Overview

The Bachelor of Arts is a flexible degree program that offers a wide choice of fields to study. It is for students interested in understanding the human condition in all its diversity, finding answers to important questions about human behaviour, cultures and history, and political problems. The program provides students with specialised and transferable skills such as effective communication and creative thinking, adaptability, problem solving and analysis, teamwork, research, and professional and ethical conduct. The program allows students to explore new or existing interests, and allows them to specialise in at least one major and a minor from a range of disciplines. It also includes the opportunity to learn one (or more) of eight languages, plus they can choose to build their cultural skills by studying a semester or two overseas. The degree is designed to build a student's capacity for lifelong learning beyond graduation. BA graduates consistently achieve positions of significance and influence in business, the community, and government and industry, and are ready to deal with different challenges and opportunities throughout their future careers in a range of exciting workplaces.

The Bachelor of Arts is an AQF Level 7 qualification with a standard full-time duration of 3 years.
