infection Control Nursing; Intensive Care Nursing; Mental Health Nursing; Oncology Nursing; Orthopaedic Nursing; and Perioperative Nursing.

The Graduate Diploma in Nursing Science is an AQF Level 8 qualification with a standard full-time duration of 1 year.

### Condition of Admission

#### *Student and Professional Registration:*

Students accepted into the program are required to be registered with the relevant regulatory authority and working as a registered nurse a minimum of 0.64 FTE in the speciality area.

An applicant for admission to the program of study for the Graduate Diploma / Master of Nursing Science Stage 1 shall:

- a. be registered, or be eligible for registration, as a nurse in Australia and be employed at a minimum of 0.64 FTE in the specialty setting and
- b. have qualified for a degree of Bachelor of Nursing, or equivalent, of a university accepted for the purposes by the University and
- c. have at least two years' experience as a registered nurse in the field of the specialisation to be undertaken.

### Condition of Enrolment

*Interruption of program:* Students must apply for permission from the Program Coordinator before taking a Leave of Absence.

Any extension of the leave without approval will result in the loss of place in the program but an application may be made to be re-admitted to the program subject to the admission procedures in place at the time.

## 1. Academic Program Rules for Graduate Diploma in Nursing Science

There shall be a Graduate Diploma in Nursing Science.

## 2. Qualification Requirements

### 2.1 Academic Program

To qualify for the Graduate Diploma in Nursing Science, the student must complete satisfactorily a program of study from one of the following specialisations with a combined total of not less than 24 units:

Acute Care Nursing  
Anaesthetic and Recovery Nursing  
Burns Nursing  
Cardiac Nursing  
Community Health and Primary Care Nursing  
Emergency Nursing  
Gerontological Nursing  
Infection Control Nursing  
Intensive Care Nursing  
Mental Health Nursing  
Oncology Nursing  
Orthopaedic Nursing  
Perioperative Nursing

### 2.1.1 Core Courses

NURSING 7102EX Research Literacy ..... 3  
NURSING 7101EX Professional Practice ..... 3  
NURSING 7100EX Knowledge Translation ..... 3  
Courses to the value of 15 units from one of the following specialisations:

#### **Acute Care Nursing**

NURSING 7113 Recognition & Response to Clinical Deterioration ..... 3  
NURSING 7105 Acute Care Nursing I ..... 6  
NURSING 7106 Acute Care Nursing II ..... 6

#### **Anaesthetic and Recovery Nursing**

NURSING 7114 Introduction to Anaesthetic & Recovery Nursing ..... 6

NURSING 7115 Specialised Anaesthetics & Recovery Nursing .....	6
NURSING 7116 Concepts Anaesthetics & Recovery Nursing Practice .....	3
<b>Burns Nursing</b>	
NURSING 7110 Fundamentals of Burns Nursing.....	6
NURSING 7111 Advanced Burns Nursing .....	6
NURSING 7112 Coordinated Systems of Burn Care .....	3
<b>Cardiac Nursing</b>	
NURSING 7118 Critical Care Essentials.....	3
NURSING 7117 Primary & Secondary Prevention .....	3
NURSING 7125 Cardiovascular Disease.....	3
NURSING 7108 Foundations of Cardiac Care .....	3
or	
Elective courses to the value of 3 units from the following:	
NURSING 7107 Acute Coronary Care .....	3
NURSING 7120 Interventional Cardiology .....	3
<b>Community Health and Primary Care Nursing</b>	
Note: There will be no intake into the Community Health and Primary Care Nursing specialisation in 2015.	
NURSING 7122 Primary Health Care.....	3
NURSING 7148 Population Profiling in Chronic Illness .....	6
NURSING 7124 Management of Chronic Illness .....	6
<b>Emergency Nursing</b>	
NURSING 7118 Critical Care Essentials.....	3
NURSING 7149 Emergency Nursing I.....	6
NURSING 7128 Emergency Nursing II.....	3

# Master of Nursing Science (MNSc)

These Program Rules should be read in conjunction with the University's policies (<http://www.adelaide.edu.au/policies>).

Note: There will be no intake into the Community Health and Primary Care Nursing, Gerontological Nursing, and Infection Control Nursing specialisations in 2015.

## Overview

The Master of Nursing Science is designed to provide opportunities for nurses to develop advanced skills in clinical inquiry, practice and leadership in professional nursing.

The Master of Nursing Science provides graduates with a rigorous grounding in research methods, critical analysis, clinical management and leadership and theoretical perspectives that inform nursing.

Students are able to specialise in: Acute Care Nursing; Anaesthetic and Recovery Nursing; Burns Nursing; Cardiac Nursing; Community Health and Primary Care Nursing; Emergency Nursing; Gerontological Nursing; Infection Control Nursing; Intensive Care Nursing; Mental Health Nursing; Oncology Nursing; Orthopaedic Nursing; Perioperative Nursing and Renal Nursing. Students may also complete the program with a generic Nursing Science award without undertaking any of the specialisations.

The Master of Nursing Science is an AQF Level 9 qualification with a standard full-time duration of 2 years.

### Condition of Admission

#### *Student and Professional Registration:*

Students accepted into the program are required to be registered with the relevant regulatory authority and working as a registered nurse a minimum of 0.64 FTE in the speciality area.

*Direct entry to Stage 2:* A completed Graduate Diploma in Nursing Science or equivalent and at least two years' post registration nursing experience.

An applicant for admission to the program of study for the Master of Nursing Science Stage 1 shall:

- a. be registered, or be eligible for registration, as a nurse in Australia and be employed at a minimum of 0.64 FTE in the speciality setting  
and
- b. have qualified for a degree of Bachelor of Nursing, or equivalent, of a university accepted for the purposes by the University  
and

- c. have at least two years' experience as a registered nurse in the field of the specialisation to be undertaken.

### Condition of Enrolment

*Interruption of program:* Students must apply for permission from the Program Coordinator before taking a Leave of Absence. Any extension of the leave without approval will result in the loss of place in the program but an application may be made to be re-admitted to the program subject to the admission procedures in place at the time.

## 1. Academic Program Rules for Master of Nursing Science

There shall be a Master of Nursing Science.

## 2. Qualification Requirements

### 2.1 Academic Program

To qualify for the Master of Nursing Science, the student must complete satisfactorily a program of study from one of the following specialisations with a combined total of not less than 48 units:

Acute Care Nursing  
Anaesthetic and Recovery Nursing  
Burns Nursing  
Cardiac Nursing  
Community Health and Primary Care Nursing  
Emergency Nursing  
Gerontological Nursing  
Infection Control Nursing  
Intensive Care Nursing  
Mental Health Nursing  
Oncology Nursing  
Orthopaedic Nursing  
Perioperative Nursing  
Renal Nursing  
Generic Nursing Science

Courses to the value of 24 units must be taken from Stage 1 with a further 24 units to be taken from either Masters Combination 1 or Masters Combination 2 in Stage 2.

### 2.1.1 STAGE 1 Core Courses

NURSING 7102EX Research Literacy ..... 3  
NURSING 7101EX Professional Practice ..... 3

NURSING 7100EX Knowledge Translation ..... 3  
plus

Courses to the value of 15 units from one of the following specialisations:

**Acute Care Nursing**

NURSING 7113 Recognition & Response to Clinical Deterioration ..... 3  
NURSING 7105 Acute Care Nursing I ..... 6  
NURSING 7106 Acute Care Nursing II ..... 6

**Anaesthetic and Recovery Nursing**

NURSING 7114 Introduction to Anaesthetic & Recovery Nursing ..... 6  
NURSING 7115 Specialised Anaesthetics & Recovery Nursing Practice ..... 6  
NURSING 7116 Concepts Anaesthetics & Recovery Nursing Practice ..... 3

**Burns Nursing**

NURSING 7110 Fundamentals of Burns Nursing ..... 6  
NURSING 7111 Advanced Burns Nursing ..... 6  
NURSING 7112 Coordinated Systems of Burn Care ..... 3

**Cardiac Nursing**

NURSING 7118 Critical Care Essentials ..... 3  
NURSING 7117 Primary & Secondary Prevention ..... 3  
NURSING 7125 Cardiovascular Disease ..... 3  
NURSING 7108 Foundations of Cardiac Care ..... 3

or

Elective courses to the value of 3 units from the following:

NURSING 7107 Acute Coronary Care ..... 3  
NURSING 7120 Interventional Cardiology ..... 3

**Community Health and Primary Care Nursing**

Note: There will be no intake into the Community Health and Primary Care Nursing specialisation in 2015.

NURSING 7122 Primary Health Care ..... 3  
NURSING 7148 Population Profiling in Chronic Illness ..... 6  
NURSING 7124 Management of Chronic Illness ..... 6

**Emergency Nursing**

NURSING 7118 Critical Care Essentials ..... 3  
NURSING 7149 Emergency Nursing I ..... 6  
NURSING 7128 Emergency Nursing II ..... 3  
NURSING 7129 Emergency Nursing III ..... 3

**Gerontological Nursing**

Note: There will be no intake into the Gerontological Nursing specialisation in 2015.

NURSING 7130 Contemporary Issues in Aged Care ..... 6  
NURSING 7131 Gerontological Nursing ..... 3  
NURSING 7132 Assessment of the Elderly ..... 3  
NURSING 7133 Palliative Nursing in Aged Care ..... 3

**Infection Control Nursing**

Note: There will be no intake into the Infection Control Nursing specialisation in 2015.

NURSING 6117HO Infection Control Nursing ..... 6  
NURSING 5104HO Microbiology and Epidemiology ..... 6  
NURSING 7134 Advanced Infection Control Practice ..... 3

**Intensive Care Nursing**

NURSING 7118 Critical Care Essentials ..... 3  
NURSING 7135 Intensive Care I ..... 6  
NURSING 7136 Intensive Care II ..... 6

**Mental Health Nursing**

NURSING 7104EX Introduction to Mental Health ..... 3  
NURSING 7103EX The Art & Science of Mental Health ..... 6  
NURSING 7150EX Counselling & Comorbidity ..... 6

**Oncology Nursing**

NURSING 7138 Haematology/Oncology Nursing I ..... 6  
NURSING 7139 Haematology/Oncology Nursing II ..... 6  
NURSING 7140 Haematology/Oncology Nursing Practice ..... 3

**Orthopaedic Nursing**

NURSING 7142 Advanced Orthopaedic Nursing Practice I ..... 3  
NURSING 7143 Therapeutic Management of the Orthopaedic Patient ..... 6  
NURSING 7144 Advanced Orthopaedic Nursing Practice II ..... 3  
NURSING 7141 Orthopaedic Trauma Nursing ..... 3

**Perioperative Nursing**

NURSING 7145 Intro to Perioperative Nursing ..... 6  
NURSING 7146 Specialised Perioperative Nursing Practice ..... 6  
NURSING 7147 Concepts of Perioperative Nursing Practice ..... 3

In the case of generic Nursing Science, courses could include:  
 NURSING 5109HO An Introduction to Evidence Based Health Care ..... 6  
 or  
 any other course from Stage 1 as approved by the Program Coordinator.

**2.1.2 STAGE 2**

**2.1.2.1 Masters Combination 1**

Courses to the value of 24 units including the core courses and the research dissertation:

**Core Courses**

NURSING 7002HO Interpretive & Critical Research in Health..... 3

or

NURSING 7102EX Research Literacy ..... 3

**Elective Courses**

Courses to the value of 9 units from the following:

NURSING 7003HO International Issues in Nursing Service Delivery ..... 3

NURSING 7002HO Interpretive & Critical Research in Health..... 3

NURSING 7011HO Leadership & Management in Nursing..... 3

NURSING 7012HO Systematic Reviews of Research ..... 3

NURSING 7013HO Systematic Review Project ..... 6

NURSING 7015HO Applied Pharmacology in Nursing..... 3

NURSING 7102EX Research Literacy ..... 3

NURSING 7124 Management of Chronic Illness ..... 6

NURSING 5109HO An Introduction to Evidence Based Health Care ..... 6

NURSING 6205HO Mental Health ..... 6

or

any other course from Stage 1 as approved by the Program Coordinator.

**Research Dissertation**

Courses to the value of 12 units from the following:

NURSING 7021A Proposal Research Part I .....3

NURSING 7021B Proposal Research Part II .....3

NURSING 7021C Proposal Research Part III .....3

NURSING 7021D Proposal Research Part IV.....3

**2.1.2.2 Masters Combination 2**

Courses to the value of 24 units including the core courses and review project:

**Core Courses**

NURSING 7002HO Interpretive & Critical Research in Health..... 3

NURSING 7012HO Systematic Reviews of Research ..... 3

**Elective Courses**

Courses to the value of 12 units from the following:

NURSING 7003HO International Issues in Nursing Service Delivery ..... 3

NURSING 7011HO Leadership & Management in Nursing..... 3

NURSING 7015HO Applied Pharmacology in Nursing..... 3

NURSING 7102EX Research Literacy ..... 3

NURSING 7124 Management of Chronic Illness ..... 6

NURSING 5109HO An Introduction to Evidence Based Health Care ..... 6

NURSING 6205HO Mental Health ..... 6

or

any other course from Stage 1 as approved by the Program Coordinator.

**Review Project**

Course to the value of 9 units from the following:

NURSING 7012HO Systematic Reviews of Research ..... 3

NURSING 7013HO Systematic Review Project ..... 6

**2.1.3 Repeating Courses**

A student who has failed a course twice may not enrol in that course again except by special permission of the Faculty and then only under such conditions as the Faculty may prescribe.

# Master of Clinical Nursing (MClinN)

These Program Rules should be read in conjunction with the University's policies (<http://www.adelaide.edu.au/policies>).

## Overview

The Master of Clinical Nursing prepares graduates for employment as registered nurses. Graduates acquire contemporary nursing skills and knowledge to enable beginning level practice in a wide variety of health care settings. The program blends extensive and varied clinical placement opportunities with a high degree of academic rigour. The Master of Clinical Nursing is aimed at graduates seeking a career in nursing who have a three year degree in another discipline with a minimum GPA of 4.0.

The program will provide professional knowledge, skills and attitudes that underpin the role of the Registered Nurse and develop competencies for practice as determined by the Nursing and Midwifery Board of Australia.

Graduates of the Master of Clinical Nursing program will need to satisfy the Australian Nursing and Midwifery Accreditation Council requirement for English language proficiency (IELTS 7 or equivalent) prior to application for registration.

The Master of Clinical Nursing is an AQF Level 9 qualification with a standard full-time duration of two years.

### Condition of Admission

*Human Biology:* Students will have completed University Level I Human Biology or equivalent prior to entry.

### Condition of Enrolment

*Physical fitness:* There is an extensive clinical component that requires students to work as members of the health care team. To satisfactorily undertake this clinical component, students need to be physically fit. Students must satisfy the individual Occupational Health and Safety requirements of the institution in which they are undertaking the clinical component of the program.

*Prescribed Communicable Infection Clearance:* Students must comply with the Students With Prescribed Communicable Infections Policy ([www.adelaide.edu.au/policies/591](http://www.adelaide.edu.au/policies/591)).

*Tuberculosis Clearance:* Students who undertake clinical placements, internships or research projects involving children or people who are ill, elderly or vulnerable are now

required to demonstrate tuberculosis (TB) clearance through obtaining a TB Screening Notification from SA Tuberculosis Services.

*Criminal History Clearance:* Students who undertake clinical placements, internships or research projects involving children or people who are ill, elderly or vulnerable are now required to demonstrate clearance by producing a criminal history check, obtained through a Department for Communities and Social Inclusion (DCSI) check. International students may be required to obtain a certificate from their home country.

*Immunisation:* Prior to clinical placement, students will need to provide evidence of immunisation status.

*Clinical Practice:* Students must comply with the University's rules for undertaking clinical practice in teaching hospitals, health centres, or any other institution.

*Student and Professional Registration:* Students accepted into the program will be registered with AHPRA at the time of enrolment.

*Interruption of program:* Students must apply for permission from the Program Coordinator before taking a Leave of Absence. Any extension of the leave without approval will result in the loss of place in the program but an application may be made to be re-admitted to the program subject to the admission procedures in place at the time.

*Uniform:* During their nursing practice placements students will be required to comply with the School of Nursing dress standards.

## 1. Academic Program Rules for Master of Clinical Nursing

There shall be a Master of Clinical Nursing.

## 2. Qualification Requirements

### 2.1 Academic Program

To qualify for the degree of Master of Clinical Nursing, the student must complete satisfactorily a program of study consisting of the following requirements with a combined total of not less than 48 units:

#### 2.1.1 Core Courses

NURSING 7200 Nursing Science .....	3
NURSING 7201 Fundamentals of Nursing Practice I.....	3

NURSING 7203 Introducing Professional Nursing.....	3
NURSING 7208 ATSI Peoples Health and Culture.....	3
NURSING 7202 Fundamentals of Nursing Practice II.....	3
NURSING 7209 Contexts of Nursing Practice .....	3
NURSING 7102EX Research Literacy .....	3
NURSING 7210 Applied Nursing Practice I .....	6
NURSING 7011HO Leadership & Management in Nursing.....	3
NURSING 7213 Applied Nursing Practice II .....	6

**2.1.2 Research Equivalent Courses**

NURSING 7204 Clinical Nursing Practice I .....	3
NURSING 7205 Clinical Nursing Practice II .....	3
NURSING 7206 Clinical Nursing Practice III .....	3
NURSING 7207 Clinical Nursing Practice IV.....	3

**2.1.3 Repeating Courses**

A student who has failed a course twice may not enrol in that course again except by special permission of the Faculty and then only under such conditions as the Faculty may prescribe.

# Master of Nurse Practitioner (MNPractitioner)

These Program Rules should be read in conjunction with the University's policies (<http://www.adelaide.edu.au/policies>).

Note: There will be no intake for this program in 2015.

## Overview

The Master of Nurse Practitioner is designed to provide opportunities for registered nurses to expand their skills and extend their scope of practice to prepare them for roles as nurse practitioners. In addition, students will develop advanced skills in clinical inquiry, practice and leadership in professional nursing. To be eligible for entry into the Master of Nurse Practitioner, students must have completed the Graduate Diploma in Nursing Science, or an equivalent degree, in the speciality for the stream of nurse practitioner in which they aim to practice and have at least two years' post-registration nursing experience.

The Master of Nurse Practitioner will provide graduates with a rigorous grounding in research methods, extended clinical practice skills, advanced health assessment, applied pharmacology, diagnostics, critical analysis, clinical management and leadership.

The Master of Nurse Practitioner is an AQF Level 9 qualification with a standard full-time duration of 1 year.

### Condition of Admission

*Student and Professional Registration:* Students must be registered or eligible for registration as a nurse in South Australia.

*Employment:* Students are required to maintain continuing employment at a minimum fraction of 0.6 FTE in an area that supports active candidature as a nurse practitioner in order to complete Extended Clinical Practice I and Extended Clinical Practice II. If the employment status changes and students can no longer meet the requirement for continuing employment they may transfer to the Master of Nursing Science.

## 1. Academic Program Rules for Master of Nurse Practitioner

There shall be a Master of Nurse Practitioner.

## 2. Qualification Requirements

### 2.1 Academic Program

To qualify for the degree of Master of Nurse Practitioner, the student must complete

satisfactorily a program of study consisting of the following requirements with a combined total of not less than 24 units:

#### 2.1.1 Core Courses

NURSING 7015HO Applied Pharmacology in Nursing ..... 3  
and  
Courses to the value of 3 units from the following:

NURSING 7102 Research Literacy ..... 3  
NURSING 7002HO Interpretive and Critical Research in Health ..... 3

#### 2.1.2 Electives

Either option 1 or option 2:

##### Option 1: Research Dissertation

Students must complete a research dissertation of not longer than 20,000–25,000 words:

NURSING 7005HO Research Dissertation A ..... 12  
or

NURSING 7006HO Research Dissertation A (Stage 1) ..... 6  
and

NURSING 7007HO Research Dissertation A (Stage 2) ..... 6

##### Option 2: Coursework

Courses to the value of 12 units from the following, including courses to the value of 9 units from the research equivalent courses:

##### Electives

Courses to the value of 3 units from the following:

NURSING 7003HO International Issues in Nursing Service Delivery ..... 3  
NURSING 7011HO Leadership and Management in Nursing ..... 3  
NURSING 7002HO Interpretive and Critical Research in Health ..... 3  
NURSING 7102 Research Literacy ..... 3

##### Research Equivalent Courses

NURSING 7013HO Systematic Review Project ..... 6  
NURSING 7012HO Systematic Reviews of Research ..... 3

### **2.1.3 Work Based Training / Extra Mural Studies**

Students must complete clinical / work placements from the following:

NURSING 7017HO Extended Clinical Practice I.....	3
NURSING 7018HO Extended Clinical Practice II.....	3

### **2.1.4 Repeating Courses**

A student who has failed a course twice may not enrol in that course again except by special permission of the Faculty and then only under such conditions as the Faculty may prescribe.

# Graduate Certificate in Oral Health Science (GCertOralHlthSc)

These Program Rules should be read in conjunction with the University's policies (<http://www.adelaide.edu.au/policies>).

## Overview

The Graduate Certificate in Oral Health Science forms part of a suite of articulated postgraduate coursework programs delivering courses in adult restorative therapy for dental and oral health therapists, advanced general dental practice and dental public health with study plans tailored to locally and overseas-trained dentists, dental hygienists and dental therapists. The first iteration of the Graduate Certificate in Oral Health Science will allow students to complete studies in Adult Therapy.

The Graduate Certificate in Oral Health Science is an AQF Level 8 qualification with a standard full-time duration of 0.5 years.

## 1. Academic Program Rules for Graduate Certificate in Oral Health Science

There shall be a Graduate Certificate in Oral Health Science.

## 2. Qualification requirements

### 2.1 Academic Program

To qualify for the Graduate Certificate in Oral Health Science, the student must complete satisfactorily a program of study consisting of the following courses with a combined total of not less than 12 units:

#### 2.1.1 Core courses

ORALHLTH 5000 Dental & Health Science (Adult Therapy) IV OH ..... 6

#### 2.1.2 Work Based Training/Extra Mural Studies

Students must complete clinical/work placements:

ORALHLTH 5001 Clinical Practice (Adult Therapy) IV OH..... 6

#### 2.1.3 Repeating Courses

A student who has failed a course twice may not enrol in that course again except by special permission of the Faculty and then only under such conditions as the Faculty may prescribe.

# Graduate Certificate in Public Health (GCertPubHlth)

These Program Rules should be read in conjunction with the University's policies (<http://www.adelaide.edu.au/policies>).

## Overview

The Graduate Certificate in Public Health consists of core and elective coursework in the areas of epidemiology, biostatistics, public health interventions, health economics, Indigenous health, social science research methods for public health, occupational health and safety, public health ethics, epidemiology of infectious diseases and environmental health.

The Graduate Certificate in Public Health is an AQF Level 8 qualification with a standard full-time duration of 0.5 years.

## 1. Academic Program Rules for Graduate Certificate in Public Health

There shall be a Graduate Certificate in Public Health.

## 2. Qualification Requirements

### 2.1 Academic Program

To qualify for the Graduate Certificate in Public Health, the student must complete satisfactorily a program of study consisting of the following requirements with a combined total of not less than 12 units:

#### 2.1.1 Core Courses

Courses to the value of at least 6 units from the following:

PUB HLTH 7073 Indigenous Health.....	3
PUB HLTH 7074/OL Introduction to Biostatistics.....	3
PUB HLTH 7075/OL Introduction to Epidemiology.....	3
PUB HLTH 7076/OL Health Policy and Public Health Interventions.....	3
PUB HLTH 7078/OL Qualitative Research Methods in Health.....	3
PUB HLTH 7081/OL Health Economics.....	3

#### 2.1.2 Electives

Courses to the value of 6 units from the following:

DENT 7150HO Dental Public Health.....	3
PUB HLTH 7031 Occupational Hygiene and Ergonomics.....	3
PUB HLTH 7082 Health Economic Evaluation & Decision Making.....	3

PUB HLTH 7100 Foundations of Public Health.....	3
PUB HLTH 7104 Biostatistics.....	3
PUB HLTH 7105 Diseases of Occupation.....	3
PUB HLTH 7106 Epidemiological Research Methods.....	3
PUB HLTH 7107 Epidemiology of Infectious Diseases.....	3
PUB HLTH 7108 Public Health Ethics.....	3
PUB HLTH 7113 Environmental and Occupational Health.....	3
PUB HLTH 7115 Public Health Law.....	3
PUB HLTH 7118 Public Health Studies.....	3
PUB HLTH 7147/OL Health Technology Assessment.....	3

or

other core courses from Academic Program Rule 2.1.1

or

other postgraduate coursework courses offered by the University or another university which the Faculty approves in lieu of elective courses to the value of 3 units.

### 2.1.3 Repeating Courses

A student who has failed a course twice may not enrol in that course again except by special permission of the Faculty and then only under such conditions as the Faculty may prescribe.

# Graduate Diploma in Public Health (GDipPubHlth)

These Program Rules should be read in conjunction with the University's policies (<http://www.adelaide.edu.au/policies>).

## Overview

The Graduate Diploma in Public Health consists of core and elective coursework in the areas of epidemiology, biostatistics, public health interventions, health economics, Indigenous health, social science research methods for public health, occupational health and safety, public health ethics, epidemiology of infectious diseases and environmental health.

The Graduate Diploma in Public Health is an AQF Level 8 qualification with a standard full-time duration of 1 year.

## 1. Academic Program Rules for Graduate Diploma in Public Health

There shall be a Graduate Diploma in Public Health.

## 2. Qualification Requirements

### 2.1 Academic Program

To qualify for the Graduate Diploma in Public Health, the student must complete satisfactorily a program of study consisting of the following requirements with a combined total of not less than 24 units:

#### 2.1.1 Core Courses

PUB HLTH 7074/OL Introduction to Biostatistics.....	3
PUB HLTH 7075/OL Introduction to Epidemiology .....	3

#### 2.1.2 Electives

Courses to the value of 6 units from the following:

PUB HLTH 7073 Indigenous Health .....	3
PUB HLTH 7076/OL Health Policy and Public Health Interventions .....	3
PUB HLTH 7078/OL Qualitative Research Methods in Health .....	3
PUB HLTH 7081/OL Health Economics .....	3

and

Courses to the value of up to 12 units from the following:

DENT 7150HO Dental Public Health .....	3
PUB HLTH 7031 Occupational Hygiene and Ergonomics.....	3
PUB HLTH 7082 Health Economic Evaluation & Decision Making .....	3

PUB HLTH 7100 Foundations of Public Health .....	3
PUB HLTH 7104 Biostatistics .....	3
PUB HLTH 7105 Diseases of Occupation.....	3
PUB HLTH 7106 Epidemiological Research Methods.....	3
PUB HLTH 7107 Epidemiology of Infectious Diseases.....	3
PUB HLTH 7108 Public Health Ethics .....	3
PUB HLTH 7113 Environmental and Occupational Health .....	3
PUB HLTH 7115 Public Health Law.....	3
PUB HLTH 7118 Public Health Studies .....	3
PUB HLTH 7147/OL Health Technology Assessment .....	3

or

other postgraduate coursework courses offered by the University or another university which the Faculty approves in lieu of elective courses to the value of 6 units.

### 2.1.3 Repeating Courses

A student who has failed a course twice may not enrol in that course again except by special permission of the Faculty and then only under such conditions as the Faculty may prescribe.

# Master of Public Health (MPubHlth)

These Program Rules should be read in conjunction with the University's policies (<http://www.adelaide.edu.au/policies>).

## Overview

The program aims to stimulate students to think creatively about the social, cultural, economic and environmental determinants of health and illness in populations and about the organisation and delivery of public health services, including policies and practices that support and improve the health of people.

There are two specialisations. The Public Health specialisation is intended to equip graduates for careers in public health or to broaden the public health orientation of their current work for those with established careers. The Translational Health Sciences specialisation is intended to equip graduates with skills to contribute professionally to evidence based healthcare in public health and clinical settings.

The Master of Public Health is an AQF Level 9 qualification with a standard full-time duration of 2 years.

Condition of continuing enrolment

*Research dissertation:* A student must complete core and elective courses to a value of 36 units with a minimum GPA of 5.0, before proceeding to the research dissertation.

*Research thesis:* A student must complete core and elective courses to a value of 24 units with a minimum GPA of 5.0, before proceeding to the research thesis.

## 1. Academic Program Rules for Master of Public Health

There shall be a Master of Public Health.

### 2. Qualification Requirements

#### 2.1 Academic Program

To qualify for the degree of Master of Public Health, the student must complete satisfactorily a program of study consisting of either the Public Health specialisation or the Translational Health Sciences specialisation with a combined total of not less than 48 units:

#### 2.1.1 Public Health Specialisation

##### Core Courses

PUB HLTH 7074/OL Introduction to Biostatistics.....	3
PUB HLTH 7075/OL Introduction to Epidemiology .....	3
PUB HLTH 7076/OL Health Policy and Public Health Interventions .....	3
PUB HLTH 7078/OL Qualitative Research Methods in Health .....	3
PUB HLTH 7081/OL Health Economics .....	3
PUB HLTH 7073 Indigenous Health .....	3
PUB HLTH 7079 Developing a Research Proposal .....	3
PUB HLTH 7090 Major Project .....	6

##### Electives

Courses to the value of 21 units from the following:

DENT 7150 Dental Public Health.....	3
PUB HLTH 7031 Occupational Hygiene and Ergonomics.....	3
PUB HLTH 7082 Health Economic Evaluation & Decision Making .....	3
PUB HLTH 7104 Biostatistics .....	3
PUB HLTH 7100 Foundations of Public Health .....	3
PUB HLTH 7105 Diseases of Occupation.....	3
PUB HLTH 7106 Epidemiological Research Methods.....	3
PUB HLTH 7107 Epidemiology of Infectious Diseases.....	3
PUB HLTH 7108 Public Health Ethics .....	3
PUB HLTH 7113 Environmental and Occupational Health .....	3
PUB HLTH 7115 Public Health Law.....	3
PUB HLTH 7118 Public Health Studies .....	3
PUB HLTH 7147 Health Technology Assessment.....	3
TRANHLTH 7000OL Introduction to Translational Health Science .....	3
TRANHLTH 7001OL Synthesising Economic Evidence .....	3
TRANHLTH 7002OL Synthesising Qualitative Evidence .....	3

or

other postgraduate coursework courses offered by the University or another University which the Faculty approves in lieu of elective courses to the value of 6 units.

### 2.1.2 Translational Health Sciences Specialisation

#### Core Courses

PUB HLTH 7074/OL Introduction to Biostatistics.....	3
PUB HLTH 7075/OL Introduction to Epidemiology.....	3
PUB HLTH 7076/OL Health Policy and Public Health Interventions .....	3
PUB HLTH 7078/OL Qualitative Research Methods in Health .....	3
PUB HLTH 7081/OL Health Economics .....	3
PUB HLTH 7147 Health Technology Assessment .....	3
TRANHLTH 7000OL Introduction to Translational Health Science .....	3
TRANHLTH 7001OL Synthesising Economic Evidence .....	3
TRANHLTH 7002OL Synthesising Qualitative Evidence .....	3
TRANHLTH 7003OL Knowledge Translation: Implementing Evidence into Practice .....	12

#### Electives

Courses to the value of 9 units from the following:

DENT 7150HO Dental Public Health .....	3
PUB HLTH 7031 Occupational Hygiene and Ergonomics.....	3
PUB HLTH 7082 Health Economic Evaluation & Decision Making .....	3
PUB HLTH 7104 Biostatistics .....	3
PUB HLTH 7100 Foundations of Public Health.....	3
PUB HLTH 7105 Diseases of Occupation.....	3
PUB HLTH 7106 Epidemiological Research Methods.....	3
PUB HLTH 7107 Epidemiology of Infectious Diseases.....	3
PUB HLTH 7108 Public Health Ethics .....	3
PUB HLTH 7113 Environmental and Occupational Health .....	3
PUB HLTH 7115 Public Health Law.....	3
PUB HLTH 7118 Public Health Studies .....	3
TRANHLTH 7004 Clinical Wisdom in Evidence-based Practice .....	3
TRANHLTH 7005 Teaching Evidence-based Healthcare in Clinical Settings.....	3
TRANHLTH 7006 Adapting Clinical Guidelines .....	3

or

other postgraduate coursework courses offered by the University or another university which the Faculty approves in lieu of elective courses to the value of 6 units.

### 2.1.3 Research Dissertation

Students enrolled in the Public Health specialisation may complete a research dissertation in lieu of PUB HLTH 7079 Developing a Research Proposal and PUB HLTH 7090 Major Project and electives to the value of 3 units:

PUB HLTH 7119HO MPH Dissertation (full-time) .....	12
or	
PUB HLTH 7122A/B MPH Dissertation (part-time) Part 1 & 2 .....	12

Students enrolled in the Public Health specialisation may complete a research thesis in lieu of PUB HLTH 7079 Developing a Research Proposal and PUB HLTH 7090 Major Project and electives to the value of 15 units:

PUB HLTH 7127A/B MPH Thesis (full-time) ...	24
or	
PUB HLTH 7128A MPH Thesis (part-time) Continuing	
and	
PUB HLTH 7128B MPH Thesis (part-time) Final .....	24

### 2.1.4 Repeating Courses

A student who has failed a course twice may not enrol in that course again except by special permission of the Faculty and then only under such conditions as the Faculty may prescribe.

# Master of Psychology (Clinical) (MPsych(Clin))

These Program Rules should be read in conjunction with the University's policies (<http://www.adelaide.edu.au/policies>).

## Overview

The Master of Psychology (Clinical) degree is the standard preparation program providing professional training and practise in clinical psychology. It consists of three major components: specialised coursework in a series of topics relevant to clinical practice, research thesis and three long field placements aimed at developing professional competence under the guidance of highly experienced supervisors. The program has two key objectives. The first is to provide thorough theoretical and clinical skills preparation in core areas to meet formal requirements for entry to the profession (as determined by its accrediting bodies). The second is to prepare graduates to accept responsibility for continuing self-monitoring and development, skills that are essential to ongoing employment in the profession.

Successful completion of the program will enable graduates with an advanced level of training in clinical psychology to apply for full registration of the Psychology Board of Australia (PsyBA); to apply for membership of the Australian Psychological Society (APS); and to undertake supervised practice leading to Endorsement in Clinical Psychology with the PsyBA and / or membership of the College of Clinical Psychologists of the APS.

The Master of Psychology (Clinical) is an AQF Level 9 qualification with a standard full-time duration of 2 years.

### Condition of Enrolment

*Interruption of program:* Students must apply for permission from the Head of School before taking a Leave of Absence. Any extension of the leave without approval will result in the loss of place in the program but an application may be made to be re-admitted to the program subject to the admission procedures in place at the time.

## 1. Academic Program Rules for Master of Psychology (Clinical)

There shall be a Master of Psychology (Clinical).

## 2. Qualification Requirements

### 2.1 Academic Program

To qualify for the degree of Master of Psychology (Clinical), the student must complete satisfactorily a program of study consisting of the following requirements with a combined total of not less than 48 units:

#### 2.1.1 Core Courses

PSYCHOL 7130 Evidence-based Practice.....	3
PSYCHOL 7131 Interviewing and Intervention .....	3
PSYCHOL 7132 Psychological Assessment ....	3
PSYCHOL 7133 Abnormal Psychology .....	3
PSYCHOL 7134 Health Psychology .....	3
PSYCHOL 7135 Clinical Neuropsychology & Disability.....	3
PSYCHOL 7136 Advanced Child & Adult Intervention .....	3

#### 2.1.2 Research Projects

PSYCHOL 7144 Research Project in Clinical Psychology I.....	6
PSYCHOL 7145 Research Project in Clinical Psychology II.....	9

#### 2.1.3 Work Based Training / Extra Mural Studies

Students must complete placements to the value of 1000 hours:

PSYCHOL 7141 Master of Psychology (Clinical) Placement I .....	3
PSYCHOL 7140 Master of Psychology (Clinical) Placement II.....	3
PSYCHOL 7143 Master of Psychology (Clinical) Placement III.....	6

#### 2.1.4 Repeating Courses

A student who has failed a course twice may not enrol in that course again except by special permission of the Faculty and then only under such conditions as the Faculty may prescribe.

# Master of Psychology (Health) (MPsych(Hlth))

These Program Rules should be read in conjunction with the University's policies (<http://www.adelaide.edu.au/policies>).

## Overview

The program will provide a professional qualification for those who wish to work as psychologists within the applied health field. In particular, the aim of the program is to produce health psychologists who can apply psychological research and methods to the prevention and management of disease and illness; the promotion and maintenance of health; the identification of psychological factors contributing to illness; and the improvement of the health care system and health policy.

Successful completion of the program will enable graduates with an advanced level of training in health psychology to apply for full registration of the Psychology Board of Australia (PsyBA); to apply for membership of the Australian Psychological Society (APS); and apply for membership of the College of Health Psychologists of the APS and / or Endorsement in Health Psychology with the PsyBA.

The Master of Psychology (Health) is an AQF Level 9 qualification with a standard full-time duration of 2 years.

### Condition of Enrolment

*Interruption of program:* Students must apply for permission from the Head of School before taking a Leave of Absence. Any extension of the leave without approval will result in the loss of place in the program but an application may be made to be re-admitted to the program subject to the admission procedures in place at the time.

## 1. Academic Program Rules for Master of Psychology (Health)

There shall be a Master of Psychology (Health).

## 2. Qualification Requirements

### 2.1 Academic Program

To qualify for the degree of Master of Psychology (Health), the student must complete satisfactorily a program of study consisting of the following requirements with a combined total of not less than 48 units:

### 2.1.1 Core Courses

PSYCHOL 7230 Evidence-based Practice.....	3
PSYCHOL 7231 Interviewing and Intervention .....	3
PSYCHOL 7232 Psychological Assessment .....	3
PSYCHOL 7233 Abnormal Psychology .....	3
PSYCHOL 7234 Health Psychology .....	3
PUB HLTH 7075 Introduction to Epidemiology .....	3
PUB HLTH 7076 Health Policy and Public Health Interventions .....	3

### 2.1.2 Research Projects

PSYCHOL 7244 Research Project in Health Psychology I.....	6
PSYCHOL 7245 Research Project in Health Psychology II.....	9

### 2.1.3 Work Based Training / Extra Mural Studies

Students must complete placements to the value of 1000 hours:

PSYCHOL 7241 Master of Psychology (Health) Placement I .....	3
PSYCHOL 7240 Master of Psychology (Health) Placement II .....	3
PSYCHOL 7243 Master of Psychology (Health) Placement III.....	6

### 2.1.4 Repeating Courses

A student who has failed a course twice may not enrol in that course again except by special permission of the Faculty and then only under such conditions as the Faculty may prescribe.

# Master of Clinical Psychology (Defence) (MClinPsych(Def))

These Program Rules should be read in conjunction with the University's policies (<http://www.adelaide.edu.au/policies>).

## Overview

The Master of Clinical Psychology (Defence) is offered by the University of Adelaide in conjunction with Joint Health Command, Australian Defence Force (ADF). The aim of the program is to enhance professional skills in the field of clinical psychology. The program is designed to provide Defence psychologists with the necessary skills required for providing health care and organisational support to ADF personnel. Successful graduates will gain a broad understanding of ADF Health Services as well as develop the relevant skills and training relating to mental health promotion and clinical practice. It is designed to satisfy the full requirements of the Psychology Board of Australia as well as membership to the Australian Psychological Society College of Clinical Psychologists.

This program is provisionally accredited by the Australian Psychological Accreditation Council and has been endorsed by the APS's College of Clinical Psychologists.

To be eligible for admittance to the program applicants must be an Australian Defence Force psychologist (including members of the ADF reserves), Commonwealth Department of Defence employed psychologist or a contracted health practitioner (psychologist) in Joint Health Command. Applicants will also be accepted from ADF members who aspire to become psychologists through Defence.

The Master of Clinical Psychology (Defence) is an AQF Level 9 qualification with a standard full-time duration of 2 years.

### Condition of Enrolment

*Interruption of program:* Students must apply for permission from the Head of School before taking a Leave of Absence. Any extension of the leave without approval will result in the loss of place in the program but an application may be made to be re-admitted to the program subject to the admission procedures in place at the time.

## 1. Academic Program Rules for Master of Clinical Psychology (Defence)

There shall be a Master of Clinical Psychology (Defence).

## 2. Qualification Requirements

### 2.1 Academic Program

To qualify for the degree of Master of Clinical Psychology (Defence), the student must complete satisfactorily a program of study consisting of the following requirements with a combined total of not less than 48 units:

#### 2.1.1 Core Courses

PSYCHOL 7401EX Regimental Officer Basic Course (ROBC).....	3
or	
PSYCHOL 7406EX Mental Health Support on Operations .....	3
PSYCHOL 7402 Evidence-based Practice.....	3
PSYCHOL 7403 Psychological Assessment .....	3
PSYCHOL 7404 Clinical Disorders in Adults & Children .....	3
PSYCHOL 7407 Interviewing and Intervention .....	3
PSYCHOL 7408EX Mental Health Disaster Management .....	3
PSYCHOL 7409 Neuropsychology and Disability.....	3

#### 2.1.3 Research Project

PSYCHOL 7418 Research Project in Clinical Psychology I.....	6
PSYCHOL 7419 Research Project in Clinical Psychology II.....	6

#### 2.1.4 Work Based Training / Extra Mural Studies

Students must complete placements to the value of 1000 hours:

PSYCHOL 7412 Placement I .....	3
PSYCHOL 7413 Placement II .....	3
PSYCHOL 7417 Placement III .....	6

#### 2.1.5 Repeating Courses

A student who has failed a course twice may not enrol in that course again except by special permission of the Faculty and then only under such conditions as the Faculty may prescribe.

# Master of Psychology (Organisational and Human Factors) (MPsych(OrgHumFactors))

These Program Rules should be read in conjunction with the University's policies (<http://www.adelaide.edu.au/policies>).

## Overview

The Master of Psychology (Organisational and Human Factors) is designed to provide theoretical and practical skills in core areas to meet formal requirements for entry to the profession (as determined by the Australian Psychological Society and its College of Organisational Psychologists). The study of Organisational Psychology and Human Factors is concerned with identifying and applying scientific solutions to human problems at work and in other places, so as to optimise human resources and enhance organisational effectiveness and employee wellbeing. The overall objective is to produce congruence between worker and organisational demands. The combination of organisational psychology and human factors is a distinctive feature of this program.

Successful completion of the program will enable graduates with an advanced level of training in organisational psychology to apply for full registration of the Psychology Board of Australia (PsyBA); to apply for membership of the Australian Psychological Society (APS); and apply for membership of the College of Organisational Psychologists of the APS and / or endorsement in Organisational Psychology with the PsyBA.

The Master of Psychology (Organisational and Human Factors) is an AQF Level 9 qualification with a standard full-time duration of 2 years.

Condition of Enrolment

*Interruption of program:* Students must apply for permission from the Head of School before taking a Leave of Absence. Any extension of the leave without approval will result in the loss of place in the program but an application may be made to be re-admitted to the program subject to the admission procedures in place at the time.

## 1. Academic Program Rules for Master of Psychology (Organisational and Human Factors)

There shall be a Master of Psychology (Organisational and Human Factors).

## 2. Qualification Requirements

### 2.1 Academic Program

To qualify for the degree of Master of Psychology (Organisational and Human Factors), the student must complete satisfactorily a program of study consisting of the following requirements with a combined total of not less than 48 units:

#### 2.1.1 Core Courses

PSYCHOL 7330 Evidence-based Practice.....	3
PSYCHOL 7331 Professional Practice.....	3
PSYCHOL 7332 Psychological Assessment .....	3
PSYCHOL 7333 Organisational Behaviour and Management .....	3
PSYCHOL 7334 Human Resource Management .....	3
PSYCHOL 7335 Contemporary Organisational Psychology .....	3
PSYCHOL 7336 Human Factors.....	3

#### 2.1.2 Research Projects

PSYCHOL 7344 Research Project in Organisational Psychology I .....	6
PSYCHOL 7345 Research Project in Organisational Psychology II .....	9

#### 2.1.3 Work Based Training / Extra Mural Studies

Students must complete placements to the value of 1000 hours:

PSYCHOL 7341 Master of Psychology (O&HF) Placement I.....	3
PSYCHOL 7340 Master of Psychology (O&HF) Placement II.....	3
PSYCHOL 7343 Master of Psychology (O&HF) Placement III.....	6

#### 2.1.4 Repeating Courses

A student who has failed a course twice may not enrol in that course again except by special permission of the Faculty and then only under such conditions as the Faculty may prescribe.

# Master of Research Studies

These Program Rules should be read in conjunction with the University's policies (<http://www.adelaide.edu.au/policies>).

## Overview

The Master of Research Studies is designed as a pathway to a Doctor of Philosophy primarily for international applicants who do not meet the University's normal academic admission requirements (Honours degree or research Masters). It is offered in different Discipline areas to applicants with an undergraduate qualification which is assessed by the University of Adelaide to be equivalent to an Australian bachelor degree (AQF level 7). Eligible applicants will receive a packaged offer for the Master of Research Studies and the Doctor of Philosophy, but must achieve a GPA of 5.0 in the Master of Research Studies before they can progress to the Doctor of Philosophy. They must also submit a major research proposal and implementation plan before commencing doctoral studies.

Admission to the packaged Master of Research Studies and Doctor of Philosophy is based on academic merit, with applicants usually expected to have a GPA of 5.0 or equivalent in their undergraduate qualification.

The Master of Research Studies comprises a minimum of 12 units of core courses and up to 36 units of Discipline based courses which include a minor research dissertation of not less than 12 or more than 18 units.

Master of Research Studies programs are AQF Level 9 qualifications with a standard full-time duration of 2 years.

# Master of Research Studies (Public Health) (MResSt(PubHlth))

These Program Rules should be read in conjunction with the University's policies (<http://www.adelaide.edu.au/policies>).

Note: There will be no intake into this program in 2015.

## Overview

This program has been designed for international students wishing to pursue a research career in Public Health. It provides a grounding in public health concepts and the methodologies and skills of public health researchers. Further, it provides an alternative pathway for those seeking to undertake a PhD, but not having an Honours degree, which is the usual entry point into an Australian doctoral program.

The program begins with a semester of courses in research processes, design, communication and dissemination. These are taught by the School of Education. In addition to providing an orientation to research, the semester will strengthen English language skills and assist in the transition to the Australian research culture.

The Master of Research Studies (Public Health) is an AQF Level 9 qualification with a standard full-time duration of 2 years.

## 1. Academic Program Rules for Master of Research Studies (Public Health)

There shall be a Master of Research Studies (Public Health).

## 2. Qualification Requirements

### 2.1 Academic Program

To qualify for the degree of Master of Research Studies (Public Health), the student must complete satisfactorily a program of study consisting of the following requirements with a combined total of not less than 48 units:

#### 2.1.1 Core Courses

EDUC 7058 Research Processes .....	3
EDUC 7054 Research Design .....	3
EDUC 7055 Research Communication.....	3
EDUC 7056 Research Dissemination .....	3
PUB HLTH 7001HO Foundations of Public Health.....	3
PUB HLTH 7074 Introduction to Biostatistics.....	3
PUB HLTH 7075 Introduction to Epidemiology .....	3
PUB HLTH 7081 Health Economics .....	3

PUB HLTH 7078 Qualitative Research Methods in Health .....	3
--	---

Students with, in the opinion of the Faculty of Health Sciences, appropriate academic or experiential background, may choose a course from Academic Program Rule 2.1.2 in lieu of PUB HLTH 7001HO Foundations of Public Health.

#### 2.1.2 Electives

Courses to the value of 3 units from the following:	
PUB HLTH 7076 Health Policy and Public Health Interventions .....	3
PUB HLTH 7082 Health Economic Evaluation & Decision Making .....	3
PUB HLTH 7104 Biostatistics .....	3
PUB HLTH 7016HO Epidemiological Research Methods .....	3
PUB HLTH 7108HO Public Health Ethics.....	3
PUB HLTH 7147HO Health Technology Assessment.....	3

or  
any Level VII postgraduate coursework course offered by the Faculty of Health Sciences or another Faculty that is relevant to the student's future public health research or employment.

#### 2.1.3 Research Dissertation

Students must complete a small research project presented in a format suitable for publication in a peer reviewed journal:

PUB HLTH 7160A/B M Res St Dissertation Part A & Part B.....	18
---	----

#### 2.1.4 Repeating Courses

A student who has failed a course twice may not enrol in that course again except by special permission of the Faculty and then only under such conditions as the Faculty may prescribe.

# Master of Surgical Science (MSSc)

These Program Rules should be read in conjunction with the University's policies (<http://www.adelaide.edu.au/policies>).

## Overview

This program is designed to provide a professional qualification for those wanting to enhance their research and scientific skills and who are embarking on a career in surgery. The objective of the program is to give students a solid grounding in the academic side of surgery with emphasis on developing the skills of writing, research, attracting funding and promoting scholarly activity. Program content includes presentations, audio and visual teaching materials, publications and group discussion, and is delivered using traditional lecture and tutorial methodologies with small tutorial groups which enable a high level of student-teacher interaction. The program also has a large research component with mentoring from experienced research supervisors.

Students should be aware that they will be required to provide a research project overview and attend an interview with the Program Director or Program Coordinator to be considered for admission to the program.

The Master of Surgical Science is an AQF Level 9 qualification with a standard full-time duration of 1 year or part-time over 2 years.

Professional requirements:

- a. applicants will have a Bachelor of Medicine, Bachelor of Surgery (MBBS), or equivalent
- b. applicants should be eligible to hold full AHPRA registration
- c. applicants should be employed as a resident medical officer or registrar in an Australian public hospital, achieved a satisfactory interview, obtained satisfactory references, and approval by the Program Coordinator or their nominee
- d. applicants should be able to attend weekly tutorials in Adelaide

VISA requirements:

- a. permanent residency or citizenship – to be a domestic applicant  
or
- b. hold a Temporary Business (Long Stay) Visa (Subclass 457) – to be an international applicant

## 1. Academic Program Rules for Master of Surgical Science

There shall be a Master of Surgical Science.

## 2. Qualification requirements

### 2.1 Academic Program

To qualify for the degree of the Master of Surgical Science, the student must complete satisfactorily a program of study consisting of the following courses with a combined total of not less than 24 units:

#### 2.1.1 Core courses

SURGERY 7054HO Surgical Science: Theory and Principles I .....	3
SURGERY 7055HO Surgical Science: Theory and Principles II .....	3

#### 2.1.2 Research Project

Students must complete a research project not longer than 10,000 words:

##### Full-time option

SURGERY 7052HO Surgical Science: Research and Development I .....	6
SURGERY 7053HO Surgical Science: Research and Development II .....	6

##### Part-time option

SURGERY 7057AHO/BHO Surgical Science Research and Development I Part 1 & 2 .....	6
SURGERY 7058AHO/BHO Surgical Science Research and Development II Part 1 & 2 .....	6

#### 2.1.3 Work Based Training

Students must complete clinical/work placements to the value of 30 hours per week:

SURGERY 7050HO Surgical Science and Clinical Practice I .....	3
SURGERY 7051HO Surgical Science and Clinical Practice II .....	3

#### 2.1.4 Repeating Courses

A student who has failed a course twice may not enrol in that course again except by special permission of the Faculty and then only under such conditions as the Faculty may prescribe.

# Master of Minimally Invasive Surgery (MMinInvS)

These Program Rules should be read in conjunction with the University's policies (<http://www.adelaide.edu.au/policies>).

## Overview

The program will provide a professional qualification for those who wish to have minimally invasive surgery as a predominant part of their future surgical practice. In particular, the aim is to produce surgeons who have an understanding of the theory of laparoscopic procedures combined with a thorough clinical grounding in laparoscopic surgery.

The learning objectives of the program are to: ensure surgeons have an understanding of anatomy and pathology / physiology of minimally invasive techniques; give surgeons an improved knowledge of ergonomics and its application to minimally invasive surgery; ensure surgeons acquire the skills to perform successful minimally invasive surgery by use of high and low fidelity laparoscopic training devices and supervised clinical work; instruct surgeons in how to identify and treat operative and post-operative complications arising during and from minimally invasive surgery; advance surgeons' ability to review and understand relevant literature about minimally invasive surgery; and advance surgeons' research skills by formulating a research problem and producing one publication which is deemed suitable for submission to a peer reviewed journal. All applicants should be aware that this program has non-standard admission requirements and they should contact the School of Medicine and Surgery for further information.

The Master of Minimally Invasive Surgery is an AQF Level 9 qualification with a standard full-time duration of 1 year.

### Condition of Enrolment

*Interruption of program:* Students must apply for permission from the Head of School before taking a Leave of Absence. Any extension of the leave without approval will result in the loss of place in the program but an application may be made to be re-admitted to the program subject to the admission procedures in place at the time.

*Student and Professional Registration:* Students must be an experienced surgeon who has completed, or be within 1 year of completing, the FRACS, FRACOG (or equivalent). They should have a surgical

fellowship or consultant position with a major interest in minimally invasive surgery.

*Student and Professional Registration for international students:* Students must hold a Temporary Business (Long Stay) Visa (Subclass 457) and register with the Australian Health Practitioner Regulation Agency (AHPRA).

*Fellowship / Consultant position:* Students must have a surgical fellowship or consultant position in Australia, and they should also be able to attend several weekend skills workshops in Adelaide.

## 1. Academic Program Rules for Master of Minimally Invasive Surgery

There shall be a Master of Minimally Invasive Surgery.

## 2. Qualification Requirements

### 2.1 Academic Program

To qualify for the degree of Master of Minimally Invasive Surgery, the student must complete satisfactorily a program of study consisting of the following requirements with a combined total of not less than 24 units:

#### 2.1.1 Core Courses

SURGERY 7001OL Minimally Invasive Surgery Theory I.....	3
SURGERY 7009OL Minimally Invasive Surgery Theory II.....	3
SURGERY 7012OL Minimally Invasive Surgery Theory III.....	3
SURGERY 7013OL Minimally Invasive Surgery Theory IV .....	3
SURGERY 7008OL Min Inv Surgery Research & Development I .....	3
SURGERY 7016OL Min Inv Surgery Research & Development II.....	3

#### 2.1.2 Work Based Training / Extra Mural Studies

Students must complete a 12 month clinical work placement at an Australian hospital to the sum of 164 hours per quadmester:

SURGERY 7011HO Supervised Clinical Practice I.....	3
SURGERY 7015HO Supervised Clinical Practice II.....	3

### **2.1.3 Repeating Courses**

A student who has failed a course twice may not enrol in that course again except by special permission of the Faculty and then only under such conditions as the Faculty may prescribe.

# Postgraduate Research Degrees

General Academic Program Rules for the following Research programs are listed under the Adelaide Graduate Centre.

Master of Philosophy

Professional Doctorates

Doctor of Philosophy

Higher Doctorates

# Master Degrees by Research

## Master of Clinical Science (MClinSc)

These Program Rules should be read in conjunction with the University's policies (<http://www.adelaide.edu.au/policies>) and the Research Student Handbook (<http://www.adelaide.edu.au/graduatecentre/handbook/>). The Research Student Handbook explains the procedures to be followed by students and contains guidelines on research and supervision for research degrees offered by the University. All students must comply with both the Academic Program Rules and the procedures detailed in the Research Student Handbook.

### 1 Rules

There shall be a Master of Clinical Science degree which may be awarded an overall grade.

- 1.1 The award of the grade shall be made for meritorious performance in the program, with greatest weight given to completion of the research project as evaluated by the examination of the research thesis.
- 1.2 The grade may be awarded in one of the following classifications: High Distinction, Distinction, Credit and Pass according to the standard University grading scheme.
- 1.3 In accordance with their area of research, a candidate may enrol for a Master of Clinical Science degree, or, a Master of Clinical Science degree with one of the following specialisations, as follows:
  - Nursing
  - Medicine
  - Dentistry
  - Public Health
  - Evidence Based Health Care
  - Counselling and Psychotherapy
- 1.4 The Vice-Chancellor, with authority devolved to him / her by Council, and after receipt of advice from the University, shall from time to time prescribe Rules defining the academic standing required for candidature, eligibility for enrolment, the program of study and research for the degree, the condition of candidature and the assessment for the degree.
- 1.5 Such Rules shall become effective from the date of prescription by the Vice-Chancellor or such other date as the Vice-Chancellor may determine.
- 1.6 All candidates must comply with the Academic Program Rules and are advised to refer to them to gain an understanding of their rights and responsibilities regarding program matters.

### 2 Guidelines

The University may from time to time approve guidelines on any matters included in these Rules and may authorise the Dean of Graduate Studies or the Director of Adelaide

Graduate Centre, to act in accordance with such guidelines without reference to the University in each case. Notwithstanding this, Faculties may develop their own specific guidelines as permitted within the framework of these Rules.

### 3 Objectives of the Master of Clinical Science

The Master of Clinical Science shall, in general, provide an introduction to clinically based research for candidates presenting with clinical qualifications and work experience. It shall have the specific objectives of:

- a. training candidates in research methodology and techniques
- b. developing critical evaluation skills appropriate to their research topic
- c. training candidates in the application of such methods by conducting a specified program of research under appropriate supervision and the development of new knowledge where possible
- d. providing training in literature analysis
- e. encouraging debate in the substantive area of the thesis at an advanced level and
- f. facilitating candidates' ability to translate research into improved clinical outcomes.

### 4 Academic Standing

- 4.1 The academic standing required for acceptance as a candidate for the Master of Clinical Science in the University shall be a minimum of 2 years approved professional work experience, in addition to:
  - a. the degrees of Bachelor of Medicine and Bachelor of Surgery of the University of Adelaide or degrees of another institution accepted by the University for the purpose as equivalent or
  - b. a degree of Bachelor of Nursing of a university accepted for the purpose by the University

- or
  - c. a degree of Bachelor of Dental Surgery of the University of Adelaide or degrees of another institution accepted by the University for the purpose as equivalent or
  - d. a Bachelor degree of the University of Adelaide in an appropriate field of study, or another institution accepted by the University for the purpose as equivalent or
  - e. a relevant Master by Coursework degree of the University of Adelaide or
  - f. a relevant Master by Research degree of the University of Adelaide.
- 4.2 A person who holds a qualification of another university as specified in 4.1 above, or equivalent thereof, may be accepted as a candidate provided that the program of study undertaken and the academic standard reached are equivalent to those required of a candidate who is a graduate of the University of Adelaide.
- 4.3 Applicants for a Master of Clinical Science must satisfy the minimum English language proficiency requirement as set by the University.

## 5 Credit for Work Previously Completed

- 5.1 At the time of application, the University may grant credit towards a Master of Clinical Science for research, or, where the candidate is proceeding to the degree by mixed research and coursework, for coursework undertaken in another program in the University or in another university or tertiary institution. The maximum credit granted will be 1 year full-time equivalent (FTE) of the total program, inclusive of both coursework and research.
- 5.2 No candidate will be granted credit for any coursework or research that has been presented towards another award.
- 5.3 In consideration for acceptance under Rule 5.1, the University must be satisfied that
- a. any courses for which credit is granted are offered in accordance with Rule 8.8
  - b. the person is of such academic standing as would be required of other candidates for the degree and
  - c. the work for which credit is granted is both relevant and of a satisfactory standard.
- 5.4 Any credit granted for work undertaken within a higher degree by research program will reduce the Research Training Scheme

(RTS) and candidature expiry dates, whilst any credit granted for work undertaken within a coursework program will reduce the candidature expiry date only. Where the candidate is a scholarship holder, the scholarship expiry date(s) will be reduced in parallel with the candidature expiry date.

- 5.5 Any application for credit must be approved by the Adelaide Graduate Centre to permit for the relevant adjustments to be made.

## 6 Enrolment

- 6.1 A person shall not be enrolled as a candidate for the degree of Master of Clinical Science unless:
- a. the applicant's proposed research topic is acceptable to the University and the School / Discipline responsible for the supervision of the candidate's work
  - b. there are available at least two supervisors able to provide supervision of the proposed candidacy throughout its likely duration. The principal supervisor shall be a member of the academic staff of the School / Discipline of the University in which the candidate is enrolled and
  - c. suitable resources and facilities are available (either in the University or, by arrangement acceptable to the Faculty, elsewhere) for the proposed research to be undertaken.
- 6.2 Each candidate (including those on remote candidature) will be enrolled on a provisional basis until they have satisfactorily completed:
- a. the first 12 months of the degree or half-time equivalent and
  - b. the major review of progress, or, where applicable, the extended major review of progress.
- 6.3 Except with the permission of the Dean of Graduate Studies, a candidate may not enrol concurrently in another academic program.
- 6.4 Except with the permission of the Dean of Graduate Studies, a candidate who is permitted to enrol concurrently in another academic program and who is granted leave must intermit all academic programs in which he / she is enrolled.
- ## 7 Duration of Candidature and Mode of Study
- 7.1 A candidate may proceed to the degree by full-time study or, if the Head of the School / Discipline concerned is satisfied that the candidate has adequate time to pursue supervised research under the control of the University, by half-time study. Except in

circumstances approved by the University, the work for the degree shall be completed and the thesis submitted:

- a. in the case of a full-time candidate, not less than 1 year nor more than 1 year from the date of commencement of candidature
- b. in the case of a half-time candidate, not less than 2 years nor more than 4 years from the date of commencement of candidature
- c. in the case of a candidate granted credit under Rule 5.1, the candidature shall normally expire:
  - i. in the case of a full-time candidate, not less than 1 year and not more than 2 years from the date the candidate commenced work in the other program  
or
  - ii. in the case of a half-time candidate, not less than 2 years and not more than 4 years from the date the candidate commenced work in the other program.

## 8 Work for the Degree

- 8.1 A candidate shall pursue an approved program of study and research under the control of the University and under the general guidance of supervisors appointed by the University whilst at all times abiding by the *Australian Code for the Responsible Conduct of Research* and associated policies of the University of Adelaide.
- 8.2 Candidates may proceed to the Master of Clinical Science by:
  - a. 100% research leading to the generation of a thesis that will comprise 100% of the assessable content of the degree
  - b. mixed research and coursework leading to:
    - i. the generation of a thesis that will comprise two thirds of the assessable content of the degree  
and
    - ii. the completion of 15 credit point units of coursework as detailed in Academic Program Rule 7.7, which will comprise one third of the assessable content of the degree.
- 8.3 Domestic students may elect to proceed to the Master of Clinical Science by mixed research and coursework.
- 8.4 International students must proceed to the Master of Clinical Science by 100% research unless the University has granted exemption from all of the compulsory core courses specified in Rule 8.7a.

8.5 Transfer from the 100% research Master of Clinical Science to the mixed research and coursework Master of Clinical Science, or vice versa, will not normally be permitted after the first 6 months of candidature or half-time equivalent.

8.6 Where a candidate is proceeding to the degree by 100% research, any courses taken by the candidate, up to the value of 15 units, will not be considered in the assessment for the degree. Such courses will not be formally enrolled in or assessed, or, will be completed on a non-award basis.

8.7 A candidate who is proceeding to the Master of Clinical Science by mixed research and coursework may, subject to Faculty approval, select courses with a minimum value of 15 units from:

- a. Compulsory core courses (international candidates only)
  - EDUC 7058 Research Processes ..... 3
  - EDUC 7054 Research Design ..... 3
  - EDUC 7055 Research Communication ..... 3
- b. any relevant Master by Coursework courses of 6 units or less listed in the Calendar  
and / or
- c. any relevant Honours courses listed in the Calendar.

8.8 All courses undertaken by a candidate in the mixed research and coursework Master of Clinical Science will be assessed using the University's standard grading scheme; however, coursework marks, with the exception of a failing grade, will be officially withheld until thesis submission.

8.9 Courses cannot be repeated or replaced in the case of failure except on a fee paying basis.

8.10 Where a candidate is proceeding to the degree by mixed research and coursework, he / she shall be required to pass both the coursework and thesis components independently and, all coursework requirements must be completed to the satisfaction of the Faculty / School before the Master of Clinical Science thesis is submitted to the Adelaide Graduate Centre for examination.

8.11 A Master of Clinical Science thesis will be prepared in accordance with the University's *Specifications for Thesis* for the current year.

8.12 All work presented in the thesis (including any publications) must have been undertaken during the period of candidature.

8.13 Irrespective of the format of the thesis, its content, in part or in total, must not have been accepted for any other degree in the name of the candidate at the University of Adelaide or other academic institution.

- 8.14 There is no exit point to a coursework outcome e.g. Graduate Diploma or Certificate or transfer of coursework credit from the Master of Clinical Science to a Coursework Program. Candidates who seek these options must enrol in a Coursework Program from commencement.
- 8.15 The candidate shall present the context and importance of the research at a School / Discipline seminar prior to thesis submission.

## 9 Academic Progress Milestones

- 9.1 Each candidate's academic progress will be formally reviewed at least once every twelve months.
- 9.2 Each candidate will complete a series of milestones, the core content and timing of which will be in accordance with the details and schedule specified in the Research Student Handbook; Schools may include additional discipline specific requirements.
- 9.3 Milestones will normally include:
- the Adelaide Graduate Centre induction program and area induction
  - the core component of the structured program, including the completion and presentation of the research proposal and, in the case of international research candidates, the integrated bridging program - research
  - a major review of progress
  - annual reviews of progress in each calendar year following the year of enrolment
  - minor reviews of progress in each calendar year following the year of enrolment (remote candidates only)
  - a pre-submission review (where required by the Faculty) and
  - the development component of the structured program, including at a minimum any courses, activities and skills training deemed necessary by the School / Discipline. Where completion of courses, up to the value of 15 units, is required by the School / Discipline, or desired by the candidate, the courses will not be formally enrolled in or assessed, or, will be completed on a non-award basis.
- 9.4 Candidates whose provisional candidature is extended following a major review of progress (for up to six months in total) will undergo an extended major review at the end of this period.
- 9.5 The major review of progress referred to in 9.3c above will recommend confirmation of candidature, or, a further period of conditional

candidature not exceeding 6 months, or termination.

- 9.6 Candidates granted a further period of conditional enrolment will undergo an extended major review at the end of this time period. No further periods of conditional enrolment will be permitted.
- 9.7 Milestones may be varied from time to time by approval of the Research Education and Development Committee.
- 9.8 Re-enrolment and the continuation of scholarship payments (where applicable) are conditional upon:
- satisfactory progress being achieved in all reviews of progress undertaken in the preceding year and
  - completion of all required milestones.

## 10 Program Transfer

- 10.1 Transfer to the Doctor of Philosophy may be approved after twelve months of candidature or part-time equivalent subject to the following conditions:
- having met the admission requirements for the Doctor of Philosophy at the time of enrolment into the Master of Clinical Science
  - satisfactory completion of the major review of progress
  - approval of the application to upgrade candidature by the Faculty and the University.
- 10.2 Transfer to the Doctor of Philosophy may be approved after eighteen months of candidature or part-time equivalent subject to the following conditions:
- satisfactory completion of the major review of progress
  - approval of the application to upgrade candidature by the Faculty and the University.
- 10.3 The Faculty and the University will normally only approve a candidate for transfer to the Doctor of Philosophy where:
- there is evidence of research output, such as publications, refereed conference papers, scholarly works and creative arts and
  - a revised research proposal for the Doctor of Philosophy which can be reasonably completed in 3-4 years (less the time already spent in the Master candidature) has been provided.
- 10.4 The approval of the Dean of Graduate Studies will be required for transfer to the Doctor of Philosophy under any other circumstances.

## 11 Remote Candidature

- 11.1 Initial enrolment as a remote candidate may be permitted on academic grounds where the School / Discipline concerned can ensure the provision of external supervision, facilities and affiliation to the satisfaction of the University.
- 11.2 Unless otherwise exempted, a remote candidate will normally be required to complete a period(s) of residence in the University of Adelaide as determined by the University in consultation with the School / Discipline concerned.
- 11.3 Notwithstanding Rule 11.2, a remote candidate will normally be required to undertake his / her candidature in an internal attendance mode until such time as the Core Component of the Structured Program has been completed.
- 11.4 In accordance with Rule 7.1, a remote candidate may proceed to the degree either by full-time or half-time study.
- 11.5 On the recommendation of the School / Discipline, the University at any time may permit a candidate to study as a remote candidate subject to the conditions specified in Rules 11.1, 11.2 and 11.3 above.
- 11.6 A remote candidate may be permitted to convert to an internal mode of attendance at any time and shall be subject to the conditions normally applied.
- 11.7 Notwithstanding Rules 11.1–11.4 above, remote candidates are also required to abide by the other Academic Program Rules and guidelines for the degree of Master of Clinical Science.

## 12 Joint Candidature

- 12.1 Enrolment as a joint candidate may be permitted where a program of cooperation has been formally agreed between the University of Adelaide and another institution for jointly awarded degrees.
- 12.2 When it is proposed that the candidate spend the majority of candidature away from Adelaide, the University must approve conditions as in 11.1.
- 12.3 Upon successful completion of the work for the degree, the badges of both institutions may appear on the parchment awarded, or both institutions may each award a parchment bearing their own badge which cross references the other institution.

## 13 Absence from the University

Except for remote candidates, the University, on the recommendation of the School / Discipline concerned, may permit a candidate to pursue away from the University work connected with the research for the degree. Such permission may only be granted under

special circumstances during provisional candidature.

## 14 Leave of Absence

- 14.1 Subject to Academic Program Rule 14.2, a candidate whose work is interrupted for a period of time may be granted cumulative leave by the University of up to 12 months. If an application for leave is approved, the minimum and maximum periods specified in Rule 7 will be adjusted accordingly by adding the length of the approved leave.
- 14.2 Except in exceptional circumstances, candidates may not take leave:
- during the twelve months immediately prior to their candidature expiry date or
  - during an extension of candidature or
  - during a candidature that has been reactivated for 12 months, following determination by the University that the candidate be not awarded the degree but be permitted to re-submit the thesis in a revised form.
- 14.3 In exceptional circumstances, the University may grant a candidate cumulative leave in excess of 12 months. Where a candidate is granted this exceptional leave, the University will endeavour to ensure, but cannot guarantee, that appropriate supervision and resources will be available to support the candidate on return from leave.
- 14.4 In some fields of study, time plays a critical role in the currency of the research. In such cases, the research project may no longer be current following leave and the University may not be able to secure supervision in an area where currency is compromised. Additionally, the University may not be able to accommodate an amendment to the research project. Under these circumstances, continuation of candidature may not be possible and the only options will be:
- withdrawal by the candidate or
  - termination of candidature by the University.
- 14.5 The candidature of a student who takes leave from the University without approval will be suspended immediately, on notification of the Adelaide Graduate Centre.
- 14.6 A candidate granted leave must inform the Adelaide Graduate Centre in writing of resumption of candidature within 2 weeks of the approved date of return.
- 14.7 A candidate seeking to extend a period of leave must apply in writing for an extension of leave at least 1 week prior to the originally approved date of return.

## 15 Withdrawal from Candidature

- 15.1 A candidate may withdraw from candidature at any time.
- 15.2 Candidature may be reinstated at a future date without academic consequences, subject to the continuing currency of the research undertaken prior to withdrawal and the currency of the research skills of the candidate. The approval of the Head of School and the ongoing availability of appropriate supervision and resources are also required.

## 16 Suspension of Candidature

- 16.1 Candidature may be suspended for failure to comply with any formal requirement of candidature, including:
- failing to abide by the responsibilities of research candidates as detailed in the Research Student Handbook
  - failing to undertake a required review of progress by the due date or extended due date
  - failing to respond to any University correspondence sent to the nominated mailing address or campus email address by the requested date of response
  - failing to accept reasonable offers of supervision facilitated by the University
  - taking leave without prior approval
  - failing to return from leave on the agreed date
  - failing to notify the Adelaide Graduate Centre of return from leave within 2 weeks of return  
and
  - non-payment of University fees and charges.
- 16.2 Following suspension, a student's candidature will only be reinstated with the approval of the Head of School where:
- the reason for the suspension has been addressed as specified in the Research Student Handbook
  - the research undertaken prior to the suspension remains current and
  - appropriate supervision and resources are available to support the reinstated candidature.

## 17 Termination of Candidature

- 17.1 The University may review the progress of a candidate at any time during the program of candidature and, if the candidate's progress is unsatisfactory, may terminate the candidature.

17.2 The University may terminate the candidature following a 12 month period of suspension for any of the reasons outlined in Academic Program Rule 16 above.

17.3 Candidature may be terminated when the University at its sole discretion reserves the right to decline to appoint a supervisor where to do so would not be appropriate. Without limiting this discretion above the University may consider the following in making a determination: supervisory eligibility and capacity, the quality of the research project and compliance with the responsibilities of research candidates as detailed in the Research Student Handbook.

17.4 A terminated candidature may only be reinstated following a successful appeal.

## 18 Extension of Candidature

Irrespective of full-time or half-time status, a candidate may be granted by the University one extension of candidature only of 6 months beyond the maximum period specified in Rule 7. If the thesis has not been submitted by the end of the extended period, the candidature will lapse.

## 19 Completion of Thesis Outside the University

A candidate who has completed the equivalent of 1 year of full-time work under the control of the University, who has completed the experimental work (where appropriate) and whose progress is sufficiently well advanced to permit the satisfactory completion of the thesis outside the University, may be granted permission by the University to complete the writing up of the thesis outside the University. If such permission is granted the candidate will be allowed either 12 months or until the end of candidature, whichever is the lesser, to submit the thesis. If the thesis has not been submitted by the end of the writing up period the candidature will lapse.

## 20 Lapsed Candidature

20.1 Candidature shall be deemed to have lapsed on the candidature expiry date where the candidate has not submitted for examination the thesis required under Rule 8.2.

20.2 A candidature, which has lapsed for not more than 12 months, may be resumed if the completed thesis, which has not departed from the field of study that was being pursued before the candidature lapsed, is subsequently submitted to the Director of the Adelaide Graduate Centre. The thesis will only be accepted for examination if the School / Discipline certify that it is satisfactory to that School / Discipline.

20.3 Approval of the University is required for the resumption of a lapsed candidature under any other conditions.

## 21 Intention to Submit Thesis

A candidate shall notify the Director of the Adelaide Graduate Centre, in writing, approximately 3 months before he / she expects to submit a thesis for examination. A summary of the thesis, together with the proposed thesis title and abstract, shall be submitted at or prior to submission of the thesis.

## 22 Submission and Examination of the Thesis

22.1 On completion of the approved program of study and research, including all coursework requirements, a candidate shall submit a thesis for examination in accordance with the University's *Specifications for Thesis* for the current year.

22.2 The University recognises that a thesis may be prepared in a variety of formats that are influenced by the Discipline or the field of study. Approved thesis formats are detailed in the University's *Specifications for Thesis*. Candidates should consult their supervisor(s) before selecting an appropriate format.

22.3 The candidate's School must notify the Adelaide Graduate Centre at the time of thesis submission whether the thesis submitted comprises 100% or 67% of the assessable content of the degree.

22.4 The Head of School / Discipline shall certify that the thesis is worthy of examination.

22.5 Examiners of the Master of Clinical Science thesis will assess whether the candidate has demonstrated:

- a. a thorough understanding of the relevant methodology as demonstrated by a thorough critical review of the literature
- b. demonstrated competence through judicious selection and application of appropriate methods to yield meaningful results  
and
- c. demonstrated the capacity to evaluate critically these results and presented a clear and well written thesis in accordance with the stated objectives of the Master of Clinical Science degree (refer to Rule 3).

## 23 Appointment of Examiners

23.1 Candidates shall have the right, prior to the commencement of the examination process, to identify people they do not wish to examine their theses. Any such objections should be submitted to the Director of the

Adelaide Graduate Centre at the same time as the notification of intention to submit required under Rule 21. Such objections do not serve as a veto.

23.2 Taking account of any objections raised under Academic Program Rule 23.1 and the recommendations of the Head of the relevant School / Discipline, assessment of the thesis shall in every case be by no fewer than two examiners appointed by the University of whom:

- a. at least one shall be external to the University
- b. at least one shall be an academic member or affiliate of a tertiary institution.

23.3 The candidate's supervisors shall not be eligible to act as examiners.

23.4 The examiners shall be requested to report in English and in such form as the University will determine and to recommend one of each of the alternatives listed in Rule 24.1.

23.5 After consideration of the reports of the examiners, the University may appoint a third external examiner and / or an external arbitrator.

## 24 Examination Results

24.1 After consideration of the reports of the examiners, coursework results where applicable and such other information as it thinks fit, the University shall determine that:

- a. the candidate be awarded the degree of Master of Clinical Science unconditionally  
or
- b. the candidate be awarded the degree of Master of Clinical Science subject to the amendments specified in the examiners' reports  
or
- c. the candidate be not awarded the degree of Master of Clinical Science but be permitted to resubmit the thesis for re-examination in revised form  
or
- d. the candidate be not awarded the degree of Master of Clinical Science.

24.2 Where the University determines that the candidate be awarded the degree of Master of Clinical Science, the University shall also determine an overall grade.

24.3 In the case of a thesis presented for re-examination as provided for in Rule 24.1(c), the thesis will, as far as possible, be assessed by the original examiners.

24.4 A thesis submitted for re-examination must be presented in the same format as the thesis presented for the original examination.

- 24.5 A thesis presented for re-examination will not be submitted for further re-examination.
- 24.6 Examiners may if necessary request the University to grant an oral or viva examination to clarify points of the thesis or to satisfy themselves of the candidate's contribution to jointly authored works presented in the thesis.

## **25 Thesis Amendments following Examination**

- 25.1 The time limits for revision of the thesis are:
- 3 months where the examination result is to award the degree following corrections or revisions to be made to the satisfaction of the University (see Rule 24.1(b)) and
  - 12 months where the examination result is not to award the degree but to permit re-submission of the thesis in a revised form (see Rule 24.1(c)).
- 25.2 Candidates who require additional time to complete revisions must apply to the Dean of Graduate Studies for permission, stating the reasons for the request. The request should be approved by the principal supervisor and the Head of School / Discipline or the Postgraduate Coordinator.

## **26 Deposit of Thesis**

Such number of copies of a thesis and any other material on which the degree is awarded shall be deposited in the University Library or elsewhere as determined by the University.

Unless otherwise determined by the University, the copies shall be available for loan and photocopy.

## **27 Loan or Photocopy of Thesis**

A candidate who does not wish to allow the thesis to be lent or photocopied when it is deposited in the Library under Rule 26 shall make a written application to the Director of Adelaide Graduate Centre, at the same time as he / she notifies his / her intention to submit under Rule 21. The withholding of such permission and the period of time involved shall be determined by the University.

## **28 Graduation**

Subject to Chapter 89 of the Statutes, candidates who have satisfied the requirements for any award of the University shall be admitted to that award.

## **29 Posthumous Award**

If a person dies after completing, or in the opinion of the University, substantially completing the requirements of the award, the University may confer the award posthumously.

## **30 Revoking the Award**

If the University is satisfied that, when the Master of Clinical Science was conferred on a person, and that person was subsequently found to have breached ethical requirements, e.g. they:

- did not possess the relevant qualifications,
- or
- had not completed the necessary requirements,

the Vice-Chancellor and President with authority devolved to him / her by Council may revoke the award.

Upon revocation, the person is taken never to have received the award.

## **31 Return of Documents**

If requested by the Dean of Graduate Studies, the recipient of a Master of Clinical Science must deliver to the University all documents certifying or evidencing the award.

## **32 General**

When, in the opinion of the University, special circumstances exist, the University, on the recommendation of the relevant Faculty in each case, may vary any of the provisions in Rules 1–31 above.

# Doctorate Degrees by Research

## Professional Doctorates

### Doctor of Nursing (DN)

These Program Rules should be read in conjunction with the University's policies (<http://www.adelaide.edu.au/policies>) and the Research Student Handbook (<http://www.adelaide.edu.au/graduatecentre/handbook/>).

#### **1 General**

This document must be read in conjunction with:

- a. the General Academic Program Rules for Professional Doctorate Degrees (see under Adelaide Graduate Centre) and
- b. the Research Student Handbook, published by the Adelaide Graduate Centre.

The Research Student Handbook explains the procedures to be followed by candidates and contains guidelines on research and supervision for research degrees offered by the University.

All candidates must comply with both the General Academic Program Rules for Professional Doctorate Degrees and the Rules following below, and the procedures detailed in the Research Student Handbook.

In addition to the General Academic Program Rules for Professional Doctorate Degrees in this publication, the following Specific Program Rules apply to the Doctor of Nursing.

#### **2 Duration of Candidature**

The normal program duration for the Doctor of Nursing will be 3 years of full-time equivalent (FTE) study.

#### **3 Work for the Degree**

A doctoral portfolio must comprise three related research projects, relevant to the candidate's field of professional practice.

# Doctor of Philosophy

## Doctor of Philosophy / Master of Psychology (Clinical) (PhD MPsych(Clin))

These Program Rules should be read in conjunction with the University's policies (<http://www.adelaide.edu.au/policies>) and the Research Student Handbook (<http://www.adelaide.edu.au/graduatecentre/handbook/>).

### 1 General

This document should be read in conjunction with:

- a. The rules for the Doctor of Philosophy (see under Adelaide Graduate Centre) and
- b. The Research Student Handbook, published by the Adelaide Graduate Centre.

The Research Student Handbook explains the procedures to be followed by candidates and contains guidelines on research and supervision for research degrees offered by the University.

All candidates must comply with both the rules for the Doctor of Philosophy and the specific rules for the Doctor of Philosophy / Master of Psychology (Clinical) following below, and the procedures detailed in the Research Student Handbook.

In the event of any conflict between the rules for the Doctor of Philosophy and the Specific Program Rules for the Doctor of Philosophy / Master of Psychology (Clinical), the Specific Program Rules will always take precedence.

### 2 Academic Program Rules for Doctor of Philosophy / Master of Psychology (Clinical)

There shall be a Doctor of Philosophy / Master of Psychology (Clinical) degree program.

### 3 Admission

- 3.1 Acceptance of a candidate in the Doctor of Philosophy / Master of Psychology (Clinical) degree program will also require selection based on the usual entry criteria for the Doctor of Philosophy.
- 3.2 Acceptance of a candidate in the Doctor of Philosophy / Master of Psychology (Clinical) degree program will also require selection based on the usual entry criteria for the Master of Psychology (Clinical) program which includes referee reports and a structured interview to assess suitability for the profession.
- 3.3 Entry into the Master of Psychology (Clinical) component of the program is conditional on satisfactory completion of the first two

years or part-time equivalent of the Doctor of Philosophy. Candidates who do not meet this criterion will be required to transfer to a research only program.

- 3.4 Acceptance into the degree of Doctor of Philosophy / Master of Psychology (Clinical) is subject to obtaining clearance in the form of a Criminal History Clearance as reasonably directed by the Psychology Board of Australia.
- 3.5 The Doctor of Philosophy / Master of Psychology (Clinical) is not available to international students.

### 4 Credit for Work Previously Completed

- 4.1 The Faculty may grant such status for other studies undertaken in the University or other institutions in any course as it may determine up to a maximum of 9 units, provided that any such course has not been presented for another degree.
- 4.2 Credit may be granted for research undertaken in another program in the University or in another university or tertiary institution in accordance with the rules for the Doctor of Philosophy.
- 4.3 For candidates enrolled in the Doctor of Philosophy / Master of Psychology (Clinical):
  - a. any credit granted will reduce the Research Training Scheme and / or candidature expiry dates
  - b. where the candidate is a scholarship holder, scholarship expiry dates will be reduced in parallel. Therefore, credit granted must be approved by the Adelaide Graduate Centre to permit for the relevant adjustments to be made
  - c. courses cannot be repeated or replaced in the case of failure except on a fee paying basis
  - d. there can be no exit point to a coursework outcome e.g. transfer into the Master of Psychology (Clinical).

### 5 Duration of Candidature and Mode of Study

A candidate may proceed to the degree by full-time study or, if the Head of the School is satisfied that the candidate has adequate

time to pursue supervised research under the control of the University, by half-time study. Except in circumstances approved by the University, all coursework, placements and the research thesis shall normally be completed and the thesis submitted within the usual timeframes required for the Doctor of Philosophy.

## 6 Work for the Degree

- 6.1 Unless exempted by the Faculty, all candidates will satisfactorily complete compulsory courses to the value of 30 units, three placements totalling 1000 hours as mandated by accreditation requirements, and a PhD research thesis.
- 6.2 Any compulsory courses which are not completed to the satisfaction of the Faculty must be re-taken on a non-award basis.
- 6.3 Academic program

Unless exempted by the Faculty of Health Sciences, every candidate for the Doctor of Philosophy / Master of Psychology (Clinical) degree shall satisfactorily complete the following three components:

### Compulsory Courses

PSYCHOL 7131 Interviewing & Intervention.....	3
PSYCHOL 7132 Psychological Assessment .....	3
PSYCHOL 7133 Abnormal Psychology .....	3
PSYCHOL 7134 Health Psychology .....	3
PSYCHOL 7135 Clinical Neuropsychology & Disability.....	3
PSYCHOL 7136 Advanced Child & Adult Intervention .....	3

### Placements

All placements are compulsory:

PSYCHOL 7141 Master of Psychology (Clinical) Placement I .....	3
PSYCHOL 7140 Master of Psychology (Clinical) Placement II.....	3
PSYCHOL 7143 Master of Psychology (Clinical) Placement III.....	6

### Research Thesis

PhD Research Project in Clinical Psychology.

## 7 Assessment

- 7.1 There shall be one of two systems of classification of pass in individual courses for the Doctor of Philosophy / Master of Psychology (Clinical) degree either Non Graded Pass; or Pass with High Distinction, Pass with Distinction, Pass with Credit, and Pass.
- 7.2 Attendance is required for at least 80% of the sessions in any compulsory or optional course. A candidate who fails to meet this requirement will be awarded the result of Fail unless there are extenuating circumstances.

- 7.3 On the completion of the approved program of study and research, a candidate shall submit a thesis embodying the results of that study and research.

## 8 Required Program of Activities at the Commencement of Candidature

- 8.1 The Structured Program will be determined by the School and in the first year will include the completion and presentation of the research proposal and other programs and skills training deemed necessary by the School including the successful completion of the topic PSYCHOL 7130 Evidence-based Practice, the completion of which is required to meet national accreditation guidelines.
- 8.2 The research proposal will be agreed and submitted to the Adelaide Graduate Centre preferably within nine, but no later than 12 months from the commencement of candidature.

## 9 Examination Results

- 9.1 After consideration of the reports of the examiners, the University shall determine that:
  - a. the thesis meets criteria for the Doctor of Philosophy and the candidate therefore be awarded the Doctor of Philosophy / Master of Psychology (Clinical) unconditionally
  - or
  - b. the thesis meets criteria for the Doctor of Philosophy and the candidate therefore be awarded the Doctor of Philosophy / Master of Psychology (Clinical) subject to the amendments specified in the examiners' reports
  - or
  - c. the thesis does not meet criteria for the Doctor of Philosophy and therefore the candidate be not awarded the Doctor of Philosophy / Master of Psychology (Clinical) but be permitted to resubmit the thesis for examination in a revised form
  - or
  - d. the candidate be not awarded the Doctor of Philosophy / Master of Psychology (Clinical).
- 9.2 In the event of an examination outcome of 9.1(d), providing that all coursework and placement requirements have been completed satisfactorily, the candidate may be permitted on the recommendation of the Head of the Discipline to re-enrol in the Master of Psychology (Clinical) and to present additional aspects of research to satisfy requirements for award of the Master of Psychology (Clinical) degree.

# Doctor of Philosophy / Master of Psychology (Health) (PhD MPsych(Hlth))

These Program Rules should be read in conjunction with the University's policies (<http://www.adelaide.edu.au/policies>) and the Research Student Handbook (<http://www.adelaide.edu.au/graduatecentre/handbook/>).

## 1 General

This document should be read in conjunction with:

- a. The rules for the Doctor of Philosophy (see under Adelaide Graduate Centre) and
- b. The Research Student Handbook, published by the Adelaide Graduate Centre.

The Research Student Handbook explains the procedures to be followed by candidates and contains guidelines on research and supervision for research degrees offered by the University.

All candidates must comply with both the rules for the Doctor of Philosophy and the specific rules for the Doctor of Philosophy / Master of Psychology (Health) following below, and the procedures detailed in the Research Student Handbook.

In the event of any conflict between the rules for the Doctor of Philosophy and the Specific Program Rules for the Doctor of Philosophy / Master of Psychology (Health), the Specific Program Rules will always take precedence.

## 2 Academic Program Rules for Doctor of Philosophy / Master of Psychology (Health)

There shall be a Doctor of Philosophy / Master of Psychology (Health) degree program.

## 3 Admission

- 3.1 Acceptance of a candidate in the Doctor of Philosophy / Master of Psychology (Health) degree program will also require selection based on the usual entry criteria for the Doctor of Philosophy.
- 3.2 Acceptance of a candidate in the Doctor of Philosophy / Master of Psychology (Health) degree program will also require selection based on the usual entry criteria for the Master of Psychology (Health) program which includes referee reports and a structured interview to assess suitability for the profession.
- 3.3 Entry into the Master of Psychology (Health) component of the program is conditional on satisfactory completion of the first two years or part-time equivalent of the Doctor of Philosophy. Candidates who do not meet

this criterion will be required to transfer to a research only program.

- 3.4 Acceptance into the degree of Doctor of Philosophy / Master of Psychology (Health) is subject to obtaining clearance in the form of a Criminal History Clearance as reasonably directed by the Psychology Board of Australia.
- 3.5 The Doctor of Philosophy / Master of Psychology (Health) is not available to international students.

## 4 Credit for Work Previously Completed

- 4.1 The Faculty may grant such status for other studies undertaken in the University or other institutions in any course as it may determine up to a maximum of 9 units, provided that any such course has not been presented for another degree.
- 4.2 Credit may be granted for research undertaken in another program in the University or in another university or tertiary institution in accordance with the rules for the Doctor of Philosophy.
- 4.3 For candidates enrolled in the Doctor of Philosophy / Master of Psychology (Health):
  - a. any credit granted will reduce the Research Training Scheme (RTS) and / or candidature expiry dates
  - b. where the candidate is a scholarship holder, scholarship expiry dates will be reduced in parallel. Therefore, credit granted must be approved by the Adelaide Graduate Centre to permit for the relevant adjustments to be made
  - c. courses cannot be repeated or replaced in the case of failure except on a fee paying basis
  - d. there can be no exit point to a coursework outcome e.g. transfer into the Master of Psychology (Health).

## 5 Duration of Candidature and Mode of Study

A candidate may proceed to the degree by full-time study or, if the Head of the School is satisfied that the candidate has adequate time to pursue supervised research under the control of the University, by half-time study. Except in circumstances approved by the University, all coursework, placements and the research thesis shall normally be

completed and the thesis submitted within the usual timeframes required for the Doctor of Philosophy.

## 6 Work for the Degree

- 6.1 Unless exempted by the Faculty, all candidates will satisfactorily complete compulsory courses to the value of 30 units, three placements totalling 1000 hours as mandated by accreditation requirements, and a PhD research thesis.
- 6.2 Any compulsory courses which are not completed to the satisfaction of the Faculty must be re-taken on a non-award basis.
- 6.3 Academic program

Unless exempted by the Faculty of Health Sciences, every candidate for the Doctor of Philosophy / Master of Psychology (Health) degree shall satisfactorily complete the following three components:

### Compulsory Courses

PSYCHOL 7231 Interviewing & Intervention.....	3
PSYCHOL 7232 Psychological Assessment .....	3
PSYCHOL 7233 Abnormal Psychology .....	3
PSYCHOL 7234 Health Psychology .....	3
PUB HLTH 7075 Introduction to Epidemiology .....	3
PUB HLTH 7076 Health Policy & Public Health Interventions .....	3

### Placements

All placements are compulsory:

PSYCHOL 7241 Master of Psychology (Health) Placement I .....	3
PSYCHOL 7240 Master of Psychology (Health) Placement II .....	3
PSYCHOL 7243 Master of Psychology (Health) Placement III.....	6

### Research Thesis

PhD Research Project in Health Psychology.

## 7 Assessment

- 7.1 There shall be one of two systems of classification of pass in individual courses for the Doctor of Philosophy / Master of Psychology (Health) degree: either Non Graded Pass; or Pass with High Distinction, Pass with Distinction, Pass with Credit, and Pass.
- 7.2 Attendance is required for at least 80% of the sessions in any compulsory or optional course. A candidate who fails to meet this requirement will be awarded the result of Fail unless there are extenuating circumstances.
- 7.3 On the completion of the approved program of study and research, a candidate shall submit a thesis embodying the results of that study and research.

- 8.2 The research proposal will be agreed and submitted to the Adelaide Graduate Centre preferably within 9, but no later than 12 months from the commencement of candidature.

## 9 Examination Results

- 9.1 After consideration of the reports of the examiners, the University shall determine that:
  - a. the thesis meets criteria for the Doctor of Philosophy and the candidate therefore be awarded the Doctor of Philosophy / Master of Psychology (Health) unconditionally  
or
  - b. the thesis meets criteria for the Doctor of Philosophy and the candidate therefore be awarded the Doctor of Philosophy / Master of Psychology (Health) subject to the amendments specified in the examiners' reports  
or
  - c. the thesis does not meet criteria for the Doctor of Philosophy and therefore the candidate be not awarded the Doctor of Philosophy / Master of Psychology (Health) but be permitted to resubmit the thesis for examination in a revised form  
or
  - d. the candidate be not awarded the Doctor of Philosophy / Master of Psychology (Health).
- 9.2 In the event of an examination outcome of 9.1(d), providing that all coursework and placement requirements have been completed satisfactorily, the candidate may be permitted on the recommendation of the Head of the Discipline to re-enrol in the Master of Psychology (Health) and to present additional aspects of research to satisfy requirements for award of the Master of Psychology (Health) degree.

# Doctor of Philosophy / Master of Psychology (Organisational and Human Factors) (PhD MPsych(OrgHumFactors))

These Program Rules should be read in conjunction with the University's policies (<http://www.adelaide.edu.au/policies>) and the Research Student Handbook (<http://www.adelaide.edu.au/graduatecentre/handbook/>).

## 1 General

This document should be read in conjunction with:

- a. The rules for the Doctor of Philosophy (see under Adelaide Graduate Centre) and
- b. The Research Student Handbook, published by the Adelaide Graduate Centre.

The Research Student Handbook explains the procedures to be followed by candidates and contains guidelines on research and supervision for research degrees offered by the University.

All candidates must comply with both the rules for the Doctor of Philosophy and the specific rules for the Doctor of Philosophy / Master of Psychology (Organisational and Human Factors) following below, and the procedures detailed in the Research Student Handbook.

In the event of any conflict between the rules for the Doctor of Philosophy and the Specific Program Rules for the Doctor of Philosophy / Master of Psychology (Organisational and Human Factors), the Specific Program Rules will always take precedence.

## 2 Academic Program Rules for Doctor of Philosophy / Master of Psychology (Organisational and Human Factors)

There shall be a Doctor of Philosophy / Master of Psychology (Organisational and Human Factors) degree program.

## 3 Admission

- 3.1 Acceptance of a candidate in the Doctor of Philosophy / Master of Psychology (Organisational and Human Factors) degree program will also require selection based on the usual entry criteria for the Doctor of Philosophy.
- 3.2 Acceptance of a candidate in the Doctor of Philosophy / Master of Psychology (Organisational and Human Factors) degree program will also require selection based on the usual entry criteria for the Master of Psychology (Organisational and Human Factors) program which includes referee reports and a structured interview to assess suitability for the profession.

- 3.3 Entry into the Master of Psychology (Organisational and Human Factors) component of the program is conditional on satisfactory completion of the first two years or part-time equivalent of the Doctor of Philosophy. Candidates who do not meet this criterion will be required to transfer to a research only program.
- 3.4 Acceptance into the degree of Doctor of Philosophy / Master of Psychology (Organisational and Human Factors) is subject to obtaining clearance in the form of a Criminal History Clearance as reasonably directed by the Psychology Board of Australia.
- 3.5 The Doctor of Philosophy / Master of Psychology (Organisational and Human Factors) is not available to international students.

## 4 Credit for Work Previously Completed

- 4.1 The Faculty may grant such status for other studies undertaken in the University or other institutions in any course as it may determine up to a maximum of 9 units, provided that any such course has not been presented for another degree.
- 4.2 Credit may be granted for research undertaken in another program in the University or in another university or tertiary institution in accordance with the rules for the Doctor of Philosophy.
- 4.3 For candidates enrolled in the Doctor of Philosophy / Master of Psychology (Organisational and Human Factors):
  - a. any credit granted will reduce the Research Training Scheme (RTS) and/or candidature expiry dates
  - b. where the candidate is a scholarship holder, scholarship expiry dates will be reduced in parallel. Therefore, credit granted must be approved by the Adelaide Graduate Centre to permit for the relevant adjustments to be made
  - c. courses cannot be repeated or replaced in the case of failure except on a fee paying basis
  - d. there can be no exit point to a coursework outcome e.g. transfer into the Master of Psychology (Organisational and Human Factors).

## 5 Duration of Candidature and Mode of study

A candidate may proceed to the degree by full-time study or, if the Head of the School is satisfied that the candidate has adequate time to pursue supervised research under the control of the University, by half-time study. Except in circumstances approved by the University, all coursework, placements and the research thesis shall normally be completed and the thesis submitted within the usual timeframes required for the Doctor of Philosophy.

## 6 Work for the Degree

- 6.1 Unless exempted by the Faculty, all candidates will satisfactorily complete compulsory courses to the value of 30 units, three placements totalling 1000 hours as mandated by accreditation requirements, and a PhD research thesis.
- 6.2 Any compulsory courses which are not completed to the satisfaction of the Faculty must be retaken on a non-award basis.
- 6.3 Academic program

Unless exempted therefrom by the Faculty of Health Sciences, every candidate for the Doctor of Philosophy / Master of Psychology (Organisational and Human Factors) degree shall satisfactorily complete the following three components:

### Compulsory Courses

PSYCHOL 7331 Professional Practice.....	3
PSYCHOL 7332 Psychological Assessment .....	3
PSYCHOL 7333 Organisational Behaviour & Management .....	3
PSYCHOL 7334 Human Resource Management .....	3
PSYCHOL 7335 Contemporary Organisational Psychology .....	3
PSYCHOL 7336 Human Factors.....	3

### Placements

All placements are compulsory:

PSYCHOL 7341 Master of Psychology (O&HF) Placement I.....	3
PSYCHOL 7340 Master of Psychology (O&HF) Placement II.....	3
PSYCHOL 7343 Master of Psychology (O&HF) Placement III.....	6

### Research Thesis

PhD Research Project in Organisational Psychology.

## 7 Assessment

- 7.1 There shall be one of two systems of classification of pass in individual courses for the Doctor of Philosophy / Master of Psychology (Organisational and Human

Factors) degree: either Non Graded Pass; or Pass with High Distinction, Pass with Distinction, Pass with Credit, and Pass.

- 7.2 Attendance is required for at least 80% of the sessions in any compulsory or optional course. A candidate who fails to meet this requirement will be awarded the result of Fail unless there are extenuating circumstances.
- 7.3 On the completion of the approved program of study and research, a candidate shall submit a thesis embodying the results of that study and research.

## 8 Required Program of Activities at the Commencement of Candidature

- 8.1 The Structured Program will be determined by the School and in the first year will include the completion and presentation of the research proposal and other programs and skills training deemed necessary by the School including the successful completion of the topic PSYCHOL 7330 Evidence-based Practice, the completion of which is required to meet national accreditation guidelines.
- 8.2 The research proposal will be agreed and submitted to the Adelaide Graduate Centre preferably within 9, but no later than 12 months from the commencement of candidature.

## 9 Examination Results

- 9.1 After consideration of the reports of the examiners, the University shall determine that:
  - a. the thesis meets criteria for the Doctor of Philosophy and the candidate therefore be awarded the Doctor of Philosophy / Master of Psychology (Organisational and Human Factors) unconditionally  
or
  - b. the thesis meets criteria for the Doctor of Philosophy and the candidate therefore be awarded the Doctor of Philosophy / Master of Psychology (Organisational and Human Factors) subject to the amendments specified in the examiners' reports  
or
  - c. the thesis does not meet criteria for the Doctor of Philosophy and therefore the candidate be not awarded the Doctor of Philosophy / Master of Psychology (Organisational and Human Factors) but be permitted to resubmit the thesis for examination in a revised form  
or
  - d. the candidate be not awarded the Doctor of Philosophy / Master of Psychology (Organisational and Human Factors).

9.2 In the event of an examination outcome of 9.1(d), providing that all coursework and placement requirements have been completed satisfactorily, the candidate may be permitted on the recommendation of the Head of the Discipline to re-enrol in the Master of Psychology (Organisational and Human Factors) and to present additional aspects of research to satisfy requirements for award of the Master of Psychology (Organisational and Human Factors) degree.

## Higher Doctorate Degrees

### Doctor of Dental Science (DDSc)

See Adelaide Graduate Centre.

### Doctor of Health Sciences (DHlthSc)

See Adelaide Graduate Centre.
